5. **Return to work and Retention rates of permanent employees and workers that took parental leave.**

Gender	Permanent employees		Permanent workers	
	Return to work rate	Retention rate	Return to work rate	Retention rate
Male	100%	100%	NA	NA
Female	100%	100%	NA	NA
Total	100%	100%	NA	NA

(This covers both Paternity & Maternity leaves)

6. **Is there a mechanism available to receive and redress grievances for the following categories of employees and worker? If yes, give details of the mechanism in brief.**

(If Yes, then give details of the mechanism in brief	
Permanent Workers	Not Applicable as no workmen under permanent category However, an grievance redressal mechanism is available for employees and workers. The system is designed to redress the grievance within a defined timeline of 14 working days. The grievances are resolved in fair and time bound manner maintaining utmost confidentiality.
Other than Permanent Workers	Yes. Workers that are engaged on contractual basis can report their grievances to their respective contractor representative or the company supervisor. The contractor is expected to take the required action to address the worker grievances, and if required, can raise the grievance to HR and respective functional heads.
Permanent Employees	Yes. Apart from the on-line grievance redressal platform, the Company also has a policy on prevention, prohibition and redressal of sexual harassment of women at the workplace and has Internal Complaints Committees (ICCs) in compliance with the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013. Members of the ICCs are responsible for conducting inquiries pertaining to such complaints. The Company, on a regular basis, sensitizes its employees on the prevention of sexual harassment at the workplace through workshops, group meetings, online training modules and awareness programs. www.adanipower.com/-/media/Project/Power/Investors/Corporate-Governance/Policies/Employee-Grievance-Management-Policy.pdf
Other than Permanent Employees	Yes. Suppliers, Consultants, Retainers, Clients or any other parties that are engaged on a project / periodic basis are governed by the terms & conditions of the contract. Grievances if any, can be raised with concerned HR Business Partners and respective functional heads.

7. **Membership of employees and worker in association(s) or Unions recognized by the listed entity:**

The Company does not have any employee associations. However, we recognize the right to freedom of association and does not discourage collective bargaining.

Category	FY 2023 – 24 (Current Financial Year)			FY 2022 – 23 (Previous Financial Year)

9. Details of performance and career development reviews of employees and worker:

We have a robust Performance Management process with an objective to establish utmost clarity in terms of the process to be followed at each step and what is expected from all the stakeholders involved. The process covers activities related to measuring performance of all employees as part of the year-end review, rating & promotion recommendation, moderation and individual feedback. We also have a performance review group (PRG) consisting of a group of people who discuss the performance and behavioral aspects of an individual.

All the employees undergo an annual performance appraisal process as determined by the Company.

Category	FY 2023 – 24 (Current Financial Year)			FY 2022 – 23 (Previous Financial Year)

10. Health and safety management system:

a. Whether an occupational health and safety management system has been implemented by the entity? (Yes/ No). If yes, the coverage such system?

Yes, The APL has adopted and implemented the Adani Group's Safety Management System framework by integrating all critical business activities and applying principles, processes in order to provide safe and healthy workplaces across all Company' establishments, prevent work related injury and ill health, minimize risks and continuously improve safety performance.

Eight major elements of Adani Safety Management System are on performance orientation, executive commitment, teamwork orientation, employee empowerment and enlistment, scientific decision making, continual improvement, comprehensive and ongoing training, and unity of purpose.

APL leadership is committed to the development, implementation, and continual improvement of Occupational Health & Safety, Objectives, Policy and goals. We believe that all injuries, occupational illnesses as well as incidents are preventable. At APL, during past few years we have enhanced our efforts on OHS through development of robust processes and governance in association with reputed safety consultant M/s. DuPont under Safety Culture Transformation Journey named Project Chetna to achieve excellence and benchmark in OHS performances.

Our health and safety priorities are articulated in our EHS Policy. With the overarching aim of 'Zero harm to life', our operations are certified with the ISO 45001 standard. Safety of our people is the utmost priority for Adani Power. We ensure several levels of checks and balances throughout the organisation, policies and management systems. Training and awareness raising sessions are in place with this regard.

All sites of APL have also linked Group Safety Management System with their existing Integrated Management System (IMS), e.g., ISO 14001 (EMS), and ISO 45001 (OHSMS).

b. What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity?

APL has established and aligned globally recognized high level Safety Intervention and Risk Assessment programs such as Safety Interaction (SI), Vulnerability Safety Risks (VSR), Safety Checks & Assurance (SCA), Site Risk Field Audits (SRFA), Process Hazard Analysis (PHA), and Pre-Startup Safety Review (PSSR) with Business specific Integrated Management System based Hazard Identification and Risk Assessment Process, (HIRA) and Job Safety Analysis (JSA). The Company has adopted this framework and the reporting businesses have developed an ecosystem of participative and consultative approach for engaging concerned stakeholders, including, employees, associates, and contract workmen.

The Company recognizes that the dynamic risks need to be managed and mitigated as per Hierarchy of Control to protect its stakeholders and achieve objective of Zero Harm with enablement of Sustainable Growth.

These interventions bring together an understanding of the potential upside and downside of all job and personal factors which can impact the organization with an objective to prevent injury, protect assets and add maximum sustainable value to all the activities and processes of the organization.

c. Whether you have processes for workers to report the work-related hazards and to remove themselves from such risks. (Y/N)

Yes, The APL established Concern / Hazard Reporting, Action employee can take (AECT), Incident Management and Investigation System for fair and transparent reporting of workrelated hazards and risks as unsafe Acts/ unsafe Conditions, near misses, injuries and illness and serious incidents. This is followed by a comprehensive Root Cause Failure Analysis (Investigation), formulation of corrective actions as per Hierarchy of Controls, its tracking and monitoring and subsequent closure.

The outcome and learnings from these events and incidents are deployed horizontally across the Group through a systemic process of 'Critical Vulnerable Factor' (CVF) as a part of Group Safety Governance Process. The progress on CVF is reviewed during Adani Apex Group Safety Steering Council Meetings as well as during their Business Safety Council Meetings.

To facilitate this, an advanced digital platform on OH&S Reporting has been deployed by APL. The Company access this platform through its machines as well as native and lite Mobile App version

d. Do the employees/ worker of the entity have access to non-occupational medical and healthcare services? (Yes/ No)

Yes, the employees and workers have access to non-occupational medical and healthcare services.

11. Details of safety related incidents, in the following format:

Safety Incident/Number	Category	Current FY (2023-24)	Previous FY (2022-23)
Lost Time Injury Frequency Rate (LTIFR) (per one million-person hours worked)	Employees	0	0.14
	Workers	0.15	0.02
Total recordable work-related injuries	Employees	0	1
	Workers	4	1
No. of fatalities	Employees	0	0
	Workers	1	1
High consequence work-related injury or ill-health (excluding fatalities)	Employees	0	0
	Workers	0	0

12. Describe the measures taken by the entity to ensure a safe and healthy workplace.

Health and Safety of our people is of utmost importance to us. To achieve this, we have adopted a shared responsibility approach, with increased engagements at all levels of workforce and strengthening the safety culture across all Company's site/locations. We are taking steps to reduce reportable incidents, minimize injuries and regularly monitor the safety performance of our sites.

Our occupational health and safety management system is also well aligned with Group's Safety framework and covers all employees, contractors, business associates, visitors and the community as well. In addition to that, a number of our sites across all Company's businesses are ISO 45001 (2018) certified.

As a part of our strategy to prevent health and safety related incidents, we have identified two focus areas which are contractor safety management (CSM) and operational discipline. CSM procedure provides support in manpower deployment whereas the operational discipline ensures that proper measures to eliminate hazards are taken at all our sites. Contractor Safety Management is well defined six step processes viz Pre-qualification - To Identify contractors compatible with owner operating safety principles, Contract Preparation - Develop contract package with specific language in the generic documents to clarify safety expectations for contracting needs, Contract Award - for effective review of contract safety specifications at bid meetings & pre-award meetings, Orientation & Training - 3 different level Safety Orientation (Generic, Area specific & Job Specific) Training with assessment, Managing the work (Safety Risk Field Audit (SRFA) with KPIs, Periodic / Contract closure evaluation. We have sets out requirement for evaluating and rewarding Contractors to ensure safety at the workplace. It will further result in development of an incident free work environment, by creating a systematic approach to manage contractors and making them aware of the risks associated with working on site.

All our employees and contractors are provided with appropriate PPEs and it is ensured that they are not negligent in using them. We are providing job related training to our employees to perform given task safely along with display of do's and don'ts at prominent locations of the sites. Beside this, we have stringent work permit system in place. Toolbox talks, task briefing, job specific training, job hazard analysis and mock drill help us in building safety culture within our sites/locations.

Mental and emotional health is a core part of our work culture. In view of this, an emotional wellness program was launched as part of Adani Care- Our integrated suite of health and well-being services and support platform. As an inclusive health service, the program offers professional and confidential counselling for our employees. Family member of our employee can also avail these services at any time of the day and in any location.

We also have various rewards and recognition programs in place to appraise the champions of safety working at Company's sites/locations.

13. Number of Complaints on the following made by employees and workers:

Category	Current FY (2023-24)			Previous FY (2022-23)		
	Filed during the year	Pending resolution at the end of year	Remarks	Filed during the year	Pending resolution at the end of year	Remarks
Working Conditions	0	0	NA	0	0	NA
Health & Safety	0	0	NA	0	0	NA

14. Assessments for the year:

	% of your plants and offices that were assessed (by entity or statutory authorities or third parties)
Health and safety practices	100%
Working Conditions	100%

(Note: All APL sites are certified ISO 45001:2018 by Third party)

15. Provide details of any corrective action taken or underway to address safety-related incidents (if any) and on significant risks / concerns arising from assessments of health & safety practices and working conditions.

All incidents are investigated thoroughly as per Group Safety Guidelines on Incident Reporting & Investigation and learning is shared across sites to ensure non-occurrence of the similar incidents. Also, employees and workers are encouraged to report maximum number of unsafe acts and conditions to eliminate such incidents.

Leadership Indicators

1. Does the entity extend any life insurance or any compensatory package in the event of death of (A) Employees (Y/N) (B) Workers (Y/N).

A. Yes, employees are covered under Death benevolent policy & Group personal accident policy.

B. Yes, Contract workers of Global Innovsource covered under Employ deposit link insurance & death compensatory package. Other contractor workers covered as per workmen compensation package.

2. Provide the measures undertaken by the entity to ensure that statutory dues have been deducted and deposited by the value chain partners.

The Company has adequate mechanisms to ensure that requisite statutory dues, as applicable to the transactions of the Company with its value chain partners, are deducted and deposited in accordance applicable regulations and reviewed as per regular audit processes. The Company also collects necessary certificates and proofs from its contractors with respect to payment of statutory dues relating to contractual employees and workers. The Company expects its value chain partners to behave ethically and with integrity in all its business transactions and uphold standards of fair business practices.

3. Provide the number of employees / workers having suffered high consequence work-related injury / ill-health / fatalities (as reported in Q11 of Essential Indicators above), who have been are rehabilitated and placed in suitable employment or whose family members have been placed in suitable employment

	Total no. of affected employees/workers		No. of employees/workers that are rehabilitated and placed in suitable employment or whose family members have been placed in suitable employment	
	FY 2023 – 24 (Current Financial Year)	FY 2022 – 23 (Previous Financial Year)	FY 2023 – 24 (Current Financial Year)	FY 2022 – 23 (Previous Financial Year)
Employees	0	1	0	0
Workers	5	1	0	0

4. Does the entity provide transition assistance programs to facilitate continued employability and the management of career endings resulting from retirement or termination of employment? (Yes/ No)

Not Applicable.

5. Details on assessment of value chain partners

	% of value chain partners (by value of business done with such partners) that were assessed
Health and safety practices	100%
Working Conditions	100%

(Direct suppliers of APL & contractors)

6. **Provide details of any corrective actions taken or underway to address significant risks / concerns arising from assessments of health and safety practices and working conditions of value chain partners.**

   As a part of our strategy to prevent health and safety related incidents, we have identified two focus areas which are contractor safety management (CSM) and operational discipline. CSM procedure provides support in manpower deployment whereas the operational discipline ensures that proper measures to eliminate hazards are taken at all our sites.

Principle 4: Businesses should respect the interests of and be responsive to all its stakeholders

1. **Describe the processes for identifying key stakeholder groups of the entity.**

   We believe that engagement with stakeholders is key to understanding their needs, working with them to minimize risks, maintaining social legitimacy, improving credibility, and gaining their trust.

   We identified our stakeholders as groups and individuals, who can influence or/ are impacted by our operations/ activities, change in technology, regulations, market, and societal trends either directly or indirectly which comprise of communities, employees, supply chain partners, customers, investors, regulators, and civil society organizations for all its operations. We commit to engage openly and authentically with our stakeholders to enhance cooperation and mutual support for a sustainable relationship.

2. **List stakeholder groups identified as key for your entity and the frequency of engagement with each stakeholder group.**

Stakeholder Group	Whether identified as Vulnerable & Marginalized Group (Yes/ No)	Channel of communication	Frequency of engagement (Annually/ Half yearly/ Quarterly / others – please specify)	Purpose and scope of engagement including key topics and concerns raised during such engagement
Employees	No	HR interactions, Performance management, Townhalls, announcements	Continual	HR policies, Career progression, trainings
Shareholders/ Investors	No	Email, Annual General Meetings, Quarterly/Annual results, Website information, Official press release	Regular/Need based	Business sustainability, economic performance
Customers	No	Regular customer's meet, Business Visits, Sales visit, Customer satisfaction Survey	Frequent, Need based	Quality, timely Delivery, Order placements
Suppliers	No	Regular supplier's meet, Suppliers Assessments, Seminars, Conferences	Continual	Quality, Sustainability, Cost
Regulators	No	Compliance meetings, Industry associations, Events, Telephonic, Video conferences and email communication	Continual, Need based	Compliance, Policy advocacy
Community and NGOs	Yes	Community meetings	Frequent and Need based	CSR, Education, Welfare
Media	No	Press Conferences, Telephonic and email communication	Continual, Need based	Outlook, announcements
Peers and Key Partners	No	Industry association, Events, and conferences	Need based	Knowledge sharing
Academics	No	Meetings, Visits, Academics related tours	Need based	Knowledge sharing, recruitments

Leadership Indicators

1. **Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the Board.**

   The company endeavours to incorporate sustainability aspects into all its systems and processes. Respective functional heads engage with the stakeholders on various topics and the relevant feedback from such consultation is provided to the Board for any concern related to economic, environmental, and social topics. Our mailing portal aids in addressing the concerns of our vendors and customers. Our employees use the grievance management system for raising their concerns and grievances which are addressed.

2. **Whether stakeholder consultation is used to support the identification and management of environmental, and social topics (Yes / No).**

   If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity.

   Yes, our material issues are identified based on our engagement with our stakeholders. We have set bold aspirations towards our sustainable journey and our sustainability goals.

3. **Provide details of instances of engagement with, and actions taken to, address the concerns of vulnerable/ marginalized stakeholder groups.**

   APL has various plants in several locations all around India, therefore we understand our responsibility to help the residents around these locations as well as reach out to the marginalized and Vulnerable communities in the respective areas. We ensure to defend their rights, interests, natural and cultural resources as well as give them resources to participate and benefit from development. We recognize the importance of gaining access to robust and quality medical services especially for the economically marginalized and vulnerable populations. Acknowledging this need, has worked towards heavily improving access to essential healthcare infrastructure and services. Mobile Health Care Unit & Health Check-up Camp in Government Schools are some of highlights from initiatives taken by us.

Principle 5: Businesses should respect and promote human rights

1. **Employees and workers who have been provided training on human rights issues and policy(ies) of the entity, in the following format:**

Category	FY 2023 – 24 (Current Financial Year)			FY 2022 – 23 (Previous Financial Year)		
	Total (A)	No. employees or workers covered (B)	% (B / A)	Total (C)	No. employees of workers covered (D)	% (D / C)
Employees						
Permanent	3295	297	9.01%	3295	2351	71%
Other than permanent	20	10	50.0%	18	5	27%
Total Employees	3315	307	9.26 %	3313	2356	71%

Category	FY 2023 – 24 (Current Financial Year)			FY 2022 – 23 (Previous Financial Year)		
	Total (A)	No. employees or workers covered (B)	% (B / A)	Total (C)	No. employees of workers covered (D)	% (D / C)
Workers						
Permanent	Nil	Nil	Nil	Nil	Nil	Nil
Other than permanent (outsourced)	Our approach to human rights is guided by our policy on Human Rights which is aligned to relevant national and international standards/protocols. We also have robust internal controls and procedures in place to ensure compliance with applicable labour laws including human rights. The said Human rights policy extends to our business partners who are responsible to ensure compliance with the same and make sure that the workforce employed at different Adani businesses are provided with relevant trainings to make them aware about their rights and obligations. The Company also has a Supplier Code of Conduct (SCC) that covers various human rights aspects; all procurement agreements of the Company with critical suppliers include conditions pertaining to labour standards and occupational health and safety. Although the Company at present does not have a structured system of monitoring the training hours for the contract manpower, however, they are trained and sensitized about human rights through initiatives on labour practices and CSR activities. We are also working on to further strengthen our existing approach to human rights training and engagement including setting up a digital platform for better tracking and recording of hours of trainings conducted on ESG including human rights for different category of employees including workers.					

(workers include skilled semi-skilled & un-skilled out sourced contract labor)

Note: As a part of our learning and development strategy we ensure that all the employees have access to Human Rights training and there are e-modules on the relevant topics in the learning management tools. The onboarding exercise for all new employees includes Human Rights awareness as part of their induction session. This induction session is held on monthly basis and focuses on aspects of POSH, and Code of Conduct. While the training on different elements of human rights is covered under various awareness and training program organized by the company, we are further strengthening our existing approach to human rights training and engagement including setting up a digital platform for better tracking and recording of hours of trainings conducted on ESG including human rights for different category of employees including workers.

2. Details of minimum wages paid to employees and workers, in the following format:

Category	FY 2023 – 24 (Current Financial Year)					FY 2022 – 23 (Previous Financial Year)				
	Total (A)	Equal to Minimum Wage		More than Minimum Wage		Total (D)	Equal to Minimum Wage		More than Minimum Wage	
		No. (B)	%(B/A)	No. (C)	%(C/A)		No. (E)	%(E/D)	No. (F)	%(F/D)
Employees & Workers										
Permanent										
Male	3274	0	0	3274	100%	3541	0	0	3541	100%
Female	41	0	0	41	100%	19	0	0	19	100%
Other than Permanent										
Male	853	0	0	853	100%	0	0	0	0	0
Female	09	0	0	09	100%	0	0	0	0	0

(Note: Permanent includes only on-roll employees. Other than permanent includes 21 FTA+ 539 contract workers of Global Innovsource)

The wage rates in scheduled employments differ across states, sectors, skills, regions, and occupations owing to various factors. Hence, there is no single uniform minimum wage rate across the country and the revision cycle differs for each state. However Minimum wages are paid and adhered to by the Company as per the minimum wage notification issued by the respective Central and State bodies for different establishments under the Minimum Wages Act and Rules.

3. Details of remuneration/salary/wages, in the following format:

a. Median remuneration / Wages:

	Male		Female	
	Number	Median remuneration/ salary/ wages of respective category	Number	Median remuneration/ salary/ wages of respective category
Board of Directors* (BoD)	4	0	2	0
Key Managerial Personnel	3	5.37 Cr.	0	0
Employees other than BoD and KMP	3,312	0.12 Cr.	41	0.07 Cr.
Workers#	853	0.04 Cr.	9	0.03 Cr.

*The Directors do not draw any salary/ commission, except for sitting fees, as disclosed in the Corporate Governance Report, which is part of this Integrated Report.

#Workers doesn't include Contractual workers

b. Gross wages paid to females as % of total wages paid by the entity, in the following format:

	FY 2023 – 24 (Current Financial Year)	FY 2022 – 23 (Previous Financial Year)
Gross wages paid to females as % of total wages	0.64%	0.30%

4. Do you have a focal point (Individual/ Committee) responsible for addressing human rights impacts or issues caused or contributed to by the business? (Yes/No)

Yes.

5. Describe the internal mechanisms in place to redress grievances related to human rights issues.

Standing forums have been constituted, at the Group Level, Company Level and its subsidiary level, that aids and advises the management in its approach towards building sustainable Human Rights. Business HR is responsible to ensure that any issue or impact related to human rights is addressed in the defined manner withing the stipulated timeline.

6. Number of Complaints on the following made by employees and workers:

	FY 2023 – 24 (Current Financial Year)			FY 2022 – 23 (Previous Financial Year)		
	Filed during the year	Pending resolution at the end of year	Remarks	Filed during the year	Pending resolution at the end of year	Remarks
Sexual Harassment	01	0	Hostile work environment	NIL	NIL	NIL
Discrimination at workplace	NIL	NIL	NIL	NIL	NIL	NIL
Child Labour	NIL	NIL	NIL	NIL	NIL	NIL
Forced Labour / Involuntary Labour	NIL	NIL	NIL	NIL	NIL	NIL
Wages	NIL	NIL	NIL	NIL	NIL	NIL
Other human rights related issues	NIL	NIL	NIL	NIL	NIL	NIL

7. Mechanisms to prevent adverse consequences to the complainant in discrimination and harassment cases.

The POSH policy has the mechanism for addressing complaints pertaining to sexual harassment. All complaints related to sexual harassment are taken up by the Internal Complaint Committees (ICCs), which are governed under strict confidentiality and there are defined procedures to protect complainant from any retaliatory actions.

Any employee can grievances through the online grievance portal. The system is designed to redress the grievance within a defined timeline of 14 working days. The grievances are resolved in fair and time bound manner maintaining utmost confidentiality. However, 1 case of harassment and discrimination was reported during the financial year 2023 – 24.

8. Do human rights requirements form part of your business agreements and contracts? (Yes/No)

Yes, The Human rights related requirements are covered as a part of the vendor onboarding process through ARIBA portal (ARIBA is IT enabled sourcing portal).

9. Assessments for the year:

We have defined systems for ensuring compliance with regulatory requirements. There is a Code of Conduct for employees and Suppliers' Code of Conduct to ensure conformity with business ethics and human rights requirements. Also, the human rights criteria are screened through online ARIBA portal during vendor onboarding process.

In addition, we review compliance with these requirements during contract execution. In all our business units, it is mandatory to check the age proof documents at the time of recruitment to prevent employment of child labour and during the induction session essential business ethics and human rights related aspects are covered for creating awareness among employees.

	% of your plants and offices that were assessed (by entity or statutory authorities or third parties)
Child labour	100%
Forced/involuntary labour	100%
Sexual harassment	100%
Discrimination at workplace	100%
Wages	100%
Others – please specify	100%

(Assessment carried out by statutory authorities)

10. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 9 above.

Not Applicable.

11. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 10 above.

Leadership Indicators

1. Details of a business process being modified / introduced as a result of addressing human rights grievances/ complaints.

No - Not applicable

2. Details of the scope and coverage of any Human rights due diligence conducted.

APL have developed a code of conduct and every employee needs to adhere to it. Under employees' code of conduct, there are many human rights issues noted such as anti-bribery, anti-corruption, etc. We also have a dedicated Human Rights policy wherein we have shown our commitment towards Human Rights and its Due Diligence. We have committed to conduct continuous Human Rights Due Diligence (HRDD) in our process which means to identify and assess potential impacts of our activities on Human Rights before undertaking a new activity or business relationship, and when operational changes occur. We also take appropriate prevention and mitigation measures and monitor the effectiveness of the same. Based on internationally recognized standards of decent work, including the Universal Declaration of Human Rights and ILO conventions, SA8000 helps in applying a management-systems approach to social performance and emphasizes on continual improvement over checklist-style auditing

3. **Is the premise/office of the entity accessible to differently abled visitors, as per the requirements of the Rights of Persons with Disabilities Act, 2016?**

Yes, at all our offices, we have made special provisions for differently abled employees and workers in accordance with Rights of Persons with Disabilities Act, 2016. We strongly promote equal opportunities for everyone, and we acknowledge the importance of having diverse and equitable work environment. We have designed workplaces for providing assistance or making changes to a position or workplace to enable employees with disabilities for carrying out their jobs. At our corporate offices, we have ramps at entry locations and lobbies to facilitate wheelchairs. We have dedicated toilets for differently abled employees. We have elevators with Braille signs, designed for blind people or visually impaired people. Our other locations also comply with all the national/local requirements to accommodate differently abled person and their needs. All the Company's existing and new infrastructure has implemented comprehensive plan to address accessibility of workplaces for differently abled employees, work areas, rest rooms, common areas and areas for movement in and around facilities have been designed with all accessibility aspects in mind

4. **Details on assessment of value chain partners:**

	% of value chain partners (by value of business done with such partners) that were assessed
Sexual Harassment	100%
Discrimination at workplace	100%
Child Labour	100%
Forced Labour/ Involuntary Labour	100%
Wages	100%
Others - Please specify	100%

(APL direct suppliers & contractors working in APL premises)

5. **Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 4 above**

No significant risks identified during assessment

Principle 6: Businesses should respect and make efforts to protect and restore the environment.

Essential Indicators

1. **Details of total energy consumption (in Joules or multiples) and energy intensity, in the following format**

Parameter	Unit	FY 2023-24	FY 2022-23
From renewable sources			
Total electricity consumption (A)	GJ	264.38	0
Total fuel consumption (B) (Coal & Oil consumption)	GJ	0	0
Energy consumption through other sources (C)	GJ	0	0
Total energy consumption (A+B+C)	**GJ**	**264.38**	**0**
From non-renewable sources			
Total electricity consumption (D)	GJ	26,227.46	204,465.37
Total fuel consumption (E)	GJ	818,418,070.02	550,319,626.17
Energy consumption through other sources (F)	GJ	00	00
Total energy consumed from non-renewable sources (D+E+F)	GJ	818,444,297.47	550,524,091.54
Total energy consumed (A+B+C+D+E+F)	**GJ**	**818,444,561.86**	**550,524,091.54**

Parameter	Unit	FY 2023-24	FY 2022-23
Energy intensity per rupee of turnover (Total energy consumed / Revenue from operations)	**GJ/₹**	**0.0013577048**	**0.0012790690**
Energy intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total energy consumed / Revenue from operations adjusted for PPP)	**GJ / PPP revenue**	**0.000372486**	**0.000356186**
Energy intensity in terms of physical output	**(GJ/MWh)**	9.57	9.59
Energy intensity (optional) – the relevant metric may be selected by the entity			

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes, Independent assessment carried out by DNV Business Assurance India Private Limited ('DNV'). A copy of their assessment statement is attached as annexure to this report.

2. **Does the entity have any sites / facilities identified as designated consumers (DCs) under the Performance, Achieve and Trade (PAT) Scheme of the Government of India? (Y/N) If yes, disclose whether targets set under the PAT scheme have been achieved. In case targets have not been achieved, provide the remedial action taken, if any.**

Yes, Targets set under the PAT scheme have been achieved

[Mundra TPP, Tiroda TPP, Kawai TPP, Raigarh TPP & Udupi TPP in FY2019-20 Year and Raipur TPP & Mahan TPP in FY2021-22].

3. **Provide details of the following disclosures related to water, in the following format#**

Parameter	FY 2023-24	FY 2022-23
Water withdrawal by source (in kilolitres)		
(i) Surface water	144,494,214	112,777,523
(ii) Groundwater	929	0
(iii) Third party water	4,966	195
(iv) Seawater / desalinated water	251,791,456	105,621,410
(v) Others (Rain Water)	1,848,491	3,329,892
Total volume of water withdrawal(in kilolitres)	398,140,056	221,729,020
Total volume of water consumption (in kilolitres)	192,295,869	130,145,639
Water intensity per rupee of turnover (Water consumed, KL / turnover in crore)	0.0003190	0.0003024
Water intensity [KL] per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total water consumed [KL] / Revenue from operations adjusted for PPP)	0.000087517	0.00008418810
Water intensity in terms of physical output (KL/MWh)	2.25	2.32
Water intensity (optional) – the relevant metric may be selected by the entity **(KL/MWh)**		

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes, Independent assessment carried out by DNV Business Assurance India Private Limited ('DNV').

4. Provide the following details related to water discharged:

Parameter		FY 2023-24	FY 2022-23
Water discharge by destination and level of treatment (in kilolitres)			
(i)	To Surface water	0	0
	No treatment		
	With treatment – please specify level of treatment		
(ii)	To Groundwater	0	0
	No treatment		
	With treatment – please specify level of treatment		
(iii)	To Seawater	198,418,226.10	82,135,614.00
	No treatment		
	With treatment – please specify level of treatment (secondary)	198,418,226.10	82,135,614.00
(iv)	Sent to third-parties	0	0
	No treatment		
	With treatment – please specify level of treatment		
(v)	Others	0	0
	No treatment		
	With treatment – please specify level of treatment		
Total water discharged (in kilolitres)		**198,418,226.10**	**82,135,614.00**

5. Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation.

Water is a crucial resource required for the running our power plants. Therefore, acknowledging this resource's importance, we have established strict measures for water conservation at each of our power plants and have optimized our systems to reduce water consumption. Currently, we reuse 100% of the treated Wastewater in hinterland plants. We ensure compliance with the applicable statutory conditions laid by Ministry of Environment, Forest & Climate Change / Central and State Pollution Control Board for locations, where zero discharge is mandated. In sea water based power plants, we have mechanism in place to treat the sewage/effluent as per the statutory limits before discharging back.

6. Please provide details of air emissions (other than GHG emissions) by the entity, in the following format:

Parameter	UOM	FY 2023-24	FY 2022-23
NOx	MT/Yr.	121,664.60	83,746.38
Sox	MT/Yr.	248,011.80	219,306.70
Particulate matter (PM)	MT/Yr.	14,550.14	10,718.60
Persistent organic pollutants (POP)	Not Applicable		
Volatile organic compounds (VOC)			
Hazardous air pollutants (HAP)			
Others – please Specify (Mercury – Hg)	mg/Nm3	BDL	0.017*

Note: The air emission sources (stacks, chimneys etc.) are monitored on a defined frequency by an approved laboratory/agency as mandated by the Central and respective State Pollution Control Boards.

* Only APL Tiroda, APL Kawai have mercury emissions and all other plants are Below Detectable Limit (BDL).

7. **Provide details of greenhouse gas emissions (Scope 1 and Scope 2 emissions) & its intensity, in the following format :**

Parameter	Unit	FY 2023-24	FY 2022-23
Total Scope 1 emissions (Break-up of the GHG into CO2, CH4, N2O, HFCs, PFCs, SF6, NF3, if available)	Metric tonnes of CO2 equivalent	72,948,754.50	49,032,768.27
Total Scope 2 emissions (Break-up of the GHG into CO2, CH4, N2O, HFCs, PFCs, SF6, NF3, if available)	Metric tonnes of CO2 equivalent	5,253.81	46,004.71
Total Scope 1 and Scope 2 emission intensity per rupee of turnover (Total Scope 1 and Scope 2 GHG emissions / Revenue from operations)	tCO2e/ INR	0.0001210232	0.00011403
Total Scope 1 and Scope 2 emission intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total Scope 1 and Scope 2 GHG emissions / Revenue from operations adjusted for PPP)	tCO2e / PPP revenue	0.0000332024	0.0000317537
Total Scope 1 and Scope 2 emission intensity in terms of physical output	tCO2e/ MWh	0.85	0.85
Total Scope 1 and Scope 2 emission intensity (optional) – the relevant metric may be selected by the entity			

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes, Independent assessment carried out by DNV Business Assurance India Private Limited ('DNV').

8. **Does the entity have any project related to reducing Green House Gas emission? If Yes, then provide details.**

In line with Adani Group's target to meet India's Climate Change (NDC) commitments of emission reduction, the Company has taken various initiatives such as:

- Replacing low energy efficient equipment with high energy efficient equipment
- Installing solar roof tops and other green energy projects
- Replacing fossil fuel-based vehicles by electric vehicles
- Optimization of energy consumption in office buildings
- Using digitization to improve monitoring and reduce losses
- Awareness creation related to energy conservation and GHG reduction
- Replacing high Global Warming Potential (GWP) refrigerant with lower GWP refrigerant

APL aims to lead India's initiatives in achieving greenhouse gas reduction targets by evaluating the possibility of potential implementation of ammonia as a fuel in thermal power generation that will utilize Green Hydrogen-derived ammonia in the existing thermal power plant. Kowa supported APL by conducting a global survey of hydrogen and ammonia-related technologies being utilised for power generation. IHI Corporation has already successfully demonstrated its ammonia co-firing technology at a large-scale commercial coal-fired power plant in Japan and responded to many inquiries related to ammonia co-firing globally.

To achieve de-carbonization of APL's coal-fired assets, the parties, by considering the possibility of ammonia co-firing through the studies, aim to de-carbonize APL's coal fired assets with the objective to potentially implement the technology in other coal-fired units within India.

Outcome of initiative

- Successful implementation will significantly reduce greenhouse gas emissions.
- This modification targets achieving 20% liquid ammonia co-firing ratio and higher co-firing ratio up to 100% mono-firing at the Adani Power Mundra Coal Fired Power Plant

9. Provide details related to waste management by the entity, in the following format:

Parameter	FY 2023-24	FY 2022-23
Total Waste generated (in metric tonnes)		
Plastic waste **(A)**	176.90	832.82
E-waste **(B)**	107.74	24.226
Bio-medical waste **(C)**	0.08	0.31792
Construction and demolition waste **(D)**	0	0
Battery waste **(E)**	170.49	69.101
Radioactive waste **(F)**	0	0
Hazardous waste		
Discarded Containers / Barrels / liners	18.44	19.029
Chemical Sludge (ETP Sludge)	0.37	0.24
Oil-soaked Cotton Waste	10.32	10.43
Used / Spent Oil (MT)	347.93	214.68
Spent Ion Exchange Resin	9.426	6.98
Total Hazardous Waste (G)	**386.48**	**251.36**
Non-hazardous waste		
Metallic Scrap	4218.83	4966.27
Wooden Scrap	61.71	220.88
Rubber Scrap	206.44	118.13
RO membrane	29.40	2.96
Misc Waste	416.76	831.535
Organic Waste	142.51	119.51
Ash Generation	12870887.90	10526544.87
Total Non-Hazardous Waste (H)	**12,876,036.11**	**10533636.98**
Total (A+B + C + D + E + F + G+ H)	**12,876,877.79**	**10533981.98**
Waste intensity per rupee of turnover from operations **Metric tonnes /INR**	0.000021361	0.00002447
Waste intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total waste generated [kg] / Revenue from operations adjusted for PPP)	0.00000586	0.00000681
Waste intensity in terms of physical output	NA	NA
Waste intensity (optional) – [kg /MWh]	0.150538758	0.184023839
For each category of waste generated, total waste recovered through recycling, re-using or other recovery operations (in metric tonnes)		
Category of waste		
(i) Recycled	3213.52	1118.13
(ii) Re-used	10392844.87	9958644.08
(iii) Other recovery operations		--
Total	**10396058.38**	**9959762.214**

Parameter	FY 2023-24	FY 2022-23
For each category of waste generated, total waste disposed by nature of disposal method (in metric tonnes)		
Category of waste		
(i) Incineration	19.22	10.44
(ii) Landfilling		--
(iii) Other disposal operations		--
Total	19.22	10.44

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes, Independent assessment carried out by DNV Business Assurance India Private Limited ('DNV').

10. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

The Company has defined processes for managing waste at each of its sites/locations. We follow the basic principle of segregation of the waste at source & adopt the 3R concept of "reduce, reuse & recycle".

The hazardous wastes are handled, segregated, stored and transported in accordance with applicable regulatory requirements and best industry practices. The hazardous waste is disposed of in an environmentally sound manner through authorized vendors for recycling as required by regulation.

Apart from hazardous waste, the most significant types of non-hazardous waste streams include scrap metal, wood waste, glass, tires, e-waste, cardboard and paper. Our strategic intent is to eliminate or reduce the generation of waste to divert waste from disposal through reuse and recycling wherever possible. All our site/ locations are working towards achieving Zero waste to landfill certification wherever feasible.

11. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals / clearances are required, please specify details in the following format:

Sr. No.	Location of operations/ offices	Type of operations	Whether the conditions of environmental approval / clearance are being complied with? (Y/N) If no, the reasons thereof and corrective action taken, if any.
1	Mundra TPP	Electric Power Generation by Coal Based Thermal Power Plants	Yes
2	Tiroda TPP		Yes
3	Udupi TPP		Yes

12. Details of environmental impact assessments of projects undertaken by the entity based on applicable laws, in the current financial year:

Name and brief details of project	EIA Notification No.	Date	Whether conducted by independent external agency (Yes / No)	Results communicated in public domain (Yes / No)	Relevant Web link
Mahan Energen Limited (Phase II)	S.O 1533 & its amendments	14.09.2006	Yes	Yes	https://www.adanipower.com/-/media/Project/Power/Downloads/Mahan/Environment-Clearance/Environmental-Clearance-for-Expansion-2x800-MW.pdf

Expansion of Ph - III 1600MW (2x800MW) Bandhaura Ultra Super Critical Thermal Power Plant
Expansion of Ph - II 1600MW (2x800MW) Raipur Thermal Ultra Super Critical Thermal Power Plant
Expansion of Ph - II 1600MW (2x800MW) Raigarh Thermal Ultra Super Critical Thermal Power Plant
EIA studies initiated.

13. Is the entity compliant with the applicable environmental law/ regulations/ guidelines in India; such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, Environment protection act and rules thereunder (Y/N). If not, provide details of all such non-compliances, in the following format.

S. No.	Specify the law / regulation/ guidelines which was not complied with	Provide details of the noncompliance	Any fines / penalties / action taken by regulatory agencies such as pollution control boards or by courts	Corrective action taken, if any
1.	Nil	Nil	Not Applicable	Not Applicable

Leadership Indicators

1. Water withdrawal, consumption, and discharge in areas of water stress (in kilolitres):

For each facility / plant located in areas of water stress, provide the following information:

i. **Name of the area:** Kawai, Atru Tehsil, Baran Dist, - APL. Kawai.

ii. **Nature of operations:** Electric Power Generation by Coal Based Thermal Power Plant.

iii. **Water withdrawal, consumption, and discharge in the following format**

Parameter	FY 2023-24	FY 2022-23
Water withdrawal by source (in kilolitres)		
(i) Surface water	19,173,177	17,749,567
(ii) Groundwater	0	0
(iii) Third party water	0	0
(iv) Seawater / desalinated water	0	0
(v) Others (Rain Water)	1,316,583	19,756,072
Total volume of water withdrawal(in kilolitres)	20,489,760	37,505,639
Total volume of water consumption (in kilolitres)	20,489,760	37505639
Water intensity per rupee of turnover (Water consumed, KL / turnover in Cr)	0.0000340	0.000087
Water intensity [KL] per rupee of turn over adjusted for Purchasing Power Parity (PPP) (Total water consumed [KL] / Revenue from operations adjusted for PPP)	0.0000093	0.0000243

Parameter	FY 2023-24	FY 2022-23
Water intensity in terms of physical output		
Water intensity (optional) – the relevant metric may be selected by the entity **(KL/MWh sold)**		
Water discharge by destination and level of treatment (in kilo-litres)		
(i) To Surface water	0	0
No treatment	0	0
With treatment – please specify level of treatment	0	0
(ii) To Groundwater	0	0
No treatment	0	0
With treatment – please specify level of treatment	0	0
(iii) To Seawater [KL]	0	
No treatment	0	0
With treatment – please specify level of treatment	0	0
(iv) Sent to third-parties	0	0
No treatment	0	0
With treatment – please specify level of treatment	0	0
(v) Others	0	0
No treatment	0	0
With treatment – please specify level of treatment	0	0
Total water discharged [KL]	**0**	**0**

2. **Please provide details of total Scope 3 emissions & its intensity, in the following format:**

Parameter	Unit	FY 2023 -24 (Current Financial Year)	FY 2022 -23 (Previous Financial Year)
Total Scope 3 emissions (Break-up of the GHG into CO2, CH4, N2O, HFCs, PFCs, SF6, NF3, if available)	tCO2e	2,488,172*	1,614,009.27#
Total Scope 3 emissions per rupee of turnover	tCO2e/ ₹	0.000004128*	0.00000381#
Total Scope 3 emission intensity (optional) – the relevant metric may be selected by the entity	-	-	-

*During FY 2023 - 24 Scope 3 includes Category 1 – **110,971 tCO2e,** Category 2 – **370,547 tCO2e,** Category 3 – **Under Evaluation,** Category 4 – **1,795,433 tCO2e,** Category 5 – **208,703 tCO2e,** Category 6 – **939 tCO2e,** Category 7 – **1,579 tCO2e,** Category 8 – **0 tCO2e,** Category 10- **0 tCO2e,** Category 11 – **0 tCO2e,** Category 12 – **0 tCO2e,** Category 13 – **0 tCO2e,** Category 14 – **0 tCO2e,** Category 15 – **0 tCO2e**)

#During FY 2022 -23 under Scope 3 APL has disclose only 05 categories (Category1 (Partially) , Category 4, Category 5 (Partially) , Category 6, Category 7.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N)

Yes, Independent assurance carried for Scope 3 emissions

3. **With respect to the ecologically sensitive areas reported at Question 11 of Essential Indicators above, provide details of significant direct & indirect impact of the entity on biodiversity in such areas along-with prevention and remediation activities.**

We, at APL, have a biodiversity policy in place to protect and enhance the biodiversity all around are plant locations. We ensure that areas of biodiversity significance, protected regions and any red list species based on reports of the International Union for Conservation of Nature (ICUN) are not affected by any of the plant operations within a 10km radius of our plant locations. Our policy supports us to comply, with and exceed local, regional, and national requirements on land management and biodiversity conservation. We have provided the link for our biodiversity policy below:

Our Biodiversity Policy supports a formal governance structure that allows for systematic biodiversity management across the organization. We are committed to the objectives of the Convention on Biological Diversity (CBD) by being a signatory of the Indian Business & Biodiversity Initiative (IBBI). In alignment with this, we have set an ambitious target to create a net positive biodiversity impact across all operations and projects. Mapping biodiversity across our business operations and enhancing awareness on biodiversity for our stakeholders will be supported by our IMS. In alignment with this, we have set an ambitious target to create a net positive biodiversity impact across all operations and projects. Mapping biodiversity across our business operations and enhancing awareness on biodiversity for our stakeholders will be supported by our IMS.

4. **If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency, or reduce impact due to emissions / effluent discharge / waste generated, please provide details of the same as well as outcome of such initiatives, as per the following format:**

Sr. No.	Initiative undertaken	Details of the initiative (Web-link, if any, may be provided along with summary	Outcome of the initiative
1	Ammonia co-firing Technology in 4.62GW coal-fired power plant in Mundra	https://www.adanipower.com/newsroom/media-releases/adani-power-sustainable-power-generation	• Successful implementation will significantly reduce greenhouse gas emissions. • This modification targets achieving 20% liquid ammonia co-firing ratio and higher co-firing ratio up to 100% mono-firing at the Adani Power Mundra Coal Fired Power Plant

5. **Does the entity have a business continuity and disaster management plan? Give details in 100 words/ web link.**

The Company has an enterprise risk management integrated framework, 2017, to effectively manage the business continuity and disaster management plan. Further, we are aligned with the international standards ISO-31000:2018 "Risk Management System" and COSO's (Committee of Sponsoring Organisation of the Treadway Commission) framework.

6. **Disclose any significant adverse impact to the environment, arising from the value chain of the entity. What mitigation or adaptation measures have been taken by the entity in this regard.**

No impact envisaged.

7. **Percentage of value chain partners (by value of business done with such partners) that were assessed for environmental impacts.**

Not Applicable

Principle 7: Businesses, when engaging in influencing public and regulatory policy, should do so in a manner that is responsible and transparent.

1. **Number of affiliations with trade and industry chambers/ associations. List the top 10 trade and industry chambers/ associations (determined based on the total members of such body) the entity is a member of/ affiliated to.**

Sr. No.	Name of the trade and industry chambers/ associations	Reach of trade and industry chambers/ associations (State/National)
1	Association of Power Producers (APP)	National
2	Confederation of Indian Industry (CII)	National
3	Associated Chambers of Commerce and Industry of India (ASSOCHAM)	National
4	Gujarat Chamber of Commerce and Industry (GCCI)	State
5	Ahmedabad Management Association (AMA)	State
6	Federation of Indian Chamber of Commerce and Industry (FICCI)	National
7	Quality Circle Forum of India (QCFI)	National

Sr. No.	Name of the trade and industry chambers/ associations	Reach of trade and industry chambers/ associations (State/National)
8	Indian Business and Biodiversity Initiative (IBBI)	National
9	Gujarat Safety Council	State
10	National Safety Council	National
11	Independent Power Producers Association of India (IPPAI)	National
12	United Nations Global Compact (UNGC)	International

2. **Provide details of corrective action taken or underway on any issues related to anti-competitive conduct by the entity, based on adverse orders from regulatory authorities.**

Name of authority	Brief of the case	Corrective action taken
NIL	NIL	NIL

Leadership Indicator

1. **Details of public policy positions advocated by the entity:**

Sr. No.	Public Policy advocated	Method resorted for such advocacy	Whether information available in public domain? (Yes/No)	Frequency of Review by Board (Annually/ Half yearly/ Quarterly/ Others–please specify)	Web link if available
Nil during FY 2023-24					

Principle 8: Businesses should promote inclusive growth and equitable development.

1. **Details of Social Impact Assessments (SIA) of projects undertaken by the entity based on applicable laws, in the current financial year.**

Name and brief details of project	SIA Notification No	Date of notification	Whether conducted by independent external agency (Yes / No)	Results communicated in public domain (Yes / No)	Relevant Web link
Nil					

2. **Provide information on project(s) for which ongoing Rehabilitation and Resettlement (R&R) is being undertaken by your entity, in the following format:**

Name of Project for which R&R is ongoing	State	District	No. of Project Affected Families (PAFs)	% of PAFs covered by R&R	Amounts paid to PAFs in the FY (In INR)
Not Applicable					

3. **Describe the mechanisms to receive and redress grievances of the community.**

There is a designated person to report any complaints or grievances. The complaints can be submitted orally or in writing. Additionally, there is a robust community engagement mechanism, wherein the Program Officers working under the supervision of the CSR Head regularly interact with community stakeholders. Program Officers also serve as the first point of contact for the community to submit and redress grievances on a one-to-one basis.

4. **Percentage of input material (inputs to total inputs by value) sourced from suppliers:**

	FY 2023-24 Current Financial Year	FY 2022-23 Previous Financial Year
Directly sourced from MSMEs/ small producers	30.43%	45%
Sourced directly from within the district and neighbouring districts	34%	Not reported

5. Job creation in smaller towns – Disclose wages paid to persons employed (including employees or workers employed on a permanent or non-permanent / on contract basis) in the following locations, as % of total wage cost

Location	FY 2023-24 Current Financial Year	FY 2022-23 Previous Financial Year
Rural	25.09%	24.69%
Semi-urban	50.18%	53.11%
Urban	0.58%	0.19%
Metropolitan	24.15%	22.00%

(Location categorized as per RBI Classification System - rural / semi-urban / urban / metropolitan)

Leadership Indicator

1. Provide details of actions taken to mitigate any negative social impacts identified in the Social Impact Assessments (Reference: Question 1 of Essential Indicators above):

Details of negative social impact identified	Corrective action taken
Nil	Nil
Nil	Nil

2. Provide the following information on CSR projects undertaken by your entity in designated aspirational districts as identified by government bodies:

Sr. No.	State	Aspirational District	Amount spent (In ₹ Cr.)
1	Rajasthan	Baran	2.91
2	Jharkhand	Godda	3.51
3	Madhya Pradesh	Singrauli	5.38

3. (a) Do you have a preferential procurement policy where you give preference to purchase from suppliers comprising marginalized /vulnerable groups? (Yes/No)

No, we do not have a policy on this as yet.

(b) From which marginalized /vulnerable groups do you procure?

Not Applicable

(c) What percentage of total procurement (by value) does it constitute?

Not Applicable

4. Details of the benefits derived and shared from the intellectual properties owned or acquired by your entity (in the current financial year), based on traditional knowledge:

Sr. No.	Intellectual Property based on traditional knowledge	Owned/ Acquired (Yes/No)	Benefit shared (Yes / No)	Basis of calculating benefit share
NIL				

5. Details of corrective actions taken or underway, based on any adverse order in intellectual property related disputes wherein usage of traditional knowledge is involved.

Name of authority	Brief of the Case	Corrective action taken
NA		

6. Details of beneficiaries of CSR Projects:

Sr. No.	CSR Project (Focused Area)	No. of persons benefitted from CSR Projects	% Of beneficiaries from vulnerable and marginalized groups
1	Education	1062566	The Company shall start monitoring and reporting this data in future
2	Community Healthcare	821125	
3	Sustainable Livelihood	222376	
4	Community Infrastructure Development	212515	
5	Climate Action	15273	
	Total	**2,333,855**	

Principle 9: Businesses should engage with and provide value to their consumers in a responsible manner

1. Describe the mechanisms in place to receive and respond to consumer complaints and feedback.

We have well defined systems for receiving and responding to consumer complaints and feedback. Consumers can share their complaint and feedback via email. Timely and effective redressal of concerns/complaints raised by our stakeholders is a key priority for our businesses. To ensure this, all acknowledgements are sent to users within 24 hours of receipt of such issues and as a standard procedure, all grievances are closed in a specified time with a final resolution.

2. Turnover of products and/ services as a percentage of turnover from all products/service that carry information about:

	As a percentage to total turnover
Environmental and social parameters relevant to the product	Not Applicable considering the nature of Company's product and services offerings
Safe and responsible usage	
Recycling and/or safe disposal	

3. Number of consumer complaints in respect of the following:

	FY 2023-24 Current Financial Year		FY 2022-23 Previous Financial Year		Remarks
	Received during the year	Pending resolution at end of year	Received during the year	Pending resolution at end of year	
Data privacy	0	0	0	0	--
Advertising	0	0	0	0	--
Cyber-security	0	0	0	0	--
Delivery of essential services	0	0	0	0	--
Restrictive Trade Practices	0	0	0	0	--

INDEPENDENT ASSURANCE STATEMENT

Introduction

DNV Business Assurance India Private Limited ('DNV'), has been commissioned by Adani Power Limited (Corporate Identity Number L40100GJ1996PLC030533, hereafter referred to as 'APL' or 'the Company') to undertake an independent assurance of the Company's disclosures in Business Responsibility and Sustainability Report (hereafter referred as 'BRSR'). The disclosures include Core indicators as per Annexure I of SEBI circular dated 12 July 2023 and rest non-financial disclosures in BRSR (Annexure II of SEBI circular dated 12 July 2023).

Reporting standard/framework

The disclosures have been prepared by APL in reference to:

- BRSR Core – Framework for assurance and ESG disclosures for value chain as per SEBI (Securities and Exchange Board of India) Circular No. SEBI/HO/CFD/CFD-SEC-2/P/CIR/2023/122 dated July12, 2023.
- BRSR reporting guidelines (Annexure II) as per SEBI Circular No. SEBI/HO/CFD/CMD-2/P/CIR/2021/562 dated May 10, 2021, and incorporated Master Circular No. SEBI/HO/CFD/PoD2/CIR/P/2023/120 dated July 11, 2023.
- Greenhouse Gas Protocol: *A Corporate Accounting and Reporting Standard.*
- ISO 14064-1:2018 - *Specification with guidance at the organization level for quantification and reporting of greenhouse gas emissions and removals*

Assurance Methodology/Standard

This assurance engagement has been carried out in accordance with DNV's VeriSustain protocol, V6.0, which is based on our professional experience and international assurance practice, and the international standard in Assurance Engagements, ISAE 3000 (revised) - *Assurance Engagements other than Audits or Reviews of Historical Financial Information*. DNV's Verisustain Protocol has been developed in accordance with the most widely accepted reporting and assurance standards.

Intended User

The intended user of this assurance statement is the Management of APL ('the Management').

Level of Assurance

- Reasonable Level of assurance for BRSR 9 Core Indicators (Ref: Annexure I of SEBI circular); and
- Limited Level of assurance for rest Non-Financial disclosures BRSR report (Ref: Annexure II of SEBI circular).

Responsibilities of the Management of APL and of the Assurance Provider

The Management of APL has the sole responsibility for the preparation of the BRSR Report and is responsible for all information disclosed in the BRSR Core and BRSR Report. The company is responsible for maintaining processes and procedures for collecting, analyzing and reporting the information and also, ensuring the quality and consistency of the information presented in the Report. APL is also responsible for ensuring the maintenance and integrity of its website and any referenced BRSR disclosures on their website.

In performing this assurance work, DNV's responsibility is to the Management of APL; however, this statement represents our independent opinion and is intended to inform the outcome of the assurance to the stakeholders of the Company.

Scope, Boundary and Limitations

Scope

The scope of our engagement includes independent Reasonable level of assurance of 'BRSR 9 Core indicators' (Ref: Annexure I of SEBI Circular) and a Limited level of assurance for the rest non-financial disclosures in BRSR (Ref: Annexure II of SEBI circular) for the Financial Year (FY) 2023-24.

Boundary of our assurance work:

- *BRSR Core indicators:* Boundary covers the performance of APL operations that fall under the direct operational control of the Company's Legal structure. Based on the agreed scope with the Company, the boundary of reasonable assurance covers the operations of APL across all locations India, unless otherwise stated in the table below.

BRSR Core Attribute	Boundary for reasonable Assurance

Not applicable	Not applicable

Note: The sites for which Company has not reported on BRSR Core indicators.

- *Rest non-financial disclosures in BRSR report:* Boundary for the rest non-financial disclosures in BRSR covers the operations of APL across all locations India, unless otherwise stated below.
  The following sites has not reported on BRSR report non-financial disclosures:
  - Corporate office: Excluded from the scope as Adani Enterprises Limited owns and manages the corporate office.
  - Offices: Not applicable

Limitation(s):

We performed a reasonable Level of assurance for the BRSR Core and limited level of assurance for the BRSR reporting based on our assurance methodology VeriSustain, v06.
The assurance scope has the following limitations:

- The assurance engagement considers an uncertainty of ±5% based on materiality threshold for estimation/measurement errors and omissions.
- DNV has not been involved in evaluation or assessment of any financial data/performance of the company. DNV opinion on specific BRSR Core indicators (ref- all sections of core indicators where currency; INR has been applied, attribute 8,9) relies on the third party audited financial reports of the Company. DNV does not take any responsibility of the financial data reported in the audited financial reports of the Company.
- The assessment is limited to data and information within the defined Reporting Period. Any data outside this period is not considered within the scope of assurance.
- Data outside the operations specified in the assurance boundary is excluded from the assurance, unless explicitly mentioned otherwise in this statement.
- The assurance does not cover the Company's statements that express opinions, claims, beliefs, aspirations, expectations, aims, or future intentions. Additionally, assertions related to Intellectual Property Rights and other competitive issues are beyond the scope of this assurance.
- The assessment does not include a review of the Company's strategy or other related linkages expressed in the Report. These aspects are not within the scope of the assurance engagement.
- The assurance does not extend to mapping the Report with reporting frameworks other than those specifically mentioned. Any assessments or comparisons with frameworks beyond the specified ones are not considered in this engagement.
- Aspects of the Report that fall outside the mentioned scope and boundary are not subject to assurance. The assessment is limited to the defined parameters.
- The assurance engagement does not include a review of legal compliances. Compliance with legal requirements is not within the scope of this assurance, and the Company is responsible for ensuring adherence to relevant laws.
- The assurance engagement is based on the assumption that the data and information provided by the Company are complete, sufficient and authentic.

Assurance process

As part of the assurance process, a multi-disciplinary team of assurance specialists performed assurance work for selected sites of APL. We adopted a risk-based approach, that is, we concentrated our assurance efforts on the issues of high material relevance to the Company’s business and its key stakeholders. We carried out the following activities:

BRSR Core Indicators – Reasonable level of Assurance	Rest non-financial disclosures in BRSR Report – Limited Level of Assurance
Reviewed the disclosures under BRSR Core, encompassing the framework for assurance consisting of a set of Key Performance Indicators (KPIs) under 9 ESG attributes. The format of BRSR Core used a basis of reasonable level of assurance	Reviewed the disclosures under BRSR reporting guidelines. Our focus included general disclosures, management processes, principle wise performance (essential indicators, and leadership indicators) and any other key metrics specified under the reporting framework. The BRSR reporting format used a basis of limited level of assurance.
Evaluation of the design and implementation of key systems, processes and controls for collecting, managing and reporting the BRSR Core indicators	Understanding the key systems, processes and controls for collecting, managing and reporting the non-financial disclosures in BRSR report.
Assessment of operational control and reporting boundaries	Walk-through of key data sets. Understand and test, on a sample basis, the processes used to adhere to and evaluate adherence to the reporting principles.
Seek extensive evidence across all relevant areas, ensuring a detailed examination of BRSR Core indicators. Engaged directly with stakeholders to gather insights and corroborative evidence for each disclosed indicator.	Collect and evaluate documentary evidence and management representations supporting adherence to the reporting principles.
Interviews with selected senior managers responsible for management of disclosures and review of selected evidence to support environmental KPIs and metrics disclosed the Report. We were free to	Interviews with the senior managers responsible for management of disclosures. We were free to choose interviewees and interviewed

choose interviewees and interviewed those with overall responsibility of monitoring, data collation and reporting the selected indicators.	those with overall responsibility of monitoring, data collation and reporting the selected indicators.
DNV audit team conducted on-site audits for data testing and also, to assess the uniformity in reporting processes and also, quality checks at different locations of the Company. Sites for data testing and reporting system checks were selected based on the %age contribution each site makes to the reported indicator, complexity of operations at each location (high/low/medium) and reporting system within the organization. Sites selected for audits are listed in Annex-II.	DNV audit team conducted on-site audits for corporate offices and sites. Sample based assessment of site-specific data disclosures was carried out. We were free to choose sites for conducting our assessment.
Conduct a comprehensive examination of key material aspects within the BRSR Core framework supporting adherence to the assurance based on applicable principles plus specified data and information.	Reviewed the process of reporting as defined in the assessment criteria.

In both the cases, DNV teams conducted the:

- Verification of the data consolidation of reported performance disclosures in context to the Principle of Completeness.
- Verification of the consolidated reported performance disclosures in context to the Principle of Completeness as per VeriSustain™ for both reasonable level and limited level verification for the disclosures.

Conclusion

Reasonable level of Assurance- BRSR 9 Core Indicators

Based on our review and procedures followed for reasonable level of assurance, DNV is of the opinion that, in all material aspects, the BRSR Core indicators (as listed in Annex I of this statement) for FY 2023-24 are reported in accordance with reporting requirements outlined in BRSR Core (Annexure I of SEBI Circular dated 12 July 2023).

Limited Level of Assurance- BRSR Reporting Format

On the basis of the assessment undertaken, nothing has come to our attention to suggest that the disclosures do not properly adhere to the reporting requirements as per BRSR reporting guidelines (Annexure II of SEBI Circular).

Statement of Competence and Independence

DNV applies its own management standards and compliance policies for quality control, which are based on the principles enclosed within ISO IEC 17029:2019 – Conformity assessment – General principles are requirements for validation and verification bodies, and accordingly maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards, and applicable legal and regulatory requirements.

We have complied with the DNV Code of Conduct[1] during the assurance engagement and maintain independence wherever required by relevant ethical requirements. This engagement work was carried out by an independent team of sustainability assurance professionals. During the reporting period i.e FY 2023-24, DNV, to the best of its knowledge, was not involved in any non-audit/non-assurance work with the Company and its Group entities which could lead to any Conflict of Interest. DNV was not involved in the preparation of any statements or data included in the Report except for this Assurance Statement for internal use of APL. DNV maintains complete impartiality toward stakeholders interviewed during the assurance process. We did not provide any services to APL in the scope of assurance for the reporting period that could compromise the independence or impartiality of our work.

Purpose and Restriction on Distribution and Use

This assurance statement, including our conclusion has been prepared solely for the exclusive use and benefit of management of the Company and solely for the purpose for which it is provided. To the fullest extent permitted by law, DNV does not assume responsibility to anyone other than the Company for DNV's work or this assurance statement. The usage of this assurance statement shall be governed by the terms and conditions of the contract between DNV and the APL. DNV does not accept any liability if this assurance statement is used for an alternative purpose from which it is intended, nor to any third party in respect of this assurance statement. No part of this assurance statement shall be reproduced, distributed or communicated to a third party without prior written consent.

Independent Auditor's Report

To the Members of **Adani Power Limited**

Report on the Audit of the Standalone Financial Statements

Qualified Opinion

We have audited the accompanying standalone financial statements of Adani Power Limited ("the Company"), which comprise the Balance sheet as at March 31, 2024 the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the standalone financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, except for the possible effects of the matters described in the 'Basis for Qualified Opinion' section of our report, the aforesaid standalone financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Qualified Opinion

We draw attention to Note 63 of the standalone financial statements. Pending adjudications / outcome of the investigations by the Securities and Exchange Board of India as stated therein, we are unable to comment on the possible consequential effects thereof, if any, on the standalone financial statements. Our audit opinion for the year ended March 31, 2023 was also modified for the above and other matter.

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Standalone Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the financial year ended March 31, 2024. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the 'Basis for Qualified Opinion' section we have determined the matters described below to be the key audit matters to be communicated in our report. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the standalone financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying standalone financial statements.

Key audit matters	How our audit addressed the key audit matter
Revenue recognition and assessment of recoverability of receivables related to change in law claims (Also refer Notes 3(vii), 12 and 32 to the standalone financial statements)	
The Company, having Power Purchase Agreements (PPA) are eligible for compensation claims against various Change in Law events having cost implications on generation and supply of power such as additional duties and taxes, increased cost of power generation, etc., due to purchase of alternative coal in terms of the framework of supply of power as per PPA entered by the respective Thermal Power Plant/ Units with the various Discoms. The compensation claims (invoices) are raised by the Company upon approval of change in law event by the relevant Regulatory Authorities. The invoices for change in law claims are raised considering operational / cost parameters based on qualitative parameters approved in terms of the relevant Regulatory Authorities Orders and are subject to partial/ final acceptance of the claims by the respective Discoms. Considering that the methodology and the parameters of claims are subject to final acceptance by the respective Discoms, the revenue is recognised in the books of account based on the prudent parameters and methodology, till the respective matters are accepted / settled with the Discoms. Thus, the revenue/ receivables from Discoms are subject to adjustments to the extent there may be adverse impact on account of appeals with the regulatory authorities. In certain cases where the regulatory order(s) are subject matter of appeal with higher appellate forums / authorities, and the amount of claims are not ascertainable, revenues for change in law claims are not recognised, pending outcome of the final decision. In view of the complexity and judgement involved in estimation of the amounts of such claims and recoverability thereof, the same is considered as a key audit matter.	Our audit procedures in response to this key audit matter included, but not limited to, the following: - Examined the Company's accounting policies with respect to assessing compliance with Ind AS 115 "Revenue from Contract with Customers". - Obtained understanding of the key controls that management has in place to monitor change in law events and related claims, status of various pending claims including under appeals and orders passed by various regulatory authorities and tested those key controls. - Inspected the relevant state regulatory commission, CERC, appellate tribunal and court rulings and examined management assumptions / judgement relating to various parameters in terms of regulatory orders, for measuring / estimating the amount of such claims. - Examined the underlying parameters and assumptions / judgement used for measuring / computing the amounts of compensation claims as per regulatory orders through verification of historical information and other available internal and external data. - Tested on sample basis, the accuracy of the underlying data used for computation of such claims. - Tested the joint reconciliations for trade receivables performed by the Company with the respective Discoms, wherever available with underlying records. - Tested the status of the outstanding receivables and recoverability of the overdue / aged receivables through inquiry with management, and collection trends in respect of receivables. - Assessed the disclosures in accordance with the requirements of Ind AS 115 "Revenue from Contract with Customers".

<table>
<tr><th>Key audit matters</th><th>How our audit addressed the key audit matter</th></tr>
<tr><td colspan="2"><u>Revenue recognition for regulated power generation business</u> (Also refer Note 32 to the standalone financial statements)</td></tr>
<tr><td>In the regulated power generation business of Udupi Thermal Power Plant (Udupi TPP), the tariff is determined by the regulator based on cost plus return on equity basis wherein cost is subject to prudential norms.

The Company invoices its customers on the basis of provisional approved tariff which was based on Tariff Regulation and is subject to true up adjustment. As the Company is entitled to tariff based on actual cost incurred for the year, at point of revenue recognition it recognises adjustments for the escalation/ de-escalation in the various parameters compared to the entitled parameters.

Accruals are determined based on tariff regulations and past tariff orders and are subject to verification and approval by the regulators. Further the costs incurred are subject to prudential checks and the prescribed norms. Significant judgements are made in determining the accruals including interpretation of tariff regulations. Further certain matters for disallowance of claims have been litigated by the Company before higher authorities.

Revenue recognition and accrual of regulatory claims is a key audit matter considering the significant judgements involved in the determination thereof.</td><td>Our audit procedures in response to this key audit matter included, but not limited to, the following:
- Examined the Company's accounting policies with respect to assessing compliance with Ind AS 115 "Revenue from Contract with Customers".
- Performed test of controls over revenue recognition and accruals through inspection of evidence of performance of these controls.
- Performed the tests of details, on sample basis, including the following key procedures:
• Evaluated the key assumptions used by the Company by comparing it with the assumptions in provisional approved tariff order.
• For tariff orders (including updated tariff order) received by the Company, assessed the impact recognised by the Company and for matters litigated by the Company, also assessed the management's evaluation of the likely outcome of the dispute based on past precedents.
• Examined the underlying parameters for measuring / computing the claims and verified the working as per CERC regulatory orders.
- Tested the status of the outstanding receivables and recoverability of the overdue / aged accruals through inquiry with management, and collection trends in respect of receivables.
- Assessed the disclosures in accordance with the requirements of Ind AS 115 "Revenue from Contract with Customers".</td></tr>
</table>

Information Other than the Financial Statements and Auditor's Report Thereon (Other Information)

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Charged with Governance are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements for the financial year ended March 31, 2024 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.

2. As required by Section 143(3) of the Act, we report that:

   (a) We have sought and except for the possible effect of the matters described in the Basis for Qualified Opinion paragraph, obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

   (b) Except for the possible effect of the matters described in the Basis for Qualified Opinion paragraph and the matter stated in paragraph 2(j)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014, in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

   (c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;

   (d) Except for the possible effect of the matters described in the Basis for Qualified Opinion paragraph above, in our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;

   (e) The possible effect of the matters described in the Basis for Qualified Opinion paragraph above, in our opinion, may have an adverse effect on the functioning of the Company;

   (f) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on

March 31, 2024 from being appointed as a director in terms of Section 164 (2) of the Act;

(g) The qualification relating to the maintenance of accounts and other matters connected therewith are as stated in the Basis for Qualified Opinion paragraph and paragraph (b) above and the matter stated in paragraph 2(j)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014;

(h) With respect to the adequacy of the internal financial controls with reference to standalone financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;

(i) The Company has not paid any managerial remuneration to its directors and thus, the provisions of section 197 read with Schedule V of the Act are not applicable to the Company for the year ended March 31, 2024;

(j) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – refer note 40 to the standalone financial statements;

ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts;

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv. a) The management has represented that, to the best of its knowledge and belief, as disclosed in the note 62 to the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

b) The management has represented that, to the best of its knowledge and belief, as disclosed in the note 62 to the standalone financial statements, no funds have been received by the Company from any person or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

c) Based on such audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

v. The dividend on compulsory redeemable preference shares in respect of the same declared for the previous years and paid by the Company during the year, is in accordance with section 123 of the Companies Act 2013 to the extent it applies to payment of dividend.

As stated in note 59 of the standalone financial statements, the Board of Directors of the Company have proposed dividend on compulsory redeemable preference shares for the year which is subject to the approval of members at the ensuing Annual General Meeting. The dividend declared is in accordance with Section 123 of the Act to the extent it applies to declaration of dividend.

vi. Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. However, the audit trail feature is not enabled for certain direct changes to data when using certain access rights, as described in note 69 to the standalone financial statements. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with in respect of the accounting software where audit trail was enabled.

Annexure 1 referred to in Paragraph 1 of Report on Other Legal and Regulatory Requirements of our report of even date for the year ended March 31, 2024

In terms of the information and explanations sought by us and given by the company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment

(B) The Company has maintained proper records showing full particulars of intangibles assets.

(b) The Company has a regular programme of physical verification of its Property, Plant and Equipment by which all Property, Plant and Equipment are physically verified by the management in the phased manner over the period of three years. In accordance with this programme, certain Property, Plant and Equipment were verified during the year and no material discrepancies were noticed on such verification. In our opinion, the periodicity of such physical verification is reasonable having regard to the size of the Company and the nature of its assets.

(c) The title deeds of immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favor of the lessee) disclosed in Note 4.1 to the financial statements included in property, plant and equipment are held in the name of the Company. Certain title deeds of the immovable Properties, in the nature of freehold land & buildings, as indicated in the below mentioned cases which were acquired pursuant to a Scheme of Amalgamation approved by National Company Law Tribunal's (NCLT) Order dated 8th February 2023, are not held in the name of the Company, however the deed of merger has been effective from 7th March 2023. However, in one of the other case, the title deeds of immovable property is not in the name of the Company.

Description of item of property	Gross carrying value	Title deeds held in the name of	Whether title deed holder is a promoter, director or relative of promoter / director or employee of promoter/director	Property held since which date	Reason for not being held in the name of the Company
Land – Freehold for Bitta Power Plant	1.91	Mrs. Jamnaben H Bhanushali	No	1st April, 2014	Under litigation at Civil Court, Kutch, Gujarat
Land (Leasehold and Freehold) and Building of Mundra TPP	644.11	Adani Power (Mundra) Limited (Erstwhile Subsidiary)	No	Since March 7, 2023 till date.	Land and Building pending transfer to the Company on account of scheme of amalgamation, which are in the name of erstwhile subsidiaries, as at year end, transfer in the name of the Company is still to be concluded.
Land (Leasehold and Freehold) and Building of Tiroda TPP	669.33	Adani Power Maharashtra Limited (Erstwhile Subsidiary)	No	Since March 7, 2023 till date.	
Land (Leasehold and Freehold) and Building of Kawai TPP	343.80	Adani Power Rajasthan Limited (Erstwhile Subsidiary)	No	Since March 7, 2023 till date.	

Description of item of property	Gross carrying value	Title deeds held in the name of	Whether title deed holder is a promoter, director or relative of promoter / director or employee of promoter/director	Property held since which date	Reason for not being held in the name of the Company
Land (Leasehold and Freehold) and Building of Udupi TPP	359.84	Udupi Power Corporation Limited (Erstwhile Subsidiary)	No	Since March 7, 2023 till date.	Land and Building pending transfer to the Company on account of scheme of amalgamation, which are in the name of erstwhile subsidiaries, as at year end, transfer in the name of the Company is still to be concluded.
Land (Leasehold and Freehold) and Building of Raipur TPP	285.08	Raipur Energen Limited (Erstwhile Subsidiary)	No	Since March 7, 2023 till date.	
Land (Leasehold and Freehold) and Building of Raigarh TPP	288.16	Raigarh Energy Generation Limited (Erstwhile Subsidiary)	No	Since March 7, 2023 till date.	

Subsequent to the year end, all title pertaining to land (Leasehold and freehold) and building for Kawai TPP has been transferred in the name of the Company

Gross carrying value (Rs in crores) includes additional capital costs incurred during the year on the land properties which are pending to be transferred in the Company's name

(d) The Company has not revalued its Property, Plant and Equipment (including Right of use assets) or intangible assets during the year ended March 31, 2024.

(e) There are no proceedings initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The inventory (including inventory lying with third parties) has been physically verified by the management during the year. In our opinion, the frequency of verification by the management is reasonable and the coverage and procedure for such verification is appropriate and discrepancies of 10% or more in aggregate for each class of inventory were not noticed in respect of such verification.

(b) The Company has been sanctioned working capital limits in excess of Rs. Five crores in aggregate from banks during the year on the basis of security of current assets of the Company. Based on the records examined by us in the normal course of audit of the financial statements, the quarterly returns/statements filed by the Company with such banks in respect of gross value of primary security, are in agreement with the books of accounts of the Company.

(iii) (a) During the year, the Company has granted loans, stood guarantee and provided security to various Subsidiary Companies as summarised below:

(Rs in crores)

Particulars	Corporate Guarantees on behalf of (refer note 64 (b) and 64 (c) of the standalone financial statements)	Provided Security on behalf of* (refer note 5 of the standalone financial statements)	Loans (refer note 64 (b) and 64 (c) of the standalone financial statements)
Aggregate amount granted/ provided during the year - Subsidiaries	661.05	603.00	5,021.89
Balance outstanding as at balance sheet date (including amount outstanding at beginning of the year) - Subsidiaries	8,881.01	5,020.77	4,372.80

*Company has pledged its investment in equity and debentures instruments of subsidiaries to the subsidiaries' lenders.

According to the information and explanation given to us, during the year, the Company has not granted loans, advance in nature of loans, stood guarantees or provided any security to firms and Limited Liability partnerships or any other parties.

(b) During the year the investments made, guarantees provided, security given and the terms and conditions of the grant of all loans, investments (including investments in subsidiaries) and guarantees to companies are not prejudicial to the Company's interest.

(c) The schedule of repayment in respect of loans granted for principal and interest payment has been stipulated and the repayment or receipts are regular, and interest get capitalised at year end with the amount of outstanding loans, as per the terms of the agreement.

(d) There are no amounts of loans and advances in the nature of loans granted to companies which are overdue for more than ninety days.

(e) During the year, the Company has extended loans to subsidiary companies to settle the loan granted to such companies which had fallen due during the year.

(Rs in crores)

Name of the parties	Aggregate amount of loans or advances in the nature of loans granted during the year	Aggregate overdue amount settled by renewal or extension to same parties	Percentage* of the aggregate to the total loans or advances in the nature of loans granted during the year
Adani Power Dahej Limited (Wholly Owned Subsidiary)	1.00	3.83	383%
Adani Power Resources Limited (Subsidiary)	0.00	0.01	1348%

(f) The Company has not granted any loans or advances in the nature of loans, either repayable on demand or without specifying any terms or period of repayment to companies. Accordingly, the requirement to report on clause 3(iii)(f) of the Order is not applicable to the Company.

(iv) There are no loans, investments, guarantees, and security in respect of which provisions of Section 185 of the Companies Act, 2013 is applicable and accordingly, the requirement to report on clause 3(iv) of the Order with respect to Section 185 of the Companies Act, 2013 is not applicable to the Company. According to the information and explanations given to us, the Company has complied with the provisions of Section 186(1) of the Companies Act, 2013, to the extent applicable. Loans, investments, guarantees, and securities, in respect of which provision of Section 185 and Section 186(1) of the Companies Act, 2013 as applicable have been complied with by the Company.

(v) The Company has neither accepted any deposits from the public nor accepted any amounts which are deemed to be deposits within the meaning of sections 73 to 76 of the Companies Act and the rules made thereunder, to the extent applicable. Accordingly, the requirement to report on clause 3(v) of the Order is not applicable to the Company.

(vi) We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under section 148(1) of the Act, related to the generation of power and are of the opinion that prima facie, the specified accounts and records have been made and maintained. We have not, however, made a detailed examination of the same.

(vii) (a) The Company is regular in depositing with appropriate authorities undisputed statutory dues including goods and services tax, provident fund, income-tax, duty of customs, cess and other statutory dues applicable to it. The provision relating to employees' state insurance are not applicable to the Company. According to the information and explanations given to us and based on audit procedure performed by us, no undisputed amounts payable in respect of these statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.

(b) According to the records of the Company, the dues outstanding of income tax, custom duty, goods and service tax and other statutory dues on account of any dispute, are as follows:

Name of Statute	Nature of Dues	Amount due (Rs. in Crores)	Amount Paid under protest (Rs. in Crores)	Period to which amount relates	Forum where dispute is pending
Income Tax Act,1961	Income Tax	16.32	-	Financial Year 2016-17, 2017-18	Commissioner of Income tax (Appeals)
Income Tax Act,1961	Income Tax	4.11	4.55	Financial Year 2009-10, 2010-11 & 2011-12	High Court of Gujarat
Customs Act,1962	Custom duty	275.22	19.26	March 2012 to February 2013	Custom, Excise and Service Tax Appellate Tribunal
Customs Act,1962	Interest on Custom duty	38.95	-	July 2015 to February 2016	Hon'ble Supreme Court
Customs Act,1962	Custom Duty	963.94	-	2009-10 to 2014-15	Development Commissioner, Mundra
Finance Act,1994	Service Tax	17.31	7.64	Apr 2017 to Jun 2017	Principal Commissioner of GST, Ahmedabad
Central Sales Tax Act, 1956	Central Sales Tax	11.83	1.27	Financial Year – 2017-18	Joint Commissioner of State Tax (Appeal), Ahmedabad
Finance Act,1994	Service Tax	5.12	-	Financial Year-2008-09	High Court of Gujarat
Goods and Services Tax Act, 2017	Goods and Services Tax	33.55	1.57	Financial year 2017-18 & 2022-23	Commissioner (Appeals)

(viii) The Company has not surrendered or disclosed any transaction, previously unrecorded in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year. Accordingly, the requirement to report on clause 3(viii) of the Order is not applicable to the Company.

(ix) (a) The Company has not defaulted in the repayment of loans or borrowings or in the payment of interest thereon to any lender.

(b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

(c) Term loans were applied for the purpose for which the loans were obtained.

(d) On an overall examination of the financial statements of the Company, no funds raised on short-term basis have been used for long-term purposes by the Company.

(e) On an overall examination of the financial statements of the Company, the Company has not specifically taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries or an associate. The Company does not have any joint ventures.

(f) The Company has not raised loans during the year on the pledge of securities held in its subsidiaries or an associate. The Company does not have any joint ventures. Hence, the requirement to report on clause (ix)(f) of the Order is not applicable to the Company.

(x) (a) The Company has not raised any money during the year by way of initial public offer / further public offer hence, the requirement to report on clause 3(x)(a) of the Order is not applicable to the Company.

(b) The Company has not made any preferential allotment or private placement of shares /fully or partially or optionally convertible debentures during the year under audit and hence, the requirement to report on clause 3(x)(b) of the Order is not applicable to the Company.

(xi) (a) No fraud by the Company or no material fraud on the Company has been noticed or reported during the year. We are unable to comment on the possible consequential effects, if any, arising out of the pending adjudications / outcome of the investigations by the Securities and Exchange Board of India as stated in the 'Basis for Qualified Opinion' paragraph of our audit report.

(b) During the year, no report under sub-section (12) of section 143 of the Companies Act, 2013 has been filed by cost auditor/ secretarial auditor or by us in Form ADT – 4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) We have taken into consideration the whistle blower complaints received by the Company during the year while determining the nature, timing and extent of audit procedures.

(xii) The Company is not a nidhi Company as per the provisions of the Companies Act, 2013. Therefore, the requirement to report on clause 3(xii)(a) to 3(xii)(c) of the Order are not applicable to the Company.

(xiii) Transactions with the related parties for the year ended March 31, 2024, are in compliance with sections 177 and 188 of Companies Act, 2013 where applicable and the details have been disclosed in the notes to the standalone financial statements, as required by the applicable accounting standards. We are unable to comment on the possible consequential effects, if any, arising out of the pending adjudications / outcome of the investigations by the Securities and Exchange Board of India as stated in the 'Basis for Qualified Opinion' paragraph of our Audit Report of even date.

(xiv) (a) The Company has an internal audit system commensurate with the size and nature of its business.

(b) The internal audit reports of the Company issued till the date of the audit report, for the period under audit have been considered by us.

(xv) According to the information and explanations given by the management, the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence requirement to report on clause 3(xv) of the Order is not applicable to the Company.

(xvi) (a) According to the information and explanations given to us, the provisions of section 45-IA of the Reserve Bank of India Act, 1934 are not applicable to the Company. Accordingly, the requirement to report on clause (xvi)(a) of the Order is not applicable to the Company.

(b) The Company has not conducted any Non-Banking Financial or housing Finance activities without obtained a valid Certificate of Registration (CoR) from the Reserve Bank of India as per the Reserve Bank of India Act, 1934.

(c) The Company is not a Core Investment Company as defined in the regulations made by Reserve Bank of India. Accordingly, the requirement to report on clause 3(xvi) of the Order is not applicable to the Company.

(d) There are no Core Investment Companies as a part of the Group, hence, the requirement to report on clause 3(xvi) of the Order is not applicable to the Company.

(xvii) The Company has not incurred cash losses in the current financial year and immediately preceding financial year respectively.

(xviii) There has been no resignation of the statutory auditors during the year and accordingly requirement to report on Clause 3(xviii) of the Order is not applicable to the Company.

(xix) On the basis of the financial ratios disclosed in note 65 to the financial statements, the ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Management / Board of Directors business plan and based on our examination of evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that Company is not capable of meeting its liabilities, existing at the date of balance sheet, as and when they fall due within a period of one year from the balance sheet date.

We further state that this is not an assurance as to the future viability of the Company and our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) (a) In respect of other than ongoing projects, there are no unspent amounts that are required to be transferred to a fund specified in Schedule VII of the Companies Act (the Act), in compliance with second proviso to sub section 5 of section 135 of the Act. This matter has been disclosed in note 56 to the financial statements.

(b) All amounts that are unspent under section (5) of section 135 of Companies Act, pursuant to any ongoing project, has been transferred to special account in compliance of with provisions of sub section (6) of section 135 of the said Act. This matter has been disclosed in note 56 to the financial statements.

(xxi) The requirement of clause 3(xxi) is not applicable in respect of Standalone Financial Statements.

Annexure 2 to the Independent Auditor's Report of even date on the Standalone Financial Statements of Adani Power Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to standalone financial statements of Adani Power Limited ("the Company") as of March 31, 2024 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to these standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to these standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to these standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to these standalone financial statements.

Meaning of Internal Financial Controls With Reference to these Standalone Financial Statements

A company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to standalone standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI").

Notes to Standalone Financial Statements

for the year ended March 31, 2024

1 Corporate information

Adani Power Limited (the "Company" or "APL") is a public company domiciled in India and is incorporated under the provisions of the Companies Act, applicable in India having its registered office at "Adani Corporate House", Shantigram, Near Vaishno Devi Circle, S. G. Highway, Khodiyar, Ahmedabad-382421, Gujarat, India (CIN: L40100GJ1996PLC030533). Its shares are listed on two recognised stock exchanges in India.

The Company has installed capacity of 12,450 MW (which includes 40 MW solar power) at multiple locations i.e. Bitta, Mundra, Kawai, Tiroda, Udupi, Raipur and Raigarh. The Company sells power under long term Power Purchase Agreement (PPAs), Supplemental Power Purchase Agreement (SPPAs), medium term PPAs, short term PPAs, on merchant basis and also engaged in trading, investment and other business activities.

The Company, together with its subsidiaries currently has multiple power projects located at various locations with a combined installed and commissioned capacity of 15,250 MW and another 1,600 MW under construction phase as of year end. The Company, together with its subsidiaries sells power generated from these projects under a combination of long term Power Purchase Agreements (PPAs), Supplemental Power Purchase Agreement (SPPAs), medium term PPAs, short term PPAs and on merchant basis and also engaged in trading, investment and other business activities.

The financial statements were approved for issue in accordance with a resolution of the directors on May 01, 2024.

2 Material Accounting policies

2.1 Basis of preparation

The standalone financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) read with section 133 of Companies Act, 2013 and presentation requirements of Division II of schedule III to the Companies Act, 2013 (Ind AS compliant Schedule III), on the historical cost basis except for certain financial instruments that are measured at fair values, as explained in the accounting policies below.

The financial statements are presented in INR (₹) which is also the company's functional currency and all values are rounded to the nearest crore, except when otherwise indicated.

2.2 Summary of material accounting policies

a Property, plant and equipment

Property, plant and equipment are stated at original cost grossed up with the amount of tax / duty benefits availed, less accumulated depreciation and accumulated impairment losses, if any. Other Indirect expenses relating to the project activities, incurred during the project development period, net of income earned during the period till commercial operation date of the project, are recorded as indirect project expenses and disclosed as a part of Capital Work-in-Progress. Properties / projects in the course of construction are carried at cost, less any recognised impairment losses. All costs, including borrowing costs incurred up to the date the asset is ready for its intended use, is capitalised along with respective asset. Capital work in progress is stated at cost, net of accumulated impairment loss, if any.

When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives.

Items of stores and spares that meet the definition of property, plant and equipment are capitalised at cost and depreciated over their useful life.

In respect of Property, plant and equipment covered under part A of Schedule II to the Companies Act, 2013, depreciation is recognised based on the cost of assets (other than freehold land) less their residual values over their useful lives, using the straight-line method in the statement of profit and loss unless such expenditure forms part of carrying value of another asset. The useful life of property, plant and equipment is considered based on life prescribed in schedule II to the Companies Act, 2013 except in case of power plant assets,

Notes to Standalone Financial Statements

for the year ended March 31, 2024

where the life has been estimated at 25 years based on technical assessment, taking into account, the estimated usage of the assets and the current operating condition of the assets. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Major inspection / overhauling including turnaround and maintenance cost are depreciated over the period of 5 years. All other repair and maintenance costs are recognised in the statement of profit and loss as incurred.

Assets class wise useful life of the Property, plant and equipment (except for Udupi Thermal power plant ("Udupi TPP"), as disclosed separately) are mentioned below :

Assets Class	Useful Life (In years)

Office Equipment	3 to 5
Vehicles - Four Wheelers and Two Wheelers	8 to 10
Vehicles - Others	3 to 25

In respect of Property, plant and equipment covered under part B of Schedule II to the Companies Act, 2013, depreciation is recognised based on the cost of Property, plant and equipment (other than freehold land) at the rates as well as methodology notified by the Central Electricity Regulatory Commission ("CERC") (Terms and Conditions of Tariff) Regulations, 2019 in the statement of profit and loss unless such expenditure forms part of carrying value of another asset under construction mainly in respect of Udupi TPP. In case of assets with useful life lesser than the power plant project life, the useful life of these assets has been considered for the purpose of calculation of depreciation as per the provisions of the Companies Act, 2013 and subsequent amendments thereto.

In case of Udupi TPP, Property, plant and equipment class wise depreciation rates are mentioned below:

Assets Class	(In %)
Land - Freehold	N.A.
Right-of-Use Assets - over the lease term	5.00 to 20.00
Buildings - Temporary Structures	20.00 to 25.00
Buildings - Others	3.34
Plant and Equipment - Boiler, Turbine and Generator	5.28
Plant and Equipment - Capital Overhauling	20
Furniture and Fixtures	6.33
Computer Hardware	15.00
Office Equipment	6.33
Vehicles	9.50

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the statement of profit and loss.

Notes to Standalone Financial Statements

for the year ended March 31, 2024

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred. Subsequent costs are depreciated over the residual life of the respective assets. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

b Current versus non-current classification

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle for determining current and non-current classification of assets and liabilities in the Balance sheet.

Deferred Tax Assets and liabilities are classified as non-current assets and liabilities.

c Financial Instruments

A Financial Instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and financial liabilities are initially measured at fair value with the exception of trade receivables that do not contain significant financing component or for which the Company has applied the practical expedient, the Company initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, the transaction cost. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the statement of profit and loss.

d Financial assets

Initial recognition and measurement

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis i.e. the date that the Company commits to purchase or sell the assets. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades).

Subsequent measurement

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Classification of Financial assets

Financial assets measured at amortised cost

Financial assets that meet the criteria for subsequent measurement at amortised cost are measured using effective interest method ("EIR") (except for debt instruments that are designated as at fair value through profit or loss on initial recognition).

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR.

Financial assets at fair value through other comprehensive income (FVTOCI)

Financial assets that meet the criteria for initial recognition at FVTOCI are remeasured at fair value at the end of each reporting date through other comprehensive income (OCI).

Notes to Standalone Financial Statements

for the year ended March 31, 2024

Financial assets at fair value through profit or loss (FVTPL)

Financial assets that do not meet the amortised cost criteria or FVTOCI criteria are remeasured at fair value at the end of each reporting date through profit and loss.

Impairment of Financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, trade receivables and other contractual rights to receive cash or other financial asset.

The Company measures the loss allowance for a trade receivable and contract assets by following 'simplified approach' at an amount equal to the lifetime expected credit losses ("ECL"). In case of other financial assets, 12-month ECL is used to provide for impairment loss and where credit risk has increased, significantly, lifetime ECL is used.

Derecognition of financial assets

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity, is recognised in the statement of profit and loss if such gain or loss would have otherwise been recognised in the statement of profit and loss on disposal of that financial asset.

e Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. Compound financial instruments are separated into liability and equity components based on the terms of the contract.

Instruments entirely equity in nature

Unsecured perpetual securities ("securities") are the securities with no fixed maturity or redemption and the same are callable only at the option of issuer. These securities are ranked senior only to the equity share capital of the Company and the issuer does not have any redemption obligation hence these securities are recognised as equity as per Ind AS 32.

Financial liabilities

Initial recognition and measurement

All financial liabilities are recognised initially at fair value and in the case of financial liabilities at amortised cost, net of directly attributable transaction costs.

Subsequent Measurement

For purposes of subsequent measurement, financial liabilities are classified under two categories:

- Financial liabilities at fair value through profit or loss
- Financial liabilities at amortised cost

Classification of Financial liabilities

Financial liabilities at fair value through profit or loss (FVTPL)

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as fair value through profit or loss. Financial liabilities are classified as held for trading if these are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company those are not designated as hedging instruments in hedge relationships as defined by Ind AS 109.

Gains or losses on liabilities held for trading are recognised in the profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. Subsequent changes in fair value

Notes to Standalone Financial Statements

for the year ended March 31, 2024

of liabilities are recognised in the statement of profit and loss.

Fair values are determined in the manner described in note 'm'.

Financial liabilities measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item in the statement of profit and loss.

Derecognition of financial liabilities

On derecognition, the difference between the carrying amount of the financial liability derecognised and the consideration paid / payable is recognised in the statement of profit and loss. In case of derecognition of financial liabilities relating to promoters contribution, the difference between the carrying amount of the financial liability derecognised and the consideration paid / payable is recognised in other equity.

Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a legally enforceable right (not contingent on future events) to off-set the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

Financial guarantee contracts

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value through profit or loss, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

f Derivative financial instruments

The Company enters into a variety of derivative financial instruments to manage its exposure to interest rate and foreign exchange rate risks on borrowings / purchases, including foreign exchange forward contracts, interest rate swaps and cross currency swaps, Principal only Swap, coupon only swap etc. Further details of derivatives financial instruments are disclosed in note 47.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. The resulting gain or loss is recognised in the statement of profit and loss immediately, except for the effective portion of cash flow hedges, which is recognised in OCI and later reclassified to profit or loss.

g Hedge Accounting

The Company designates certain hedging instruments, which mainly includes derivatives in respect of foreign currency risk, as cash flow hedges.

At the inception of the hedge relationship, the Company documents the relationship between the hedging instrument and hedged item, along with its risk management objectives and its strategy for undertaking various hedge transactions. Furthermore, at the inception of the hedge and on an ongoing basis, the Company documents whether the hedging instrument is highly effective in offsetting changes in fair value or cash flows of the hedged item attributable to the hedged risk.

Notes to Standalone Financial Statements

for the year ended March 31, 2024

Cash flow hedges

The Company uses forward currency contracts as hedges of its exposure to foreign currency risk in forecast transactions and firm commitments. The Company designates only the spot element of a forward contract as a hedging instrument. The forward element is recognised in OCI. The ineffective portion relating to foreign currency contracts is recognised in finance costs.

h Investments in subsidiaries and associates

Investments in subsidiaries and associates are accounted for at cost, net of impairment, if any. (Also refer note 3(v)).

i Inventories

Inventories are stated at the lower of cost or net realisable value after providing for obsolence and other losses where considered necessary. Costs include all non-refundable duties and all charges incurred in bringing the goods to their present location and condition. Cost is determined on First in First out (FIFO) for coal inventory and on weighted average basis for other than coal inventory. Net realisable value represents estimated selling price of inventories and in case of coal inventory, it also includes the tariff price recoverable from supply of power generated from usage of coal less all estimated cost necessary to make the sale.

j Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, that are readily convertible to a known amount of cash and subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

k Business combinations and Goodwill

Acquisitions of business are accounted for using the acquisition method except business combination under common control. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition date fair values of the assets transferred by the Company, liabilities incurred by the Company to the former owners of the acquiree and the equity interest issued by the Company in exchange of control of the acquiree. Acquisition related costs are charged to the statement of profit and loss for the periods in which the costs are incurred and the services are received, with the exception of the costs of issuing debt or equity securities that are recognised in accordance with Ind AS 32 and Ind AS 109.

A business combination involving entities or businesses under common control is a business combination in which all of the combining entities or businesses are ultimately controlled by the same party or parties both before and after the business combination and the control is not transitory. The transactions between entities under common control are specifically covered by Ind AS 103. Such transactions are accounted for using the pooling-of-interest method. The assets and liabilities of the acquired entity are recognised at their carrying amounts of the Company's financial statements. No adjustments are made to reflect fair values or recognise any new assets or liabilities. The components of equity of the acquired companies are added to the same components within the Company's equity. The difference, if any, between the amounts recorded as share capital issued plus any additional consideration in the form of cash or other assets and the amount of share capital of the transferor is transferred to capital reserve and is presented separately from other capital reserves. The Company's shares issued in consideration for the acquired companies are recognised from the moment the acquired companies are included in these financial statements and the financial statements of the commonly controlled entities would be combined, retrospectively, as if the transaction had occurred at the beginning of the earliest reporting period presented.

Notes to Standalone Financial Statements

for the year ended March 31, 2024

Purchase consideration paid in excess / shortfall of the fair value of identifiable assets and liabilities including contingent liabilities and contingent assets, is recognised as goodwill / capital reserve respectively, except in case where different accounting treatment is specified in the court / National Company Law Tribunal ("NCLT") approved scheme.

However, the following assets and liabilities acquired in a business combination are measured at the basis indicated below:

- Deferred tax assets or liabilities, and liabilities or assets related to employee benefits arrangements are recognised and measured in accordance with Ind AS 12 "Income Taxes" and Ind AS 19 "Employee Benefits" respectively
- Potential tax effects of temporary differences and carry forwards of an acquiree that exist at the acquisition date or arise as a result of the acquisition are accounted in accordance with Ind AS 12

Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business less accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to each of the Company's cash-generating units (or company's of cash-generating units) that is expected to benefit from the synergies of the combination.

A cash-generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised directly in statement of profit and loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

On disposal of the relevant cash-generating unit, the attributable amount of goodwill is included in the determination of the profit or loss on disposal.

l Foreign currency translations and transactions

In preparing the financial statements of the Company, transactions in currencies other than the entity's functional currency are recognised at the rate of exchange prevailing at the date of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in profit and loss in the period in which they arise except for exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings.

The Company has elected to continue the policy adopted for accounting for exchange differences arising from translation of long-term foreign currency monetary items outstanding and recognised in the financial statements for the period ending immediately before the beginning of the first Ind AS financial reporting period i.e. March 31, 2016 as per the previous GAAP.

m Fair value measurement

The Company measures financial instruments, such as, derivatives and mutual funds at fair value at each balance sheet date.

The Company's management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value.

The Company uses valuation techniques that are appropriate in the circumstances and for

Notes to Standalone Financial Statements

for the year ended March 31, 2024

which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- External valuers are involved for valuation of significant assets, such as unquoted financial assets and financial liabilities and derivatives.
- For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

n Government grants

The Company recognises government grants only when there is reasonable assurance that grant will be received, and all the attached conditions will be complied with. Where Government grants relates to non-monetary assets, the cost of assets is presented at gross value and grant significantly complied thereon is recognised as income in the statement of profit and loss over the useful life of the related assets in proportion in which depreciation is charged.

Grants related to income are recognised in the statement of profit and loss in the same period as the related cost which they are intended to compensate are accounted for.

o Contract Balances

Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional. Contract assets are subject to impairment assessment.

Trade receivables

A receivable represents the Company's right to an amount of consideration that is unconditional i.e. only the passage of time is required before payment of consideration is due and the amount is billable. (refer note 3(viii))

Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration from the customer. Contract liabilities are recognised as revenue when the Company performs obligations under the contract.

p Revenue recognition

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

Revenue is measured based on the transaction price, which is the consideration, adjusted for discounts and other incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes or other amounts collected from customers.

The disclosure of significant accounting judgements, estimates and assumptions relating to revenue from contracts with customers are provided in Note 3 (vii).

The specific recognition criteria described below must also be met before revenue is recognised.

Notes to Standalone Financial Statements

for the year ended March 31, 2024

i) **Revenue from Power Supply**

The Company's contracts with customers for the sale of electricity generally include one performance obligation. The Company has concluded that revenue from sale of electricity should be recognised at the point in time when electricity is transferred to the customer.

Revenue from operations on account of Force Majeure events / change in law events in terms of PPAs / SPPAs with customers (Power Distribution Utilities) is accounted for by the Company based on the orders / reports of Regulatory Authorities, best management estimates, wherever needed and reasonable certainty to expect ultimate collection.

In case of PPA under section 62 of Electricity Act, 2003, revenue from sale of power is recognised based on the most recent tariff order approved by the CERC, as modified by the orders of Appellate Tribunal for Electricity ("APTEL"), to the extent applicable, having regard to mechanism provided in applicable tariff regulations and the bilateral arrangements with the customers. Where the tariff rates are yet to be approved, provisional rates are adopted considering the applicable CERC Tariff Regulations.

ii) **Sale of traded goods**

Revenue from the sale of traded goods is recognised at the point in time when control of the goods is transferred to the customers, which generally coincides with the delivery of goods.

iii) Carrying cost in respect of claims for change in law of taxes and duties, additional cost incurred on procurement of alternative coal and on other claims are recognised upon approval by relevant regulatory authorities, best management estimates and based on reasonable certainty to expect ultimate collection.

iv) Interest income is recognised on time proportion basis at the effective interest rate ("EIR") applicable.

v) Late payment surcharge on delayed payment for power supply is recognised based on receipt / collection from customers or on acceptance / acknowledgement by the customers whichever is earlier.

q Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, that necessarily take a substantial period of time to get ready for their intended use or sale, are capitalised as part of the cost of the asset, until such time as the assets are substantially ready for their intended use or sale. Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in statement of profit and loss in the period in which they are incurred. Borrowing cost consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing cost.

r Employee benefits

i) **Defined benefit plans:**

The Company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees (in some cases funded through Group Gratuity Scheme of Life Insurance Corporation of India). The Company accounts for the liability for the gratuity benefits payable in future and its classifications between current and non-current liabilities are based on an independent actuarial valuation carried out using Projected Unit Credit Method.

Defined benefit costs in the nature of current and past service cost and net interest expense or income are recognised in the statement of profit and

Notes to Standalone Financial Statements

for the year ended March 31, 2024

loss in the period in which they occur. Remeasurement, comprising of actuarial gains and losses, the effect of changes to the asset ceiling (excluding amounts included in net interest or the net defined benefit liability) and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability) are recognised immediately in the balance sheet with corresponding debit or credit to retained earnings through OCI in the period in which it occurs. Remeasurement are not classified to statement of profit and loss in subsequent periods. Past service cost is recognised in statement of profit and loss in the period of a plan amendment.

ii) **Defined contribution plan:**

Retirement Benefits in the form of Provident Fund and Family Pension Fund which are defined contribution schemes are charged to the statement of profit and loss for the period in which the contributions to the respective funds accrue as per relevant statues.

iii) **Compensated Absences:**

Provision for Compensated Absences and its classifications between current and non-current liabilities are based on independent actuarial valuation. The actuarial valuation is done as per the projected unit credit method as at the reporting date.

iv) **Short term employee benefits:**

These are recognised at an undiscounted amount in the Statement of Profit and Loss for the year in which the related services are rendered.

s Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Company as lessor

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Rental income from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the Company's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

The Company as lessee

The Company recognises right-of-use assets and lease liabilities for all leases except for short-term leases and leases of low-value assets.

The Company applies the available practical expedients wherein it:

- Uses a single discount rate to a portfolio of leases with reasonably similar characteristics
- Relies on its assessment of whether leases are onerous immediately before the date of initial application
- Applies the short-term leases exemptions to leases with lease term that ends within 12 months at the date of initial application

Notes to Standalone Financial Statements

for the year ended March 31, 2024

- Excludes the initial direct costs from the measurement of the right-of-use asset at the date of initial application
- Uses hindsight in determining the lease term where the contract contains options to extend or terminate the lease

Right-of-use assets

The company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use).

The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. refer note 'a' for useful life of right of use assets.

The right-of-use assets are also subject to impairment. refer note 'w' for impairment of non-financial assets.

Lease Liability

The Company records the lease liability at the present value of the lease payments discounted at the incremental borrowing rate at the date of initial application and right of use asset at an amount equal to the lease liability adjusted for any prepayments/accruals recognised in the balance sheet. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

Subsequent measurement of lease liability

The lease liability is remeasured when there is change in future lease payments arising from a change in an index or a rate, or a change in the estimate of the guaranteed residual value, or a change in the assessment of purchase, extension or termination option. When the lease liability is measured, the corresponding adjustment is reflected in the right-of-use asset.

t Taxes on Income

Tax expenses comprises current tax and deferred tax. These are recognised in the statement of profit and loss except to the extent that it relates to a business combination, or items recognised directly in equity or in other comprehensive income.

Current tax

Tax on income for the current period is determined on the basis of estimated taxable income and tax credits computed in accordance with the provisions of the relevant tax laws and based on the expected outcome of assessments / appeals. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Notes to Standalone Financial Statements

for the year ended March 31, 2024

Deferred tax

Deferred tax is recognised for the future tax consequences of deductible temporary differences between the carrying values of assets and liabilities and their respective tax bases at the reporting date. Deferred tax liabilities are generally recognised for all taxable temporary differences except when the deferred tax liability arises at the time of transaction that affects neither the accounting profit or loss nor taxable profit or loss. Deferred tax assets are generally recognised for all deductible temporary differences, carry forward of unused tax credits and any unused tax losses, to the extent that it is probable that future taxable income will be available against which the deductible temporary differences and carry forward of unused tax credit and unused tax losses can be utilised, except when the deferred tax asset relating to temporary differences arising at the time of transaction affects neither the accounting profit or loss nor the taxable profit or loss. Deferred tax relating to items recognised outside the statement of profit and loss is recognised outside the statement of profit and loss, either in other comprehensive income or directly in equity. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax assets to be recovered.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

The Company offsets deferred tax assets and deferred tax liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

When there is uncertainty regarding income tax treatments, the Company assesses whether a tax authority is likely to accept an uncertain tax treatment. If it concludes that the tax authority is unlikely to accept an uncertain tax treatment, the effect of the uncertainty on taxable income, tax bases and unused tax losses and unused tax credits is recognised. The effect of the uncertainty is recognised using the method that, in each case, best reflects the outcome of the uncertainty: the most likely outcome or the expected value. For each case, the Company evaluates whether to consider each uncertain tax treatment separately, or in conjunction with another or several other uncertain tax treatments, based on the approach that best prefixes the resolution of uncertainty.

u Earnings per share

Basic earnings per share is computed by dividing the profit / (loss) after tax (net off distribution on Perpetual Securities whether declared or not) by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax (net off distribution on Perpetual Securities whether declared or not) as adjusted for the effects of dividend, interest and other charges relating to the dilutive potential equity shares by weighted average number of shares plus dilutive potential equity shares.

v Provisions, Contingent Liabilities and Contingent Assets

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

Notes to Standalone Financial Statements

for the year ended March 31, 2024

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of amount cannot be made.

Contingent liabilities may arise from litigation, taxation and other claims against the Company. The contingent liabilities are disclosed where it is management's assessment that the outcome of any litigation and other claims against the Company is uncertain or cannot be reliably quantified, unless the likelihood of an adverse outcome is remote.

Contingent assets are not recognised but are disclosed in the notes where an inflow of economic benefits is probable.

A contingent liability recognised in a business combination is initially measured at its fair value. Subsequently, it is measured at the higher of the amount that would be recognised in accordance with the requirements for provisions above or the amount initially recognised less, when appropriate, cumulative amortisation recognised in accordance with the requirements for revenue recognition.

w Impairment of non-financial assets

The Company assess, at each reporting date whether there is any indication that assets may be impaired. If any such indication exists, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit ("CGU") fair value less costs to disposal and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

In assessing value in use, the estimated future cash flows are discounted to their present values using a pre-tax discount rate that reflects current market assessment of the time value of money and the risks specific to the asset. In determining fair value less cost of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Company enters into transaction with suppliers that involves prepayment in conjunction with advances for goods and services wherein the Company assesses at each reporting date whether goods against the advance is recoverable and if there is any indication, the asset may be provided.

Goodwill is tested for impairment annually and when circumstances indicate that the carrying value may be impaired.

The Company bases its impairment calculation on detailed budget and forecast calculations, which are prepared separately for each of the Company's cash-generating unit to which the individual assets are allocated. For longer periods, a long-term growth rate is calculated and applied to project future cash flows. To estimate cash flow projections beyond periods covered by the most recent budget / forecasts, the Company estimates cash flow projections based on estimated growth rate.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the statement of profit and loss.

x Mine Development Expenditure :

i) Expenditure incurred towards coal mines under construction are capitalised to 'Coal Mines under construction' as long as they meet the capitalisation criteria and is presented as capital work-in-progress. Upon commencement of production stage, the 'Coal Mines under construction' is

Notes to Standalone Financial Statements

for the year ended March 31, 2024

capitalised and presented as 'Mining Rights' under Intangible Assets except in situation when the Company decide to surrender its rights in mine and amount is classified as recoverable from Nominated Authorities.

ii) Mining Rights are amortised using unit-of-production method on the basis of proven and probable reserves on commencement of commercial production.

Mine Closure Obligations :

The liability for meeting the mine closure has been estimated based on the mine closure plan in the proportion of total area exploited to the total area of the mine as a whole. These costs are updated annually during the life of the mine to reflect the developments in mining activities. The mine closure obligations are included in Mining Rights under Intangible assets and amortised based on unit of production method.

3 Significant accounting judgements, estimates and assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. The estimates and assumptions are based on historical experience and other factors that are considered to be relevant. The estimates and underlying assumptions are reviewed on an ongoing basis and any revisions thereto are recognised in the period of revision and future periods if the revision affects both the current and future periods. Uncertainties about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Key Sources of estimation uncertainty :

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. Existing circumstances and assumptions about future developments may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

i) Useful lives of property, plant and equipment

In case of the power plant equipments, where the life of the assets has been estimated at 25 years based on technical assessment, taking into account the estimated usage of the asset and the current operating condition of the asset, depreciation on the same is provided based on the useful life of each component based on technical assessment, if materially different from that of the main asset.

ii) Fair value measurement of financial instruments

In estimating the fair value of financial assets and financial liabilities, the Company uses market observable data to the extent available. Where such Level 1 inputs are not available, the Company establishes appropriate valuation techniques and inputs to the model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments. Information about the valuation techniques and inputs used in determining the fair value of various assets and liabilities are disclosed in note 51.

iii) Defined benefit plans (gratuity benefits)

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these

Notes to Standalone Financial Statements

for the year ended March 31, 2024

assumptions. All assumptions are reviewed at each reporting date. Information about the various estimates and assumptions made in determining the present value of defined benefit obligations are disclosed in note 55.

iv) Impairment of non financial assets

For determining whether property, plant and equipments and goodwill are impaired, it requires an estimation of the value in use of the relevant cash generating units. The value in use calculation is based on a Discounted Cash Flow model over the estimated useful life of the Power Plants. Further, the cash flow projections are based on estimates and assumptions relating to tariff, change in law claims, operational performance of the Plants, life extension plans, market prices of coal and other fuels, exchange variations, inflation, terminal value etc. which are considered reasonable by the Management. (refer note 46).

v) Impairment of Investments made / Loans given to subsidiaries

In case of investments made and loans given by the Company to its subsidiaries, the Management assesses whether there is any indication of impairment in the value of investments and loans. The carrying amount is compared with the present value of future net cash flow of the subsidiaries based on its business model or estimates is made of the fair value of the identified assets held by the subsidiaries, as applicable.

vi) Taxes

Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies, including estimates of temporary differences reversing on account of available benefits under the Income Tax Act, 1961. (Also refer note 8)

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

vii) Income / Revenue

Revenue from Operations on account of Force Majeure / Change in Law events or Interest Income on account of carrying cost in terms of Power Purchase Agreements / Supplemental Power Purchase Agreements with various State Power Distribution Utilities is accounted for / recognised by the Company based on best management estimates following principles of prudence, as per the orders / reports of Regulatory Authorities, the Hon'ble Supreme Court of India ("Hon'ble Supreme Court") and the outstanding receivables thereof in the books of account have been adjusted / may be subject to adjustments on account of consequential orders of the respective Regulatory Authorities, the Hon'ble Supreme Court and final closure of the matters with the respective Discoms. (refer note 32 and 33).

In certain cases, the Company has claimed compensation from the Discoms based on management's interpretation of the regulatory orders and various technical parameters including provisional methodology for coal cost recovery, which are subject to final verification and confirmation by the respective Discoms, and hence, in these cases, the revenues have been recognised during various financial years / periods, on a prudent basis with conservative attributable parameters in the books. The necessary true-up adjustments for revenue claims (including carrying cost / delayed payment surcharge) are made in the books on final acknowledgement / regulatory orders / settlement of matters with respective Discoms or eventual recovery of the claims, whichever is earlier.

In case of Udupi TPP, Revenue from sale of power and other income is recognised upon judgement by the management for recoverability of the claims based on the relevant contractual terms / provisional tariff rates as provided by the regulator / governing tariff regulations, to the

Notes to Standalone Financial Statements

for the year ended March 31, 2024

extent applicable, having regard to mechanism provided in applicable tariff regulations and the bilateral arrangement with the customers, which may be subject to adjustments in future years, on receipt of final orders of the respective Regulatory Authorities or final closure of the matter with the customers. (refer note 32 and 33).

viii) Classification of Trade Receivables :

In cases of circumstances / matters where there are pending litigations on regulatory matters / change in law claims, the classification of disputed / undisputed trade receivables is a matter of judgement based on facts and circumstances. The Company has evaluated the fact pattern and circumstances, including ongoing discussions with the Discoms, for each such regulatory matter pending to be adjudicated by the relevant authority.

In cases, where rule of law and principles of economic restitution have already been established by APTEL / Supreme Court in similar matters, the revenues are recognised on prudent and conservative technical parameters, significant amounts have been recovered already and the management does not perceive any downside risks in future on final adjudication by Supreme Court and settlement of matter with Discoms, the related receivables are classified as undisputed.

In cases, where discussions with Discoms have not made reasonable progress and matters are sub-judice, the related receivables are classified as disputed, even though the management is reasonably confident of recovering the dues in full, backed by the regulatory orders in favour of the Company.

The management will continue to monitor the developments on regulatory claims.

ix) Mega Power Status :

One of the thermal power plant has availed exemption of customs / excise duty in pursuance to terms of the provisional mega power policy as notified by the Government of India. The Company has not recongnised for the reduction in cost to property, plant and equipment as a grant, pending compliance of terms of Mega Power Status which needs to be attained within 156 months, from the date of import of plant and equipment as per approval by the Ministry of Power ("MoP"), Government of India vide amendment dated April 07, 2022. The management is of the view that the Company will comply with the grant conditions within the specified time. The Company will recognise grant to the extent of the duty waiver availed in the year of receipt of final mega power status to said thermal power plant or corresponding liability if any on expiry of the time lines specified in the MoP approval.

Notes to Standalone Financial Statements

for the year ended March 31, 2024

4.1 Property, Plant and Equipment and Capital Work In Progress (refer note 46) (Contd...)

i) For charge created on aforesaid assets, refer note 21 and 26.

ii) During the previous year, certain project of ₹ 33.97 crore were provided for by the Company on account of impairment.

iii) In case of Mundra thermal power plants ("Mundra TPP"), the Company has availed tax and duty benefit in the nature of exemptions from Custom Duty, Excise Duty, Service Tax, VAT and CST on its project procurements. The said benefits were availed by virtue of SEZ approval granted to the Power Plant in December 2006, in terms of the provisions of the Special Economic Zones Act, 2005 (hereinafter referred to as the 'SEZ Act') and the Special Economic Zone Rules, 2006 which entitled the Power Plant to procure goods and services without payment of taxes and duties as referred above.

The Company in respect of Tiroda thermal power plants ("Tiroda TPP") and Kawai thermal power plants ("Kawai TPP") have availed tax and duty benefit in the nature of exemptions from Custom Duty and Excise Duty on its project procurements. The said benefits were availed by virtue of power plants being designated as Mega Power Project in accordance with the policy guidelines issued in this regard by the Ministry of Power, Government of India which entitled Tiroda TPP and Kawai TPP to procure goods and services without payment of taxes and duties as referred above.

Since, the procurement of goods and services during the project period were done by availing the exemption from payment of aforesaid taxes and duties, the amount capitalised for these power plants as on the capitalisation date, is cost of property, plant and equipment (PPE) net off tax and duty benefit availed. However, on transition to IND AS w.e.f. April 01, 2015, in compliance with Ind AS 20 – "Government Grant", the value of PPE of Mundra TPP, Kawai TPP and Tiroda TPP have been grossed up by the amount of tax and duty benefit / credit availed after considering such benefits as government grant. The amount of said government grant (net off accumulated depreciation) as on the transition date has been added to the value of PPE with corresponding credit made to the deferred government grant. The amount of grant is amortised over useful life of PPE along with depreciation on PPE. The amount of deferred liability is amortised over the useful life of the PPE with credit to statement of profit and loss classified under the head "Other Income".

The Company has Government grant balance (net) of ₹ 4,183.27 crore till March 31, 2024 (Previous year ₹ 4,487.33 crore).

iv) During the current year, depreciation of ₹ 3.71 crore (Previous year ₹ Nil) and finance cost ₹ 2.95 crore (Previous year ₹ Nil) relating to qualifying assets have been allocated to Capital Work in Progress. The rate used to determine the amount of borrowing cost eligible for capitalisation is 9.00%.

v) Cost of Property Plant and Equipment includes carrying value recognised as deemed cost as of April 01, 2015, measured as per previous GAAP and cost of subsequent additions.

	Less than 1 year	1-2 Years	2-3 Years	More than 3 Years	Total
Railway Siding Project	-	59.16	-	-	59.16
Total	**-**	**59.16**	**-**	**-**	**59.16**

Notes:

a) The capital assets in the nature of Railway Siding for Raigarh TPP forming part of Capital Work-In-Progress have become overdue compared to the original completion plan. The Company is in the process of acquiring additional land for completing the asset under development. The Management expects to acquire additional land from the government authorities and has already obtained in principle approval from railway authorities for the said project. Post acquisition of the additional land, the management will update the estimate and assumption of the original completion plan of the assets. Further, given that demand of power is expected to be higher compared with generation capacity available in the industry, the development of asset forming part of Capital Work-In-Progress will have economic viability for the Company. Further, in Current year the company is in advance stage in obtaining final approval of South East Central Railways to carry out development activities for the siding project. Also, the company has paid advance of ₹ 37.60 crore to CSIDC for allotment of land.

b) The Company does not have any project temporarily suspended.

x) Title deeds of immovable properties (including Right to Use Assets) not held in name of the Company as at March 31, 2024:

Notes :

i) Of the above shares 243,65,00,000 Equity shares (Previous year - 243,65,00,000 Equity shares) have been pledged by the Company as additional security for secured term loans availed by AP(J)L.

ii) During the year, the Company has invested ₹ 800.00 crore in equity shares of MEL. Of the above shares 40,85,10,000 Equity shares (Previous year - 5,10,000 Equity shares) have been pledged by the Company as additional security for secured term loans availed by MEL.

iii) During the year, the Company has invested additional ₹ 195.00 crore (Previous year ₹ 737.20 crore) into 1,95,00,000 Optionally Convertible Debentures ("OCDs") of its wholly owned subsidiary, AP(J)L. The OCDs

Notes to Standalone Financial Statements

for the year ended March 31, 2024

5 Non - Current Investments (Contd...)

shall be optionally converted into equity share capital at fair value at the discretion of issuer or will be redeemed in full or part after December 31, 2037. The OCDs have coupon rate of 100 basis points less than interest coupon rate payable to lenders of AP(J)L, w.e.f June 26, 2023 on completion of construction period. The OCDs were initially issued at Zero Coupon. On completion of construction on June 26, 2023, the Company remeasured the fair value of outstanding OCDs on that date and on account of modification of contractual cashflows, the effective interest rate gets revised. The Company derecognised equity contribution by ₹ 80.08 crore and increased the fair value of outstanding OCDs. The fair value of the OCD as at March 31, 2024 is ₹ 331.51 crore (Previous year - ₹ 411.59 crore). Out of the above 21,75,75,900 OCDs (Previous year - 19,80,75,900) have been pledged by the Company as additional security for secured term loans availed by AP(J)L.

iv) During the year ended March 31, 2022, the Company had invested ₹ 118.70 crore into OCDs of its wholly owned subsidiary MEL. These OCDs shall be optionally converted into equity share capital at fair value at the discretion of issuer or will be redeemed in full on completion of 10 years from the date of allotment. The fair value as at March 31, 2024 is ₹ 54.31 crore (Previous year ₹ 50.16 crore).

v) During the year, the Company has invested ₹ 6.35 crore (Previous year ₹ 80.66 crore) and ₹ Nil (Previous year ₹ 43.91 crore ((out of which ₹ 2.10 crore redeemed during the previous year)) into Optionally Convertible Debentures ("OCDs") of its wholly owned subsidiaries, Chandenvalle Infra Park Limited and Alcedo Infra Park Limited respectively for the purpose of acquiring land on lease. These OCDs shall be optionally converted into equity shares in the ratio of 1 : 1 or will be redeemed at the discretion of issuer at any time within 10 years from the date of issue.

vi) During the year, the Company has invested ₹ 38.75 crore (Previous year - ₹ 164.13 crore) into OCD of Aviceda Infra Park Limited for the purpose of acquiring land. The OCD were sold along investment in equity shares of Aviceda Indra Park Limited. (refer note 32 (vii))

vii) On June 07, 2022, the Company has acquired 100% equity shares of Innovant Buildwell Private Limited (Formerly known as Eternus Real Estate Private Limited) ("IBPL") for a consideration of ₹ 329.30 crore and it also settled the liability of ₹ 320.70 crore respectively towards the existing debt of IBPL. Hence, IBPL became wholly owned subsidiary of the Company w.e.f. June 07, 2022. IBPL hold land parcel at Navi Mumbai. Further, transaction cost of ₹ 63.34 crore is added to investment in IBPL. During the current year, the Company has disposed off its investment in IBPL. (refer note 32(vii) for sale transaction)

viii) The investment in Compulsory Convertible Debentures of various subsidiaries shall be mandatorily converted in to equity shares at par in the ratio of 10:1 at any time after the expiry of 5 years but before 20 years from the date of issue i.e. during financial year 2016-17 to 2018-19.

ix) Fair value of OCD and Financial guarantee obligation accounted as deemed investment through equity instruments.

₹ In crore

Particulars	As at March 31, 2024	As at March 31, 2023
In terms of fair valuation of Financial guarantee		
Adani Power (Jharkhand) Limited	356.73	356.10
Mahan Energen Limited	25.76	25.76
In terms of fair valuation of OCD		
Adani Power (Jharkhand) Limited	331.51	411.59
Mahan Energen Limited	72.70	72.70

x) Investments at Fair Value Through Other Comprehensive Income (FVTOCI) reflect investment in unquoted equity instruments. These equity shares are designated as FVTOCI as they are not held for trading purpose, thus disclosing their fair value change in profit and loss will not reflect the purpose of holding.

Note:

i) For charges created on investments, refer note 21 and 26.

12 Trade Receivables

₹ In crore

Particulars	As at March 31, 2024	As at March 31, 2023
Secured, considered good	2,356.58	1,820.40
Unsecured, considered good	4,338.61	9,560.53
Trade Receivables which have significant increase in credit risk	-	-
Trade Receivables - Credit impaired	-	-
Total	**6,695.19**	**11,380.93**

Notes:

i) For charges created on Trade Receivables, refer note 21 and 26.

ii) **Credit concentration**

As at March 31, 2024, out of the total trade receivables 91.99% (Previous year - 93.53%) pertains to dues from State Electricity Distribution Companies under contractual agreement through Power Purchase Agreements ("PPAs") / Supplemental Power Purchase Agreement ("SPPAs") including receivables on account of claims under Force Majeure / Change in Law matters, carrying cost thereof etc. Also refer note 3 relating to significant accounting judgements, estimates and assumptions for income / revenue recognition. Also includes 5.73% (Previous year - 4.63 %) from related parties (refer note 64) and remaining receivables from others.

iii) **Expected Credit Loss (ECL)**

The Company is having majority of receivables against power supply from State Electricity Distribution Companies ("Discoms") which are Government undertakings.

The Company is regularly receiving its normal power sale dues from Discom and in case of regulatory revenue claims, the same is recognised on conservative basis based on best management estimates following principles of prudence, as per the binding regulatory orders. In case of delayed payments apart from carrying cost on settlement of claims, the Company is entitled to receive interest as per the terms of PPAs / SPPAs. Hence they are secured from credit losses in the future.

iv) Trade receivables includes Customers' bills discounted of ₹ Nil (Previous year - ₹ 1,192.50 crore).

v) Also refer note 32 for disclosures related to revenue and note 49 for ageing of receivables.

vi) The fair value of Trade receivables are approximately the carrying value presented (Also refer note 51).

	Closing Balance	**17,269.19**	**145.01**

Nature and purpose of reserves :

i) (a) Capital Reserve includes ₹ 359.80 crore created due to amalgamation of Growmore Trade and Investment Private Limited with the Company in the financial year 2012-13. As per the order of the Hon'ble High Court of Gujarat, the capital reserve created on amalgamation shall be treated as free reserve of the Company.

(b) Capital reserve of ₹ 1,029.60 crore was created on acquisition of Raipur TPP and Raigarh TPP during the financial year 2019-20.

ii) Securities premium represents the premium received on issue of shares over and above the face value of equity shares. The reserve is available for utilisation in accordance with the provisions of the Companies Act, 2013.

iii) General reserve of ₹ 9.04 crore was created in the FY 2015-16 due to merger of solar power undertaking acquired from Adani Enterprises Limited, as per the scheme of arrangement approved by order of the Hon'ble High Court of Gujarat.

iv) Deemed equity contribution represents the difference between the fair value of financial instruments and consideration paid / payable as promoters' contribution.

v) Retained earnings represent the amount that can be distributed as dividend considering the requirements of the Companies Act, 2013. During the year, no dividends are distributed to the equity shareholders by the Company.

Notes to Standalone Financial Statements

for the year ended March 31, 2024

20 Other Equity (Contd...)

vi) During the previous year, the Company in case of Raipur TPP, has written back the outstanding amount of assigned ECB based on a consent letter received from Adani Global DMCC, a related party of the Company for waiver of the same. As the ECB was accounted at fair value on initial recognition, the outstanding portion of debt component of ₹ 179.17 crore has been accounted as deemed equity contribution.

Unsecured Borrowings - at amortised cost						
0.01% Compulsory Redeemable Preference shares (refer note (c) below)	-	-	-	-	-	415.86
Upto 5% Non-cumulative Compulsory Redeemable Preference Shares (refer note (b) below)	-	-	-	-	-	300.00
	-	**-**	**-**	**-**	**-**	**715.86**
Total	**985.00**	**985.00**	**985.00**	**985.00**	**7,289.00**	**9,186.86**

a. During the year, the Company has fully paid term loan facilities of ₹ 20,244.46 crore, outstanding as at March 31, 2023.

b. During the financial year 2021-22, the erstwhile wholly owned subsidiary of the Company, Adani Power (Mundra) Limited (now amalgamated with the Company), had issued 5,00,00,000 nos. of upto 5% Non-cumulative Compulsory Redeemable Preference shares ("NCRPS") of ₹ 100 each amounting

Notes to Standalone Financial Statements

for the year ended March 31, 2024

21 Non-current Borrowings (Contd...)

to ₹ 500 crore and has called ₹ 60 per share amounting to ₹ 300 crore and balance to be called at discretion of the issuer. On account of amalgamation, the Company cancelled the NCRPS and issued fresh NCRPS on the same terms during the financial year 2022-23.

The instrument is redeemable at any time at the option of the Issuer but not later than 20 years from the date of issue. These NCRPS are separated into liability and recognised at fair value of ₹ 53.45 crore and equity components of ₹ 246.55 crore considering the instrument as compound financial instrument on initial recognition. Interest on liability component is recognised as interest expense using the effective interest method. The discounted value as at March 31, 2024 of ₹ 66.88 crore (Previous year - ₹ 62.06 crore) are redeemable in Financial Year 2041-42.

c. During the financial year 2019-20, the erstwhile wholly owned subsidiary of the Company, Raipur Energen Limited (now amalgamated with the Company), had issued 4,15,86,207 nos. of 0.01% Compulsory Redeemable Preference shares (CRPS) of ₹ 100/- each amounting to ₹ 415.86 crore. On account of amalgamation, the Company cancelled the CRPS and issued fresh CRPS during financial year 2022-23.

Considering CRPS as compound financial instrument, these are accounted for as liability at fair value of ₹ 71.37 crore and other equity (under capital reserve) of ₹ 344.49 crore on initial recognition. Interest on liability component is accounted for as interest expense, using the effective interest method. The discounted value as at March 31, 2024 of ₹ 117.61 crore (Previous year ₹ 106.89 crore) are redeemable at any time by June 30, 2038.

3. The amount disclosed in security details in note 1 above and repayment schedule in note 2 above are gross amount excluding adjustments towards upfront fees.

Sale of Fly Ash and Others	61.80	55.74
Gain on Sale of Investments (refer note (vii) and (viii) below)	143.50	654.44
Total revenue from contracts with customers	**39,204.57**	**36,681.21**

Notes:

(i) In respect of Tiroda TPP

(a) In the matter of non-availability of coal due to cancellation of Lohara coal block for the Company's 800 MW power generation capacity at Tiroda thermal power plant ("Tiroda TPP"), the Hon'ble Supreme Court vide its order dated April 20, 2023, upheld the orders of Maharashtra Electricity Regulatory Commission ("MERC") dated September 06, 2019 and the Appellate Tribunal for Electricity ("APTEL") dated October 05, 2020, respectively granting compensation (including carrying costs thereon) towards additional coal cost for the use of alternative coal.

(b) Similarly, in a matter relating to shortfall in availability of domestic coal under New Coal Distribution Policy ("NCDP") and Scheme of Harnessing and Allocating Koyala (Coal) Transparently in India ("SHAKTI") policy of the government, for the Company's 2500 MW power generation capacity at Tiroda TPP, Hon'ble Supreme Court vide its orders dated March 03, 2023 and April 20, 2023, upheld the MERC's orders dated March 07, 2018 and February 07, 2019, and the APTEL's orders dated September 14, 2020 and September 28, 2020 respectively granting compensation (including carrying costs thereon) towards additional coal cost for the use of alternative coal.

(c) Pursuant to the said Hon'ble Supreme Court order, in respect of matters stated in (a) and (b) above, the Company has completed provisional reconciliation of claims from April 2013 to February 2023, with Maharashtra State Electricity Distribution Company Limited ("MSEDCL") based on various regulatory orders and accordingly, reassessed the compensation claims (including carrying cost thereon) recognised in the books of account since earlier periods and recognised certain additional claims on account of reconciliation / realisation with / from MSEDCL.

The Company has recognised tariff compensation claims towards additional coal cost of ₹ 4,282.15 crore and carrying cost of ₹ 190.49 crore during the year ended March 31, 2024 (includes tariff compensation claims of ₹ 290.19 crore (net of credit of ₹ 115.72 crore) and carrying cost of ₹ 190.49 crore pertaining to earlier years) after initial estimation of claims made by the Company during the year ended March 31, 2023.

Further, during the year ended March 31, 2024, the Company has also accounted late / delayed payment surcharge ("LPS") of ₹ 5,870.81 crore from MSEDCL, disclosed as other income, based on Company's policy relating to recognition of late/delayed payment surcharge on acknowledgement or receipt whichever is earlier.

(d) Apart from above, in one of the matter relating to cost factor for computation of tariff compensatory claim, on account of consumption of alternate coal, based on the claim amount billed by the Company, MSEDCL is in appeal with APTEL although the Company has favorable tariff compensation order from MERC dated September 11, 2021 in the matter. Further, during the year ended March 31, 2024, MSEDCL

Notes to Standalone Financial Statements

for the year ended March 31, 2024

32 Revenue from Operations (Contd...)

has also filed a petition with MERC w.r.t. the interpretation of its earlier order relating to compensation for in-land transportation cost factor for transfer of domestic coal. During the year ended March 31, 2024, the Company has recognised additional tariff compensation claim of ₹ 1,239.95 crore, carrying cost of ₹ 303.18 crore and late payment surcharge of ₹ 709.04 crore (including recognition of tariff compensation claim of ₹ 1,364.44 crore, carrying cost ₹ 303.18 crore and late payment surcharge of ₹ 709.04 crore pertaining to prior years) on account of acknowledgement / realisation of claims in the matter from MSEDCL. The management does not expect any adverse impact of the matter. Currently, the Company has recognised the compensation claim in the matter on the best estimate basis pending settlement of appeal.

ii) In respect of Udupi TPP

For power supplied from Udupi thermal power plant ("Udupi TPP"), the Company raises invoices on its customers ("Karnataka Discoms") based on the most recent tariff order / provisional tariff approved by the Central Electricity Regulatory Commission ("CERC"), as modified by the orders of Appellate Tribunal for Electricity ("APTEL") / CERC to the extent applicable, having regard to mechanism provided in applicable tariff regulations and the bilateral arrangements with the Discom. Such tariff order is subject to conclusion of final tariff order in terms of Multiyear Tariff ("MYT") Regulations at end of tariff period of every 5 years. During the year, the CERC has issued tariff order dated January 04, 2024 in respect of MYT period 2019-24 and true up order in respect of MYT period 2014-19. Accordingly, the Company has revised the revenue recognition, reversed the revenue of ₹ 16.81 crore for the year ended March 31, 2024.

iii) In respect of Kawai TPP

In the matter relating to shortfall in availability of domestic linkage coal Hon'ble Supreme Court vide its order dated August 31, 2020 has admitted all tariff compensation claims for additional coal costs incurred for power generation and the Company continues to realise the claim amount towards compensation based on the methodology for change in law compensation approved by Rajasthan Electricity Regulation Commission ("RERC"), APTEL and the Hon'ble Supreme Court. During the year ended March 31, 2022, the Company had recognised additional tariff compensation claims on account of realisation of ₹ 5,996.44 crore from Discoms and continued to recognise the tariff compensation claims based on the methodology upheld by the Hon'ble Supreme court vide aforesaid order during the subsequent period till date and it has been able to realise such claims from Discoms.

During the year ended March 31, 2024, Rajasthan Urja Vikas and IT Services Limited ("RUVITL") (formerly known as Rajasthan Urja Vikas Nigam Limited) had filed a fresh petition before RERC primarily challenging the methodology and operating parameters considered while arriving at the tariff compensation claim for additional coal cost incurred for power generation by the Company which had earlier been settled by RUVITL in March, 2022 based on Hon'ble Supreme Court order dated August 31, 2020. The RERC vide its order dated September 01, 2023 dismissed the petition of RUVITL and giving RUVITL the liberty to raise the issue before appropriate legal forum in terms of order passed by Hon'ble Supreme Court dated April 19, 2022 in the contempt petition. Subsequent to the order of RERC, RUVITL has preferred an appeal with APTEL against the ruling of RERC. Pending conclusion of the matter with APTEL, the Company continues to recognise the revenue based on the principle as approved in the order passed by the Hon'ble Supreme Court.

iv) In respect of Mundra TPP

(a) The Company and Gujarat Urja Vikas Nigam Limited ("GUVNL") had entered into an additional Supplemental Power Purchase Agreements ("SPPAs") dated March 30, 2022 to resolve all pending matter / dispute relating to Bid 1 and Bid 2 Power Purchase Agreement ("PPA / SPPA"), towards supply of 2434 MW of power and thereby approached CERC to determine the base energy tariff rates for power sales under Bid 1 & Bid 2 SPPAs, with retrospective effect from October 15, 2018, for further submission to the Government of Gujarat ("GoG"). CERC vide its order dated June 13, 2022 recommended the

Notes to Standalone Financial Statements

for the year ended March 31, 2024

32 Revenue from Operations (Contd...)

base energy tariff rates for final approval of GoG which is still pending as on reporting date. CERC order allows the Company and GUVNL to mutually agree on adoption of six monthly or monthly CERC escalation index to apply over base energy tariff rate as on October 2018 as per the provisions of earlier SPPA dated December 05, 2018 having impact on determination of subsequent period energy rates.

(b) Pending approval of the base energy tariff rate by GoG and also the mutual agreement between the Company and GUVNL as regards adoption of monthly / six-monthly CERC escalation index, the Company has been supplying power to GUVNL based on certain mechanism whereby actual fuel cost incurred gets pass through in the billing of energy charges, during March 01, 2022 to March 31, 2024 as per understanding with GUVNL for the purpose of additional Supplemental PPA dated March 30, 2022. The Company also realised significant amounts of invoices billed to GUVNL, although there are certain deductions of ₹ 406.74 crore (net of provision) made by GUVNL are pending reconciliation / settlement which management expects to be settled after conclusion of base energy tariff rate with GUVNL covering period since 2018. Apart from this, during the year, the Company has received a communication from GUVNL seeking refund of ₹ 1,172.69 crore from the Company towards energy charges on account of adjustment of coal cost in respect of power supplied during October 15, 2018 to March 31, 2023 considering CERC base rate order of June 13, 2022.

The Company has not accepted the GUVNL claim but based on conservative parameters made one time provisional adjustments in the revenue of ₹ 1,172.69 crore during the year ended March 31, 2024 (Including reversal of ₹ 1,222.37 crore pertaining to prior period). The Company continues to recognise energy charges revenue as per amount billed based on actual fuel costs since the date of SPPA, pending approval of base energy tariff and agreement between the Company and GUVNL regarding adoption of method of CERC escalation index. CERC escalation index impact the Company's energy charges claims, depending on the trend of coal price movement. During the current financial year the escalation index has positive impact on energy charges but Company continues to invoice energy charges on actual fuel cost basis. For the reporting period ended March 31, 2024, the company has recognised revenue on provisional basis as per amount billed (net of certain adjustments). The Company expects to settle the matter without any further recognition / derecognition in this regard.

(c) In respect of the matter relating to shortfall in availability of domestic coal under Fuel Supply Agreement ("FSAs") with Coal India Limited's subsidiaries for supply of power against 1424 MW of PPA from Mundra TPP (reduced to 1200 MW PPA pursuant to the SPPAs dated February 28, 2023) with Haryana Discoms, the Hon'ble Supreme Court vide its order dated April 20, 2023 upheld the APTEL's orders dated November 03, 2020 and June 30, 2021, allowing the tariff compensation claims (including carrying cost thereon) relating to NCDP and SHAKTI policy, respectively.

Pursuant to the said orders, the Company has recognised additional tariff compensation claims of ₹ 393.23 crore (including carrying cost of ₹ 135.55 crore) during the year, including pertaining to earlier period on account of realisation of certain additional claims from Haryana Discoms after initial estimation of claims made by the Company during the year ended March 31, 2023.

Further, during the year ended March 31, 2024, the Company has also recognised income towards delayed payment interest of ₹ 961.89 crore (including ₹ 941.85 crore pertaining to earlier period) as other income based on realisation of such amount from Haryana Discoms based on Company's policy relating to recognition of late / delayed payment surcharge.

v) Revenue from operations for the year ended March 31, 2024, (including the amounts disclosed separately elsewhere in other notes) includes recognition of amount of ₹ 683.43 crore, (net off reversal) recognised pertaining to prior years upto March 31, 2023 (Previous Year - ₹ 2,377.24 crore pertaining to period upto March 31, 2022), based on the orders received from various regulatory authorities such as MERC / CERC, APTEL, Hon'ble Supreme Court and reconciliation with Discoms relating to various claims towards change in law events, carrying cost thereon and delayed payment interest.

Notes to Standalone Financial Statements

for the year ended March 31, 2024

32 Revenue from Operations (Contd...)

vi) For regulatory claims / change in law claims, the management recognises income on conservative parameters, since the same are under litigation / pending final settlement with Discoms. The differential adjustments on account of such claims are recognised on resolution of the litigation / final settlement of matter with Discoms, including carrying cost / late payment surcharge.

vii) During the year ended March 31, 2024, the Company has disposed off its investments in the subsidiaries, Innovant Buildwell Private Limited ("IBPL") (formerly known as Eternus Real Estate Private Limited) (acquired on June 07, 2022) and Aviceda Infra Park Limited ("AIPL") (incorporated on September 05, 2022), by execution of Share Purchase Agreements with AdaniConnex Private Limited for an aggregate consideration of ₹ 536.22 crore. The net income on such sale of investments amounting to ₹ 143.50 crore is accounted as other operating revenue.

viii) Similarly, during the previous year, the Company has disposed off its investment held in Support Properties Private Limited ("SPPL"), a wholly owned subsidiary and holding land parcel at Navi Mumbai by execution of share purchase agreement with AdaniConnex Private Limited and received a consideration of ₹ 988.97 crore which has been arrived at on arm's length basis. The net income on such sale of investment amounting to ₹ 654.44 crore was accounted as other operating revenue.

ix) For transaction with related parties, refer note 64.

Total		**1,429.56**	**1,419.01**

Notes:

1) (a) In Case of Raipur TPP, the Company has opted for amnesty scheme during the current year and accordingly the matter stands settled.

(b) In Case of Raipur TPP, The Ministry of Power, Government of India vide letter dated September 08, 2011 had granted Provisional Mega Power Status Certificate under the Mega Power Policy for construction of its 1,370 MW Thermal based Power Plant. In terms of the same, the Raipur TPP (the entity stand merged with the Company) has availed exemptions of duty of customs and excise duty upon submission of bank guarantees worth ₹ 960.01 crore and pledge of margin money deposits of ₹ 59.67 crore. The grant of final Mega power status of Raipur TPP is dependent upon plant achieving tie up for supply of power for 70% of its installed capacity through long term Power Purchase Agreements by way of competitive bidding and the balance through regulated market within stipulated time. The time period to achieve tie up for supply of power as prescribed in Mega Power Policy has been further extended to 156 months from the date of Import, till September 12, 2024, by the Ministry of Power, Government of India vide amendment dated April 07, 2022. The Management expects to comply the conditions and hence no adjustments are made in the books.

(c) In case of Raipur TPP, the Company had entered into a bulk power transmission agreement ('BPTA') with Power Grid Corporation of India Limited ('PGCIL') dated March 31, 2010 as per which the Company was granted Long term Access ('LTA') of 816 MW. However, owing to non-availability of PPA, which as per management is beyond the control of the Company, Raipur TPP was not in a position to utilise the LTA and has accordingly sought for surrender of the LTA, for which PGCIL has raised demand of ₹ 154.50 crore towards relinquishment charges on the Company. However, the said claim will be subject to the outcome of the petition dated September 07, 2020 filed by the Company before the APTEL. Presently, the Company has taken legal opinion in the matter as per which there are force majure events and other factors as per which it is not liable to pay charges.

2) For the Company's Udupi TPP and Tiroda TPP, matter on Custom Duty relating to March 2012 to February 2013 is contested at Customs, Excise and Service Tax Appellate Tribunal ("CESTAT").

3) The Central Sale Tax matter of Company's Mundra TPP relating to FY 2017-18, is contested at Commissioner Appeals.

Notes to Standalone Financial Statements

for the year ended March 31, 2024

40 Contingent Liabilities and Commitments (to the extent not provided for) : (Contd...)

4) For company's Tiroda TPP, Joint Commissioner of State Tax (Adm), Nagpur Division, has raised demand of Value added tax relating to FY 13-14 along with interest. During the current year, the Company has opted for the amnesty scheme and accordingly the matter stands settled.

5) The Goods and Services Tax matters of Company's Mundra TPP and Raipur TPP relating to FY 2017-18 and Raigarh TPP relating to FY 2022-23, are contested at Commissioner Appeals.

ii) Apart from above, the Development Commissioner, Mundra has issued a show cause notice to the Company in case of Mundra TPP for the period FY 2009-10 to FY 2014-15 in relation to custom duty on raw materials used for generation of electricity supplied from SEZ to DTA, which amounts to ₹ 963.94 crore. The Company has contested the said show cause notice. Further, the management is of the view that such duties on raw material are eligible to be made good to Mundra TPP under the PPA with Discoms or are refundable from the Authorities. Hence, the Company has not considered this as contingent liabilities.

iii) The Company has assessed that it is only possible, but not probable, that outflow of economic resources will be required in respect of above matters.

(b) Commitments :

₹ In crore

Particulars	As at March 31, 2024	As at March 31, 2023
Estimated amount of contracts remaining to be executed on capital account and not provided for (net of advances)	11,484.93	7,809.65
Total	**11,484.93**	**7,809.65**

Note:

Capital commitment mainly includes commitment relating to Flue Gas Desulphurisation project.

Other Commitment:

(i) The Company has given a commitment to lenders of Mahan Energen Limited (MEL) that it will not transfer its 49% equity holding in MEL outside the Adani Power Group, except with the prior approval of lenders.

41 Leases

The Company has lease contracts for land, Building and computer hardware used in its operations. Leases of these items have lease terms between 2 to 99 years. The Company is restricted from assigning and subleasing the leased assets.

The weighted average incremental borrowing rate applied to lease liabilities are in range of 8.50% to 9.00%.

(i) The following is the movement in Lease liabilities.

Payment of lease liability (towards interest paid ₹ 15.08 crore (Previous year - ₹ 9.32 crore))	15.08	14.28

(v) The additions to the Rights-of-use asset during the year and its carrying value - refer note 4.1 (vi)

(vi) The undiscounted maturity analysis of lease liabilities over the remaining lease term is as follows:

₹ In crore

Particulars	As at March 31, 2024	As at March 31, 2023
Less than 1 year	23.15	15.06
1 to 5 years	67.81	47.28
More than 5 year	458.92	308.94

42 Provision for Mine Closure Obligation

₹ In crore

Particulars	As at March 31, 2024	As at March 31, 2023
Opening Balance	42.07	39.44
Add: Interest on account of unwinding of Provision	4.21	2.63
Less: Utilisation	-	-
Closing Balance (refer note 24)	**46.28**	**42.07**

Note :

In case of Raipur TPP, the mine closure obligation has been remeasured based on the management estimate for the cost likely to be incurred on mine closure.

Notes to Standalone Financial Statements

for the year ended March 31, 2024

43 The Company had sought cancellation of the Jitpur coal block and requested the Nominated Authority, Ministry of Coal, New Delhi, to cancel the Vesting Order, vide its representation dated October 31, 2020 and had also requested to authorities for refund of the costs of ₹ 138.51 crore incurred by it and for release of the performance bank guarantee of ₹ 92.90 crore given to the Nominated Authority. The Nominated Authority vide its letter dated September 17, 2021, had accepted the surrender petition by the Company and ordered for invocation of bank guarantee along with obligation to fulfil antecedent liability. On September 29, 2021, the Hon'ble Delhi High Court, in response to petition filed by the Company, has stayed the invocation of the said performance bank guarantee and restrained the Nominated Authority from taking any coercive steps in the matter. The said Writ Petition is yet to be adjudicated by the Delhi High Court. Meanwhile, the Hon'ble Delhi High Court vide its order dated March 03, 2022, had directed the Nominated authority to return the said performance bank guarantee within one week from the date of execution of Letter of Intent of "Coal Mines Production and Development Agreement" ("CMPDA") with a new bidder and to present the said CMPDA before the Delhi High Court. The Nominated Authority has concluded the fresh e-auction of Jitpur Coal Block on September 13, 2022. Pursuant to this, the CMDPA has been signed between the new bidder and the Nominated Authority, Ministry of Coal on October 13, 2022. The Nominated Authority is yet to submit CMPDA with new bidder with Delhi High Court in the matter.

Earlier, the Company has submitted the details of costs / expenditure incurred towards development of mine with Nominated Authority, and based on allotment of mine to a new bidder, the Company expects a favourable resolution relating to cost realisation of Jitpur mine with Nominated Authority and for release of Performance Bank Guarantee. The Company has also obtained legal opinion basis which it is reasonably confident to get compensation realised of the entire costs incurred towards the development of the coal mine in the subsequent period.

44 The Company through erstwhile subsidiary, Raipur Energen Limited ("REL") has incurred cost of ₹ 55.57 crore and ₹ 30.75 crore towards development of Talabira Coal mine and Ganeshpura Coal mine, respectively in the earlier years.

In the above matter, earlier the Company had filed two writ petitions with Hon'ble Delhi High Court requesting surrender of the said mines in view of Union of India's ("UoI") notification dated April 16, 2015 stating capping of the fixed / capacity charges and also requested to refund the costs incurred along with the release of bid security. The Hon'ble Delhi High Court vide its single order dated April 15, 2019 dismissed the petitions on the ground of delay in filling of writ petitions. Consequently, the Company filed petitions before Hon'ble Supreme Court to set aside the order of the Hon'ble Delhi High Court. Pending adjudication of the petitions, Hon'ble Supreme Court directed UoI and others vide its order dated May 30, 2019 that no coercive action to be taken in these matters.

The management expects favourable resolution of these matters and is reasonably confident to realise the entire cost spent towards these coal mines as compensation in the subsequent periods.

However, the matter has been pending for long period of time, the company based on prudence principles has fully provided the amount in the books for the purpose of financial reporting.

45 The National Green Tribunal ("NGT") in a matter relating to non-compliance of environmental norms relating to Udupi thermal power plant ("Udupi TPP") directed the Company vide its order dated March 14, 2019, to make payment of ₹ 5.00 crore as an interim environmental compensation to Central Pollution Control Board ("CPCB"), which was deposited by the Company with CPCB under protest, in April 2019 and expensed the same in the books.

NGT vide its order dated May 31, 2022 settled the matter and directed the Company to deposit an additional amount of ₹ 47.02 crore with CPCB within 3 months from the date of order. The Company has recognised expense provision of ₹ 47.02 crore in the books on a conservative basis, although, the Company has filed petition with the Hon'ble Supreme Court dated August 26, 2022 against the above referred NGT order. The Udupi TPP continues to operate in compliance with all the conditions under Environment Clearance as at reporting date.

Notes to Standalone Financial Statements

for the year ended March 31, 2024

46 (a) In respect of Mundra TPP, the management believes that on account of resolution of majority of the issues relating to tariff compensation claim with GUVNL and Haryana Discoms and also on account of execution of 360 MW PPA with MPSEZ Utilities Limited ("MUL"), and certain other factors, Mundra TPP of the Company would be able to establish profitable operations over a foreseeable future and meet its performance and financial obligations. During the year, the Company has resumed supply of power to Haryana Discom and consequently has improved its operational performance in terms of achieving Higher Plant load factor (PLF) and generating positive operating cashflows, hence, based on the assessment of value in use of Mundra TPP, no provision / adjustment is considered necessary to the carrying value of its Mundra TPP related property, plant and equipment aggregating to ₹ 15,094.30 crore as at March 31, 2024.

(b) The Company has determined the recoverable amounts of all its Thermal Power Plants (including goodwill allocated to respective Power Plants) over their useful lives based on the Cash Generating Units ("CGUs") identified, as required under Ind AS 36, Impairment of Assets on the basis of their Value in Use by estimating the future cash inflows over the estimated useful life of the Power Plants. Further, the cash flow projections are based on estimates and assumptions relating to tariff, operational performance of the Plants, availability of domestic coal under fuel supply agreement / coal linkage as per the directives of Competent Authority, life extension plans, market prices of coal and other fuels, exchange variations, inflation, terminal value etc. which are considered reasonable by the Management.

On a careful evaluation of the aforesaid factors, the Management of the Company has concluded that the recoverable value of such CGUs individually is higher than their respective carrying amounts as at March 31, 2024. However, if these estimates and assumptions were to change in future, there could be corresponding impact on the recoverable amounts of the Plants.

47 The Company has taken various derivatives to hedge its risks associated with foreign currency fluctuations on items including principal loan amount, Trade Credits, Letter of Credits etc. and interest thereof along with interest rate changes. The outstanding position of derivative instruments is as under :

₹ In crore

Nature	Purpose	As at March 31, 2024		As at March 31, 2023	
		Amount	USD (in Millions)	Amount	USD (in Millions)
Forward covers	Hedging of Trade Credits	4,383.43	525.56	1,274.34	155.09

	2,080.75		**1,490.86**	

Notes to Standalone Financial Statements

for the year ended March 31, 2024

48 Financial Risk Management Objective and Policies :

The Company's risk management activities are subject to the management direction and control under the framework of Risk Management Policy as approved by the Board of Directors of the Company. The Management ensures appropriate risk governance framework for the Company through appropriate policies and procedures and the risks are identified, measured and managed in accordance with the Company's policies and risk objectives.

The Company's financial liabilities (other than derivatives) comprises mainly of borrowings including interest accrual, leases, trade, capital and other payables. The Company's financial assets (other than derivatives) comprise mainly of investments, cash and cash equivalents, other balances with banks, loans, trade and other receivables.

In the ordinary course of business, the Company is exposed to Market risk, Credit risk and Liquidity risk.

(i) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and commodity risk.

a) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the part of Company's debt obligations with floating interest rates.

The Company manages its interest rate risk by having a mixed portfolio of fixed and variable rate loans and borrowings. Significant portion of Company's borrowing is in INR (₹) and are borrowed at fluctuating interest rate.

The sensitivity analysis have been carried out based on the exposure to interest rates for instruments not hedged against interest rate fluctuation at the end of the reporting period. The said analysis has been carried out on the amount of floating rate liabilities outstanding at the end of the reporting period. The year end balances are not necessarily representative of the average debt outstanding during the year. A 50 basis point increase or decrease represents management's assessment of the reasonably possible change in interest rates.

In case of fluctuation in interest rates by 50 basis points on the exposure of borrowings (having fluctuating rates i.e. exposed to changes in rates) of ₹ 19,700.00 crore as on March 31, 2024 and ₹ 20,735.47 crore as on March 31, 2023 respectively and if all other variables were held constant, the Company's profit or loss for the year would increase or decrease as follows:

₹ In crore

Particulars	For the year ended March 31, 2024	For the year ended March 31, 2023
Impact on Profit before tax for the year	98.50	103.68
Impact on Equity	73.71	103.68

The Company intends to hold investment in liquid mutual fund for relatively shorter period and hence, interest rate risk is not material to that extent.

b) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (Coal imports etc.) and borrowings. The Company manages its foreign currency risk by hedging transactions that are expected

Notes to Standalone Financial Statements

for the year ended March 31, 2024

48 Financial Risk Management Objective and Policies : (Contd...)

to realise in future. The Company also enters into various foreign exchange hedging contracts such as forward covers, swaps, options etc. to mitigate the risk arising out of foreign exchange rate movement on foreign currency borrowings and trade payables (including capital creditors).

Every one percentage point depreciation / appreciation in the exchange rate between the Indian rupee and U.S.dollar on the unhedged exposure of $ 227.72 million as on March 31, 2024 and $ 56.53 million as on March 31, 2023 would have affected the Company's profit or loss for the year as follows:

₹ In crore

Particulars	For the year ended March 31, 2024	For the year ended March 31, 2023
Impact on Profit before tax for the year (net of amounts capitalised under Property, Plant and Equipment)	18.99	4.65
Impact on Equity	14.21	4.65

c) Commodity price risk

The Company's exposure to commodity price is affected by a number of factors including the effect of regulations, the price volatility of coal prices in the market, including imported coal, contract size and length, market condition etc. which is moderated by optimising the procurement under fuel supply agreement and getting compensated under long term power purchase agreements and change in law regulations. In case, the company anticipates non-availability of coal, the same is mitigated by sourcing imported coal in advance to meet the demand. Its operating / trading activities require the on-going purchase for continuous supply of coal and other commodities. Therefore the Company monitors its purchases closely to optimise the procurement cost.

(ii) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss.

a) Trade Receivables

The Company is having majority of receivables from State Electricity Boards which are Government undertakings and have interest clause on delayed payments and hence they are secured from credit losses in the future.

b) Financial Guarantee

The Company has issued financial guarantees to banks on behalf of and in respect of loan facilities availed by its subsidiaries. In accordance with the policy of the Company, the Company has recognised these financial guarantees as liability at fair value (refer note 23 and 29). Outstanding loans in the subsidiaries against the financial guarantee contracts given by the Company as at March 31, 2024 is ₹ 8,881.01 crore (Previous year ₹ 9,477.45 crore).

c) Other Financial Assets

This comprises of deposit with banks, loans, investments in mutual funds, derivative assets and other receivables. The company limits its exposure to credit risks arising from these financial assets and there is no collateral held against these because counter parties are group companies, banks and recognised financial institutions. Banks and recognised financial institutions have high credit ratings assigned by credit rating agencies.

Notes to Standalone Financial Statements

for the year ended March 31, 2024

48 Financial Risk Management Objective and Policies : (Contd...)

(iii) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with is financial liabilities.

The Company monitors its liquidity requirement using cash flow forecasting models. These models consider the maturity of its financial investments, committed funding and projected cash flows from operations. The Company's objective is to provide financial resources to meet its business objectives in a timely, cost effective and reliable manner and to manage its capital structure. A balance between continuity of funding and flexibility is maintained through internal accruals as well as adequately adjusting the working capital cycle.

Having regard to the nature of the business wherein the Company is able to generate regular cash flows over a period of time, any surplus cash generated, over and above the amount required for working capital management and other operational requirements, is retained as cash and cash equivalents (to the extent required) and any excess is invested in highly liquid mutual funds with appropriate maturities to optimise the cash returns on investments while ensuring sufficient liquidity to meet its liabilities; or lent to group entities (within Adani Power Limited) at market determined interest rate.

Read with note 50, the Company expects to generate positive cash flows from operations in order to meet its external financial liabilities as they fall due and also consistently monitors funding options available in the debt and capital market with a view to maintain financial flexibility.

Maturity profile of financial liabilities :

The table below has been drawn up based on the undiscounted contractual maturities of the financial liabilities including interest that will be paid on those liabilities upto the maturity of the instruments.

₹ in crore

As at March 31, 2024	Carrying Amount	Less than 1 year	1 to 5 years	More than 5 years	Total
Borrowings (refer note 21 and 26)	25,644.61	8,524.89	9,813.55	21,591.98	39,930.42

Notes to Standalone Financial Statements

for the year ended March 31, 2024

49 Contract balances and Trade Receivables Ageing (Contd...)

b. Balance as at March 31, 2023

₹ In crore

Particulars	Unbilled	Not due	Outstanding for following periods from due date of Payment					Total
			Less than 6 Months	6 Months - 1 year	1-2 years	2-3 years	More than 3 years	
Undisputed Trade receivable - Considered Good	1,506.75	3,821.67	4,253.37	736.56	115.79	207.69	718.75	11,360.58
Disputed Trade receivable - Considered Good (refer note (iv) below)	-	-	-	-	20.35	-	-	20.35
Total	**1,506.75**	**3,821.67**	**4,253.37**	**736.56**	**136.14**	**207.69**	**718.75**	**11,380.93**

i) The above ageing has been calculated based on due date as per terms of agreement. In case where due date is not provided, date of transaction is considered.

ii) Includes ₹ Nil (Previous year - ₹ 1,192.50 crore) of Customers' bills discounted considered as not due.

iii) Trade receivable includes certain balances which are under reconciliation / settlement with Discoms for payment / closure.

iv) In respect of the Company's 40 MW solar power plant at Bitta, in the matter of alleged excess energy injected in terms of the PPA, GUVNL has withheld ₹ 72.10 crore against power supply dues during the year ended March 31, 2022. GERC vide its order dated November 03, 2022 directed GUVNL to make payment of the amount withheld within three months from the date of order along with late payment surcharge as per PPA. However, GUVNL has filed an appeal with APTEL against the said order of GERC and the matter is pending adjudication. The Company, as per interim order of APTEL dated February 28, 2023, has received ₹ 51.75 crore being 75% of the withheld amount subject to outcome of appeal with APTEL. The management, based on GERC order, expects favourable outcome in the matter.

v) In respect of receivable from GUVNL against Mundra TPP, refer note 32(iv)(b).

vi) Also refer note 3(viii).

50 Capital management :

The Company's objectives when managing capital is to safeguard continuity, maintain a strong credit rating and healthy capital ratios in order to support its business and provide adequate return to shareholders through continuing growth. The Company's overall strategy remains unchanged from previous year.

The Company sets the amount of capital required on the basis of annual business and long-term operating plans which include capital and other strategic investments.

The funding requirements are met through a mixture of equity, unsecured perpetual securities, internal fund generation and other long term borrowings (including consolidation of borrowings). The Company monitors capital and long term debt on the basis of debt to equity ratio.

Notes to Standalone Financial Statements

for the year ended March 31, 2024

50 Capital management : (Contd...)

The debt equity ratio at the end of the reporting period is as follows :

₹ In crore

Particulars	As at March 31, 2024	As at March 31, 2023
Debt (refer note (i) below)	20,027.75	27,231.28
Total Capital (refer note (ii) below)	39,448.05	28,223.87
Debt Equity Ratio (In times)	**0.51**	**0.96**

Notes:

(i) Debt is defined as Non-current borrowings (including current maturities) and lease liabilities.

(ii) Capital is defined as Equity share capital, Unsecured perpetual securities and other equity including reserves and surplus.

The Company believes that it will able to meet all its current liabilities and interest obligations in timely manner.

The Company's capital management ensure that it meets financial covenants attached to the interest bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to levy penal interest as per terms of sanction. There have been no breaches in the financial covenants of any interest bearing loans and borrowings in the current year. No changes were made in the objectives, policies or processes for managing capital by the Company during the year ended March 31, 2024 and March 31, 2023.

51 Fair Value Measurement :

a) The carrying value of financial instruments by categories as of March 31, 2024 is as follows :

₹ in crore

The fair value of the financial assets and financial liabilities included in the level 2 categories above have been determined in accordance with generally accepted pricing models based on a discounted cash flow analysis, with the most significant inputs being the discount rate that reflects the credit risk of counterparties. The most frequently applied valuation techniques include forward pricing and swap models, using present value calculations. The models incorporate various inputs including the credit quality of counterparties, foreign exchange spot and forward rates, yield curves of the respective currencies, currency basis spreads between the respective currencies, interest rate curves and forward rates curves of the underlying derivative.

The fair values of investments in mutual fund units is based on the net asset value ('NAV').

There have been no transfers between Level 1 and Level 2 during the year ended March 31, 2024 and March 31, 2023.

53 Payment to auditors (including GST)

vii. Actuarial Assumptions

Particulars	As at March 31, 2024	As at March 31, 2023
Discount Rate (per annum)	7.20%	7.50%
Expected annual Increase in Salary Cost	9.00%	10.00%
Attrition / Withdrawal rate (per annum)	9.80%	7.49%
Mortality Rates as given under Indian Assured Lives Mortality (2012-14) Ultimate Retirement Age 58 Years.		

viii. Sensitivity Analysis

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and mortality. The sensitivity analysis below have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The results of sensitivity analysis is given below:

₹ In crore

Particulars	As at March 31, 2024	As at March 31, 2023
Defined Benefit Obligation (Base)	88.53	91.13

Particulars	March 31, 2024		March 31, 2023	
	Decrease	Increase	Decrease	Increase
Discount Rate (- / + 1%)	6.43	5.73	8.71	7.54
Salary Growth Rate (- / + 1%)	5.69	6.26	7.44	8.41
Attrition Rate (- / + 50%)	4.21	2.67	5.25	3.59
Mortality Rate (- / + 10%)	-	0.03	0.03	0.04

ix. Asset Liability Matching Strategies

The Company has funded benefit plan and have purchased insurance policy, which is basically a year-on-year cash accumulation plan in which the interest rate is declared on yearly basis and is guaranteed for a period of one year. The insurance Company, as part of the policy rules, makes payment of all gratuity outgoes happening during the year (subject to sufficiency of funds under the policy).

Notes to Standalone Financial Statements

for the year ended March 31, 2024

55 (a) Defined Benefit Plan (Contd...)

The policy thus, mitigates the liquidity risk. However, being a cash accumulation plan, the duration of assets is shorter compared to the duration of liabilities. Thus, the Company is exposed to movement in interest rate, which can result in a increase in liability without corresponding increase in the funded asset wherever applicable.

x. Effect of Plan on Entity's Future Cash Flows

a) Funding arrangements and Funding Policy

The Company have purchased an insurance policies to provide for payment of gratuity to the employees. Every year, the insurance company carries out a funding valuation based on the latest employee data provided by these Companies. Any deficit in the assets arising as a result of such valuation is funded by these Companies.

b) Expected Contribution during the next annual reporting period

The best estimate of contribution during the next year is ₹ 79 crore (Previous year - ₹ 81.50 crore). The actual contributions are made based on management estimates.

c) Maturity Profile of Defined Benefit Obligation

Weighted average duration (based on discounted cash flows) - 7 years (Previous year - 9 years).

₹ In crore

Expected cash flows in future (valued on undiscounted basis):	As at March 31, 2024	As at March 31, 2023
1 year	14.23	11.36
2 to 5 years	36.40	28.09
6 to 10 years	39.83	40.26
More than 10 years	71.03	129.18

xi. The Company has defined benefit plans for Gratuity to eligible employees. The contributions for which are made to Life Insurance Corporation of India who invests the funds as per Insurance Regulatory Development Authority guidelines.

The discount rate is based on the prevailing market yields of Government of India securities as at the balance sheet date for the estimated term of the obligations.

The expected contributions for Defined Benefit Plan for the next financial year will be in line with FY 2023-24.

(b) Defined Contribution Plan

Contribution to Defined Contribution Plans, recognised in Statement of Profit and Loss, for the year is as under :

₹ In crore

Particulars	For the year ended March 31, 2024	For the year ended March 31, 2023
Employer's Contribution to Provident Fund	22.70	22.04
Employer's Contribution to Superannuation Fund	0.11	0.14
Total	**22.81**	**22.18**

(c) Compensated Absences

The actuarial liability for compensated absences as at the year ended March 31, 2024 is ₹ 46.21 crore (As at March 31, 2023 ₹ 47.64 crore).

Notes to Standalone Financial Statements

59 During the financial year 2019-20, the erstwhile wholly owned subsidiary of the Company, Raipur Energen Limited (now amalgamated with the Company), had issued 4,15,86,207 nos. of 0.01% Compulsory Redeemable Preference shares (CRPS) of ₹ 100/- each amounting to ₹ 415.86 crore. On account of amalgamation, the Company cancelled the CRPS and issued fresh CRPS during financial year 2022-23. The instrument is redeemable at any time by June 30, 2038. During the current year, dividend of ₹ 0.04 crore (Previous year - ₹ 0.11 crore) has been paid. Further, the Board of Directors of the Company has proposed dividend of ₹ 0.04 crore for the Financial Year 2023-24 which is subject to approval of the shareholders.

60 Amalgamation of Adani Power Maharashtra Limited ("APML"), Adani Power (Mundra) Limited ("APMuL"), Adani Power Rajasthan Limited ("APRL"), Udupi Power Corporation Limited ("UPCL"), Raipur Energen Limited ("REL"), Raigarh Energy Generation Limited ("REGL") (wholly owned subsidiary companies ("WOS")) with the Company:

Pursuant to approval by National Company Law Tribunal ("NCLT") of the Scheme of Amalgamation (the "Scheme") vide its order dated February 08, 2023, the six wholly owned subsidiaries of the Company, viz, Adani Power Maharashtra Limited ("Tiroda TPP"), Adani Power Rajasthan Limited ("Kawai TPP"), Adani Power (Mundra) Limited ("Mundra TPP"), Udupi Power Corporation Limited ("Udupi TPP"), Raipur Energen Limited ("Raipur TPP") and Raigarh Energy Generation Limited ("Raigarh TPP") got merged into the Company with effect from appointed date October 01, 2021, To give effect to the Scheme, the current tax and deferred tax expenses for the year ended March 31, 2022 as recognised in the books of the Company and the merged subsidiaries, was reassessed based on the special purpose financial statement of respective subsidiary Company (ies) and the Company respectively, to give tax effect mainly on account of utilisation of carry forward tax losses and unabsorbed depreciation under the Income tax Act, 1961. Accordingly, tax expenses of the Company for the year ended March 31, 2023 include reversal of deferred tax liability of ₹ 2,303.87 crore and reversal of current tax provision of ₹ 768.33 crore.

During the year ended March 31, 2023, Udupi TPP (erstwhile wholly owned subsidiary, Udupi Power Corporation Limited) has also reassessed the deferred tax recoverable recognised since earlier years based on CERC tariff norms, as amount recoverable from beneficiaries. Based on such reassessment, the Company has fully reversed the recoverable amount of ₹ 215.43 crore during the year ended March 31, 2023 as corresponding deferred tax liabilities is also reversed.

Notes to Standalone Financial Statements

for the year ended March 31, 2024

61 (a) During the year ended March 31, 2024, the resolution plan to acquire Coastal Energen Private Limited ("CEPL") through Insolvency and Bankruptcy Code, by the Consortium of applicants of which the Company is a part, has been approved by the Committee of Creditors ("CoC") of CEPL. CEPL has capacity of 1,200 MW (2x600 MW) coal fired power plant in the state of Tamil Nadu. Consequently, Resolution Professional appointed by National Company Law Tribunal ("NCLT") has issued a Letter of Intent (LoI) dated December 23, 2023, in favour of the Consortium and in terms of such LOI, a bank guarantee of ₹ 100 crore as performance security hasbeen submitted.

The closure of the transaction shall be subject to the terms of LoI and necessary approvals and fulfilment of conditions precedent under the Resolution Plan.

(b) During the year ended March 31, 2024, the resolution plan of the Company to acquire Lanco Amarkantak Power Limited ("LAPL") through Insolvency and Bankruptcy Code, has been approved by the Committee of Creditors ("CoC") of LAPL. Consequently, Resolution Professional appointed by National Company Law Tribunal ("NCLT") has issued a Letter of Intent (LoI) dated March 04, 2024, in favour of the Company and in terms of such LOI, a bank guarantee of ₹ 100 crore as performance security has been submitted. LAPL has capacity of 600 MW (2x300 MW) coal fired power plant and is also setting up 1,320 MW (2x660 MW) coal fired power plant in the state of Chhattisgarh.

The closure of the transaction shall be subject to the terms of LoI and necessary approvals and fulfilment of conditions precedent under the Resolution Plan.

62 No funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries") with the understanding, whether recorded in writing or otherwise, that the Intermediary shall lend or invest in party identified by or on behalf of the Company (Ultimate Beneficiaries). Further, No funds have been received by the Company from any parties (Funding Parties) with the understanding that the Company shall whether, directly or indirectly lend or invest in other persons or entities identified by or on behalf of the funding party or provide any guarantee, security or the like on behalf thereof.

63 During the year ended March 31, 2023, a short seller report ("SSR") was published in which certain allegations were made involving Adani Group Companies, including on certain entities of the Group, which comprises Adani Power Limited ("APL") and its subsidiaries. In this regard, certain writ petitions were filed with the Hon'ble Supreme Court ("SC"), seeking independent investigation of the allegations in SSR, and the Securities and Exchange Board of India ("SEBI") also commenced investigating the allegations made in the SSR for any violations of the various SEBI Regulations. The SC also constituted an expert committee to investigate and also advise into the various aspects of existing laws and regulations, and also directed the SEBI to consider certain additional aspects in its scope. The Expert committee submitted its report dated May 06, 2023, finding no regulatory failure, in respect of applicable laws and regulations. The SEBI also concluded its investigations in twenty-two of the twenty-four matters as per the status report dated August 25, 2023 to the SC.

The SC by its order dated January 03, 2024, disposed off all matters of appeal relating to the allegations in the SSR (including other allegations) in various writ petitions including those relating to separate independent investigations. However, the SC concluded that the SEBI should complete the pending two investigations, preferably within 3 months, and take its investigations (including the twenty-two investigations already completed) to their logical conclusion in accordance with law.

During the year ended March 31, 2024, the Company has received two show cause notices ("SCN") from the SEBI alleging non-compliance of provisions pertaining to related party transactions in the Listing Agreement and LODR Regulations with regard to certain transactions by the Company with third parties in earlier financial years, from a substance-over-form perspective, which were fully settled during the year ended March 31, 2023. As a consequence, the SCNs allege that the said transactions are not reported in the relevant years' financial statements / annual report, and requisite review / approvals for such transactions is not taken, as

Notes to Standalone Financial Statements

for the year ended March 31, 2024

applicable. Subsequent to year end, the Company has responded to SEBI on both SCNs. Based on legal advice obtained, management believes that considering that alleged transactions with third parties were undertaken in compliance with applicable law at the relevant time, at terms comparable to market rates, and accordingly, there is no non-compliance of applicable laws and regulations as alleged by the SCNs, and the SCNs have no material consequential effects to the relevant years' financial statements.

In April 2023, the Company had obtained a legal opinion by independent law firm, confirming (a) none of the alleged related parties mentioned in the short-seller report were related parties to the Company or its subsidiaries, under applicable frameworks; and (b) the Company is in compliance with the requirements of applicable laws and regulations. Subsequent to the SC order dated January 03, 2024, to uphold the principles of good governance, the Adani Group has also initiated an independent legal and accounting review of the allegations in the SSR and other allegations (including any allegations related to the Company) to reassert compliance of applicable laws and regulations. Such independent review also did not identify any non-compliances or irregularities by the Company, and management has noted on record, the results of this review.

Based on the legal opinions obtained, subsequent independent review referred to above, the SC order and the fact that there are no pending regulatory or adjudicatory proceedings as of date, except relating to the SCNs as mentioned above, management of the Company concludes that there are no material consequences of the allegations mentioned in the SSR and other allegations on the Company, and accordingly, no adjustments have been made in these financial statements in this regard.

67 Recent Pronouncements:

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. During the year ended March 31, 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

68 The Company does not have any transaction to report against the following disclosure requirements as notified by MCA pursuant to amendment to Schedule III:

1. Crypto Currency or Virtual Currency
2. Benami Property held under Benami Transactions (Prohibition) Act, 1988 (45 of 1988)
3. Registration of charges or satisfaction with Registrar of Companies
4. Related to Borrowing of Funds:
    - i. Wilful defaulter
    - ii. Utilisation of borrowed fund and share premium
    - iii. Discrepancy in utilisation of borrowings
    - iv. Discrepancy in information submitted towards borrowings obtained on the basis of security of current assets

Notes to Standalone Financial Statements

for the year ended March 31, 2024

69 The Company uses an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the accounting software. However, the audit trail feature is not enabled for certain direct changes to data when using certain privileged / administrative access rights to the SAP application and the underlying HANA database. Further no instance of audit trail feature being tampered with was noted in respect of the accounting software.

Subsequently to the year end, the log has been activated at the SAP application and the privileged access to HANA database has been restricted to limited set of users who necessarily require this access for maintenance and administration of the database.

70 The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post employment benefits received Presidential assent in September 2020. The Code has been published in the Gazette of India. However, the date on which the Code will come into effect has not been notified and the final rules/interpretation have not yet been issued. The Company will assess the impact of the Code when it comes into effect and will record any related impact in the period the Code becomes effective.

71 According to the management's evaluation of events subsequent to the balance sheet date, there were no significant adjusting events that occurred other than those disclosed / given effect to, in these financial statements as of May 01, 2024.

Independent Auditor's Report

To the Members of **Adani Power Limited**

Report on the Audit of the Consolidated Financial Statements

Qualified Opinion

We have audited the accompanying consolidated financial statements of Adani Power Limited (hereinafter referred to as "the Holding Company"), its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") and its associate comprising of the consolidated Balance sheet as at March 31 2024, the consolidated Statement of Profit and Loss, including other comprehensive income, the consolidated Cash Flow Statement and the consolidated Statement of Changes in Equity for the year then ended, and notes to the consolidated financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, except for the possible effects of the matter described in the 'Basis for Qualified Opinion' section of our report and based on the consideration of reports of other auditors on separate financial statements and on the other financial information of the subsidiaries the aforesaid consolidated financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its associate as at March 31, 2024, their consolidated profit including other comprehensive income, their consolidated cash flows and the consolidated statement of changes in equity for the year ended on that date.

Basis for Qualified Opinion

We draw attention to Note 68 of the consolidated financial statements. Pending adjudications / outcome of the investigations by the Securities and Exchange Board of India as stated therein, we are unable to comment on the possible consequential effects thereof, if any, on the consolidated financial statements. Our audit opinion for the year ended March 31, 2023 was also modified for the above and other matters.

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Consolidated Financial Statements' section of our report. We are independent of the Group and an associate in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the financial year ended March 31, 2024. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the 'Basis for Qualified Opinion' section we have determined the matters described below to be the key audit matters to be communicated in our report. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the consolidated financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of audit procedures performed by us and by other auditors of components not audited by us, as reported by them in their audit reports furnished to us by the management, including those procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

Key audit matters	How our audit addressed the key audit matter
Revenue recognition and assessment of recoverability of receivables related to change in law claims (Also refer Notes 3(vi), 11 and 33 to the consolidated financial statements)	
The Group, having Power Purchase Agreements (PPA) are eligible for compensation claims against various Change in Law events having cost implications on generation and supply of power such as additional duties and taxes, increased cost of power generation, etc., due to purchase of alternative coal in terms of the framework of supply of power as per PPA entered by the respective Thermal Power Plant/ Units with the various Discoms. The compensation claims (invoices) are raised by the Group upon approval of change in law event by the relevant Regulatory Authorities. The invoices for change in law claims are raised considering operational / cost parameters based on qualitative parameters approved in terms of the relevant Regulatory Authorities Orders and are subject to partial/ final acceptance of the claims by the respective Discoms. Considering that the methodology and the parameters of claims are subject to final acceptance by the respective Discoms, the revenue is recognised in the books of account based on the prudent parameters and methodology, till the respective matters are accepted / settled with the Discoms. Thus, the revenue/ receivables from Discoms are subject to adjustments to the extent there may be adverse impact on account of appeals with the regulatory authorities. In certain cases where the regulatory order(s) are subject matter of appeal with higher appellate forums / authorities, and the amount of claims are not ascertainable, revenues for change in law claims are not recognised, pending outcome of the final decision. In view of the complexity and judgement involved in estimation of the amounts of such claims and recoverability thereof, the same is considered as a key audit matter.	Our audit procedures in response to this key audit matter included, but not limited to, the following: - Examined the Group's accounting policies with respect to assessing compliance with Ind AS 115 "Revenue from Contract with Customers". - Obtained understanding of the key controls that management has in place to monitor change in law events and related claims, status of various pending claims including under appeals and orders passed by various regulatory authorities. - Inspected the relevant state regulatory commission, CERC, appellate tribunal and court rulings and examined management assumptions / judgement relating to various parameters in terms of regulatory orders, for measuring / estimating the amount of such claims. - Examined the underlying parameters and assumptions / judgement used for measuring / computing the amounts of compensation claims as per regulatory orders through verification of historical information and other available internal and external data. - Tested on sample basis, the accuracy of the underlying data used for computation of such claims. - Tested the joint reconciliations for trade receivables performed by the Group with the respective Discoms, wherever available with underlying records. - Tested the status of the outstanding receivables and recoverability of the overdue / aged receivables through inquiry with management, and collection trends in respect of receivables. - Assessed the disclosures in accordance with the requirements of Ind AS 115 "Revenue from Contract with Customers".

<table>
<tr><th>Key audit matters</th><th>How our audit addressed the key audit matter</th></tr>
<tr><td colspan="2">Revenue recognition for regulated power generation business (Also refer Note 33 to the consolidated financial statements)</td></tr>
<tr><td>In the regulated power generation business of Udupi Thermal Power Plant (Udupi TPP), the tariff is determined by the regulator based on cost plus return on equity basis wherein cost is subject to prudential norms.

The Company invoices its customers on the basis of provisional approved tariff which was based on Tariff Regulation and is subject to true up adjustment. As the Company is entitled to tariff based on actual cost incurred for the year, at point of revenue recognition it recognises adjustments for the escalation/ de-escalation in the various parameters compared to the entitled parameters.

Accruals are determined based on tariff regulations and past tariff orders and are subject to verification and approval by the regulators. Further the costs incurred are subject to prudential checks and the prescribed norms. Significant judgements are made in determining the accruals including interpretation of tariff regulations. Further certain matters for disallowance of claims have been litigated by the Company before higher authorities.

Revenue recognition and accrual of regulatory claims is a key audit matter considering the significant judgements involved in the determination thereof.</td><td>Our audit procedures in response to this key audit matter included, but not limited to, the following:

- Examined the Company's accounting policies with respect to assessing compliance with Ind AS 115 "Revenue from Contract with Customers".

- Performed test of controls over revenue recognition and accruals through inspection of evidence of performance of these controls.

- Performed the tests of details, on sample basis, including the following key procedures:

• Evaluated the key assumptions used by the Company by comparing it with the assumptions in provisional approved tariff order.

• For tariff orders (including updated tariff order) received by the Company, assessed the impact recognised by the Company and for matters litigated by the Company, also assessed the management's evaluation of the likely outcome of the dispute based on past precedents.

• Examined the underlying parameters for measuring / computing the claims and verified the working as per CERC regulatory orders.

- Tested the status of the outstanding receivables and recoverability of the overdue / aged accruals through inquiry with management, and collection trends in respect of receivables.

- Assessed the disclosures in accordance with the requirements of Ind AS 115 "Revenue from Contract with Customers".</td></tr>
</table>

Information Other than the Financial Statements and Auditor's Report Thereon (Other Information)

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group including its associate in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. The respective Board of Directors of the company (ies) included in the Group and of its associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of their respective company (ies) and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associate are responsible for assessing the ability of their respective company (ies) to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the respective company (ies) or to cease operations, or has no realistic alternative but to do so.

Those Charged with Governance of the respective companies included in the Group and of its associate are also responsible for overseeing the financial reporting process of their respective company (ies).

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associate to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associate to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associate of which we are the independent auditors and whose financial information we have audited, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the financial year ended March 31, 2024 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

(a) We did not audit the financial statements and other financial information, in respect of ten subsidiaries, whose financial statements include total assets of ₹ 23,359.52 crores as at March 31, 2024, and total revenues of ₹ 7,636.56 crores and net cash outflows of ₹ (6.79) crores for the year ended on that date. These financial statement and other financial information have been audited by other auditors, which financial statements, other financial information and auditor's reports have been furnished to us by the management. Our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on the report(s) of such other auditors.

(b) The accompanying consolidated financial statements include unaudited financial statements and other unaudited financial information in respect of

i. Two subsidiaries, which were disposed off during the year, whose financial statements and other financial information reflect total assets of ₹ Nil as at March 31, 2024, and total revenues of ₹ 0.04 crores and net cash inflows of ₹ Nil for the year ended on that date. These unaudited financial statements and other unaudited financial information have been furnished to us by the management. Our opinion, in so far as it relates amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-sections (3) of Section 143 of the Act in so far as it relates to the aforesaid subsidiaries, is based solely on such unaudited financial statements and other unaudited financial information. In our opinion and according to the information and explanations given to us by the Management, these financial statements and other financial information are not material to the Group.

ii. One associate, in respect of which the Group's share of net profit for the year ended March 31, 2024, as considered in the consolidated financial statements is ₹ Nil. The unaudited financial statements and other unaudited financial information of such associate have been furnished to us by the management. Our opinion, in so far as it relates amounts and disclosures included in respect of this associate, and our report in terms of sub-sections (3) of Section 143 of the Act in so far as it relates to the aforesaid associate, is based solely on such unaudited financial statements and other unaudited financial information. In our opinion and according to the information and explanations given to us by the Management, these financial statements and other financial information are not material to the Group.

Our opinion above on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements and other financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of the subsidiary companies, and associate company incorporated in India, as noted in the 'Other Matter' paragraph we give in the "Annexure 1" a statement on the matters specified in paragraph 3(xxi) of the Order.

2. As required by Section 143(3) of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of subsidiaries and an associate company as noted in the 'other matter' paragraph we report, to the extent applicable, that:

   (a) We/the other auditors whose report we have relied upon have sought and except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph, obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements;

   (b) Except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph and the matter stated in paragraph 2(j)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014, in our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidation of the financial statements have been kept so far as it appears from our examination of those books and reports of the other auditors;

   (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Consolidated Cash Flow Statement and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the consolidated financial statements;

   (d) Except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph above, in our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;

   (e) The possible effects of the matter described in the Basis for Qualified Opinion paragraph above, in our opinion, may have an adverse effect on the functioning of the Company;

   (f) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2024 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors who are appointed under Section 139 of the Act, of its subsidiary companies, none of the directors of the Group's companies incorporated in India whose financial statements have been audited, is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164 (2) of the Act;

   (g) The qualification relating to the maintenance of accounts and other matters connected therewith are as stated in the Basis for Qualified Opinion paragraph and paragraph (b) above and the matter stated in paragraph 2(j)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014;

   (h) With respect to the adequacy of the internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiary companies, associate company incorporated in India whose financial statements have been audited, and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;

   (i) In our opinion and based on the consideration of reports of other statutory auditors of the subsidiaries, the managerial remuneration for the year ended March 31, 2024 has been paid / provided by its subsidiary companies, associate company incorporated in India whose financial statements have been audited, to their directors in accordance with the provisions of section 197 read with Schedule V to the Act ;

(j) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statements as also the other financial information of the subsidiaries and associate as noted in the 'Other matter' paragraph:

i. The consolidated financial statements disclose the impact of pending litigations on its consolidated financial position of the Group and its associate in its consolidated financial statements – refer note 43 to the consolidated financial statements;

ii. Provision has been made in the consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company,its subsidiaries and associate company incorporated in India during the year ended March 31, 2024.

iv. a) The respective managements of the Holding Company and its subsidiaries and associate company which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries and associate company respectively that, to the best of its knowledge and belief, as disclosed in the note 66 to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or any of such subsidiaries and associate company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the respective Holding Company or any of such subsidiaries and associate company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

b) The respective managements of the Holding Company and its subsidiaries and associate company which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries and associate company respectively that, to the best of its knowledge and belief, as disclosed in the note 66 to the consolidated financial statements, no funds (which are material either individually or in the aggregate) have been received by the Holding Company or any of such subsidiaries and associate company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company or any of such subsidiaries shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

c) Based on the audit procedures that has been considered reasonable and appropriate in the circumstances performed by us and those performed by the auditors of the subsidiaries and associate company; which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our or other auditor's notice that has caused us or the other auditors to believe that the representations under sub-clause (a) and (b) contain any material mis-statement.

v. The dividend on compulsory redeemable preference shares in respect of the same declared for the previous years and paid by the Company during the year, is in accordance with section 123 of the Companies Act 2013 to the extent it applies to payment of dividend.

   As stated in note 62 of the consolidated financial statements, the Board of Directors of the Company have proposed dividend on compulsory redeemable preference shares for the year which is subject to the approval of members at the ensuing Annual General Meeting. The dividend declared is in accordance with Section 123 of the Act to the extent it applies to declaration of dividend.

vi. Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. However, the audit trail feature is not enabled for certain direct changes to data when using certain access rights, as described in note 71 to the consolidated financial statements. Further, during the course of our audit we and respective auditors of the above referred subsidiaries did not come across any instance of audit trail feature being tampered with in respect of the accounting software of respective subsidiaries where audit trail was enabled.

Annexure 2 to the Independent Auditor's Report of even date on the Consolidated Financial Statements of Adani Power Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of Adani Power Limited (hereinafter referred to as the "Holding Company") as of and for the year ended March 31, 2024, we have audited the internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") and its associate which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the companies included in the Group and its associate which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Holding Company's internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both, issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements.

Meaning of Internal Financial Controls With Reference to Consolidated Financial Statements

A company's internal financial controls with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Group and its associate which are companies incorporated in India whose financial statements are audited, have, maintained in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Other Matters

Our report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements of the Holding Company, in so far as it relates to these ten subsidiaries which are companies incorporated in India, is based on the corresponding reports of the auditors of such subsidiaries incorporated in India.

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

1 Corporate information

Adani Power Limited (the "Company" or "APL" or "Parent Company") is a public company domiciled in India and is incorporated under the provisions of the Companies Act, applicable in India having its registered office at "Adani Corporate House", Shantigram, Near Vaishno Devi Circle, S. G. Highway, Khodiyar, Ahmedabad-382421, Gujarat, India (CIN:L40100GJ1996PLC030533). Its shares are listed on two recognised stock exchanges in India.

The Company, together with its subsidiaries, currently has multiple power projects located at various locations with a combined installed and commissioned capacity of 15,250 MW and another 1,600 MW under construction phase as of year end. The parent company, Adani Power Limited and the subsidiaries (together referred to as ''the Group'') sell power generated from these projects under a combination of long term Power Purchase Agreements ("PPAs"), Supplemental Power Purchase Agreement ("SPPAs"), Medium term PPA, Short term PPA and on merchant basis and also engaged in trading, investment and other business activities. Information on the Group's structure is provided in Note 41.

The consolidated financial statements were approved for issue in accordance with a resolution of the directors on May 01, 2024.

2 Material accounting policies

2.1 Basis of preparation

The consolidated financial statements of the Group have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) read with section 133 of Companies Act, 2013 and presentation requirements of Division II of schedule III to the Companies Act, 2013 (Ind AS compliant Schedule III), on the historical cost basis except for certain financial instruments that are measured at fair values, as explained in the accounting policies below.

The Group's consolidated financial statements are presented in INR (₹), which is also the parent Company's functional currency and all values are rounded to the nearest crore, except when otherwise indicated.

2.2 Basis of consolidation

Subsidiaries

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries, being the entities controlled by it as at March 31, 2024. Control is achieved when the Company :

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns

The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

When the Company has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Company considers all relevant facts and circumstances in assessing whether or not the Company's voting rights in an investee are sufficient to give it power, including:

- the size of the Company's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Company, other vote holders or other parties;
- rights arising from other contractual arrangements; and
- The contractual arrangement with the other vote holders of the investee.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

until the date when the Company ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income or loss are attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that Group member's financial statements in preparing the consolidated financial statements to ensure conformity with the Group's accounting policies.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent company, i.e. year ended on March 31.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Changes in the Group's ownership interests in existing subsidiaries

Changes in the Group's ownership interests in subsidiaries that do not result in the Group's losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

When the Group loses control of a subsidiary, a gain or loss is recognised in profit or loss and is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests. All amounts previously recognised in other comprehensive income in relation to that subsidiary are accounted for as if the Group had directly disposed of the related assets or liabilities of the subsidiary (i.e. reclassified to profit or loss or transferred to another category of equity as specified/permitted by applicable Ind AS).

2.3 Summary of material accounting policies

a Property, plant and equipment

Property, plant and equipment are stated at original cost grossed up with the amount of tax / duty benefits availed, less accumulated depreciation and accumulated impairment losses, if any. Other Indirect expenses relating to the project activities, incurred during the project development period, net of income earned during the period till commercial operation date of the project, are recorded as indirect project expenses and disclosed as a part of Capital Work-in-Progress. Properties / projects in the course of construction are carried at cost, less any recognised impairment losses. All costs, including borrowing costs incurred up to the date the asset is ready for its intended use, is capitalised along with respective asset.

Capital work in progress is stated at cost, net of accumulated impairment loss, if any.

When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives.

Items of stores and spares that meet the definition of property, plant and equipment are capitalised at cost and depreciated over their useful life.

In respect of Property, Plant and Equipments covered under part A of Schedule II to the Companies Act, 2013, depreciation is recognised based on the cost of assets (other than freehold land) less their residual values over their useful lives, using the straight-line method in the consolidated statement of profit and loss unless such expenditure forms part of carrying value of another asset. The useful life of property, plant and equipment is considered

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

based on life prescribed in schedule II to the Companies Act, 2013 except in case of power plant assets, where the life has been estimated at 25 years based on technical assessment, taking into account, the estimated usage of the assets and the current operating condition of the assets. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Major inspection / overhauling including turnaround and maintenance cost are depreciated over the period of 5 years. All other repair and maintenance costs are recognised in the consolidated statement of profit and loss as incurred.

Assets class wise useful life of the Property, Plant and Equipments (except for Udupi Thermal Power Plant ("Udupi TPP"), as disclosed separately) are mentioned below :

Assets Class	Useful life (in years)
Land - Freehold	N.A
Right of Use Assets - over lease term	3 to 99
Buildings - Township, Hostels, Residential flats etc.	60
Buildings - Plant offices, Boundary walls, Civil works etc.	30
Buildings - Others	3 to 25
Plant and Equipment - Capital Overhauling and Others	2 to 6
Plant and Equipment - Desalination and Flue Gas Desulfurisation, Cooling Tower and Ancillary Tower	7 to 20
Plant and Equipment - Boiler, Turbine and Generators	21 to 25
Furniture and Fixtures	1 to 10
Railway Sidings	5 to 15
Computer Hardware	3 to 6
Office Equipment	3 to 5
Vehicles - Four and Two Wheelers	8 to 10
Vehicles - Others	3 to 25

In respect of Property, Plant and Equipments covered under part B of Schedule II to the Companies Act, 2013, depreciation is recognised based on the cost of Property, Plant and Equipments (other than freehold land) at the rates as well as methodology notified by the Central Electricity Regulatory Commission ("CERC") (Terms and Conditions of Tariff) Regulations, 2019 in the consolidated statement of profit and loss unless such expenditure forms part of carrying value of another asset under construction mainly in respect of Udupi TPP. In case of assets with useful life lesser than the Power Plant project life, the useful life of these assets has been considered for the purpose of calculation of depreciation as per the provisions of the Companies Act, 2013 and subsequent amendments thereto.

In case of Udupi TPP, Property, Plant and Equipments class wise depreciation rates are mentioned below:

Assets Class	(In %)
Land - Freehold	N.A
Right of Use Assets - over lease term	5.00 to 20.00
Buildings - Temporary Structure	20.00 to 25.00
Buildings - Others	3.34
Plant and Equipment - Boiler, Turbine and Generator	5.28
Plant and Equipment - Capital Overhauling	20.00
Furniture and Fixtures	6.33
Computer Hardware	15.00
Office Equipment	6.33
Vehicles	9.50

Payments / provision towards compensation, rehabilitation and resettlement ("R&R") activities and other expenses relatable to

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

land in possession are treated as cost of land. Provision for R&R costs are provided at the present value of expected costs to settle the obligation using estimated cash flows and are recognised as part of the cost of the land. The cash flows are discounted at a current pre-tax rate that reflects the risks specific to the R&R liability. The unwinding of the discount as well as payments made/adjustments is expensed as incurred cost and recognised in the consolidated statement of profit and loss. The estimated future costs of R&R are reviewed annually and adjusted as appropriate.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the consolidated statement of profit and loss.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred. Subsequent costs are depreciated over the residual life of the respective assets. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

b Investment property

Recognition and initial measurement

Investment properties are held to earn rentals or for capital appreciation, or both. Investment properties are measured initially at their cost of acquisition, including transaction costs. The cost comprises purchase price, borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group. All other repair and maintenance costs are recognised in the consolidated statement of profit and loss as incurred.

Though the Group measures investment property using cost-based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on an annual valuation performed by an accredited external independent valuer who holds a recognised and relevant professional qualification and has recent experience in the location and category of the investment property being valued.

Subsequent measurement (depreciation and useful lives)

Depreciation on investment properties is provided on the straight-line method, computed on the basis of useful lives prescribed in Schedule II to the Companies Act, 2013. In case of leasehold properties, the same is depreciated over the lease period.

De-recognition

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised as other operating income in the consolidated statement of profit and loss in the period of de-recognition.

c Current versus non-current classification

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

The Group has identified twelve months as its operating cycle for determining current and non-current classification of assets and liabilities in the Balance sheet.

Deferred Tax Assets and liabilities are classified as non-current assets and liabilities.

d Financial Instruments

A Financial Instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and financial liabilities are initially measured at fair value with the exception of trade receivables that do not contain significant financing component or for which the Company has applied the practical expedient, the Company initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, the transaction cost. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the consolidated statement of profit and loss.

e Financial assets

Initial recognition and measurement

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis i.e. the date that the Group commits to purchase or sell the assets. Purchases or sales of financial assets that require delivery of assets within a timeframe established by regulation or convention in the market place (regular way trades).

Subsequent measurement

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Classification of Financial assets

Financial assets measured at amortised cost

Financial assets that meet the criteria for subsequent measurement at amortised cost are measured using effective interest method ("EIR") (except for debt instruments that are designated as at fair value through profit or loss on initial recognition).

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR.

Financial assets at fair value through other comprehensive income (FVTOCI)

Financial assets that meet the criteria for initial recognition at FVTOCI are remeasured at fair value at the end of each reporting date through other comprehensive income (OCI).

Financial assets at fair value through profit or loss (FVTPL)

Financial assets that do not meet the amortised cost criteria or FVTOCI criteria are remeasured at fair value at the end of each reporting date through profit and loss.

Impairment of Financial assets

The Group applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, trade receivables and other contractual rights to receive cash or other financial asset.

The Group measures the loss allowance for a Trade Receivables and Contract Assets by following 'simplified approach' at an amount equal to the lifetime expected credit losses ("ECL"). In case of other financial assets 12-month ECL is used to provide for impairment loss and where credit risk has increased significantly, lifetime ECL is used.

Derecognition of financial assets

On derecognition of a financial asset in its entirety, the difference between the

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in consolidated other comprehensive income and accumulated in equity, is recognised in the consolidated statement of profit and loss if such gain or loss would have otherwise been recognised in the consolidated statement of profit and loss on disposal of that financial asset.

f Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by the Group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. Compound financial instruments are separated into liability and equity components based on the terms of the contract.

Instrument entirely Equity in nature

Unsecured perpetual securities ("securities") are the securities with no fixed maturity or redemption and the same are callable only at the option of issuer. These securities are ranked senior only to the equity share capital of the Company and the issuer does not have any redemption obligation hence these securities are recognised as equity as per Ind AS 32.

Financial liabilities

Initial recognition and measurement

All financial liabilities are recognised initially at fair value and in the case of financial liabilities at amortised cost, net of directly attributable transaction costs.

Subsequent Measurement

For purposes of subsequent measurement, financial liabilities are classified under two categories:

- Financial liabilities at fair value through profit or loss
- Financial liabilities at amortised cost

Classification of Financial liabilities

Financial liabilities at fair value through profit or loss (FVTPL)

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition at fair value through profit or loss. Financial liabilities are classified as held for trading if these are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Group those are not designated as hedging instruments in hedge relationships as defined by Ind AS 109.

Gains or losses on liabilities held for trading are recognised in the profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. Subsequent changes in fair value of liabilities are recognised in the consolidated statement of profit and loss.

Fair values are determined in the manner described in note 'n'.

Financial liabilities measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item in the consolidated statement of profit and loss.

Derecognition of financial liabilities

On derecognition, the difference between the carrying amount of the financial liability derecognised and the consideration paid / payable is recognised in the consolidated statement of profit and loss. In case of derecognition of financial liabilities relating to promoters contribution, the difference

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

between the carrying amount of the financial liability derecognised and the consideration paid / payable is recognised in other equity.

Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a legally enforceable right (not contingent on future events) to off-set the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

Financial guarantee contracts

Financial guarantee contracts issued by the Group are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value through profit or loss, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

g Derivative financial instruments

The Group enters into a variety of derivative financial instruments to manage its exposure to interest rate and foreign exchange rate risks on borrowings / purchases, including foreign exchange forward contracts, interest rate swaps and cross currency swaps, Principal only Swap, coupon only swap etc. Further details of derivatives financial instruments are disclosed in note 52.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. The resulting gain or loss is recognised in the consolidated statement of profit and loss immediately, except for the effective portion of cash flow hedges, which is recognised in OCI and later reclassified to the consolidated statement of profit and loss.

h Hedge Accounting

The Group designates certain hedging instruments, which mainly includes derivatives in respect of foreign currency risk, as cash flow hedges.

At the inception of the hedge relationship, the Group formally designates and documents the relationship between the hedging instrument and hedged item, along with its risk management objectives and its strategy for undertaking various hedge transactions. Furthermore, at the inception of the hedge and on an ongoing basis, the Group documents whether the hedging instrument is highly effective in offsetting changes in fair value or cash flows of the hedged item attributable to the hedged risk.

Cash flow hedges

The Group uses forward currency contracts as hedges of its exposure to foreign currency risk in forecast transactions and firm commitments. The Group designates only the spot element of a forward contract as a hedging instrument. The forward element is recognised in OCI. The ineffective portion relating to foreign currency contracts is recognised in finance costs.

i Investments in associates

The financial statements of associates are prepared for the same reporting period as the Group. The accounting policies of both companies are aligned with those of the Group. Therefore, no adjustments are made when measuring and recognising the Group's share of the profit or loss of the investees after the date of acquisition.

The Group's investments in its associate is accounted for using the equity method of accounting as per Ind AS 28 "Investments in Associates and Joint Ventures". Under the equity method, on initial recognition, the investment in an associate is recognised at cost and the

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

carrying amount is increased or decreased to record the Group's share of net assets of the associate since the date of acquisition.

The Group's share in the Associate's profit or loss is recognised in the Group's consolidated statement of profit and loss.

j Inventories

Inventories are stated at the lower of cost or net realisable value after providing for obsolence and other losses where considered necessary. Costs include all non-refundable duties and all charges incurred in bringing the goods to their present location and condition. Cost is determined on First in First out (FIFO) for coal inventory and on weighted average basis for other than coal inventory. Net realisable value represents estimated selling price of inventories and in case of coal inventory, it also includes the tariff price recoverable from supply of power generated from usage of coal less all estimated cost necessary to make the sale.

k Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, that are readily convertible to a known amount of cash and subject to an insignificant risk of changes in value.

For the purpose of the consolidated statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Group's cash management.

l Business combinations and Goodwill

Acquisitions of business are accounted for using the acquisition method except business combination under common control. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition date fair values of the assets transferred by the Group, liabilities incurred by the Group to the former owners of the acquiree and the equity interest issued by the Group in exchange of control of the acquiree. Acquisition related costs are charged to the consolidated statement of profit and loss for the periods in which the costs are incurred and the services are received, with the exception of the costs of issuing debt or equity securities that are recognised in accordance with Ind AS 32 and Ind AS 109.

A business combination involving entities or businesses under common control is a business combination in which all of the combining entities or businesses are ultimately controlled by the same party or parties both before and after the business combination and the control is not transitory. The transactions between entities under common control are specifically covered by Ind AS 103. Such transactions are accounted for using the pooling-of-interest method. The assets and liabilities of the acquired entity are recognised at their carrying amounts of the Company's financial statements. No adjustments are made to reflect fair values or recognise any new assets or liabilities. The components of equity of the acquired companies are added to the same components within the Company's equity. The difference, if any, between the amounts recorded as share capital issued plus any additional consideration in the form of cash or other assets and the amount of share capital of the transferor is transferred to capital reserve and is presented separately from other capital reserves. The Company's shares issued in consideration for the acquired companies are recognised from the moment the acquired companies are included in these financial statements and the financial statements of the commonly controlled entities would be combined, retrospectively, as if the transaction had occurred at the beginning of the earliest reporting period presented.

Purchase consideration paid in excess / shortfall of the fair value of identifiable assets and liabilities including contingent liabilities and contingent assets, is recognised as goodwill / capital reserve respectively, except in case where different accounting treatment is specified in the court / National Company Law Tribunal ("NCLT") approved scheme.

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

However, the following assets and liabilities acquired in a business combination are measured at the basis indicated below:

- Deferred tax assets or liabilities, and liabilities or assets related to employee benefits arrangements are recognised and measured in accordance with Ind AS 12 "Income Taxes" and Ind AS 19 "Employee Benefits" respectively.
- Potential tax effects of temporary differences and carry forwards of an acquiree that exist at the acquisition date or arise as a result of the acquisition are accounted in accordance with Ind AS 12.

Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business less accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to each of the Group's cash-generating units (or groups of cash-generating units) that is expected to benefit from the synergies of the combination.

A cash-generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised directly in the consolidated statement of profit and loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

On disposal of the relevant cash-generating unit, the attributable amount of goodwill is included in the determination of the profit or loss on disposal.

m Foreign currency translations and transactions

In preparing the financial statements of the Group, transactions in currencies other than the entity's functional currency are recognised at the rate of exchange prevailing at the date of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in profit and loss in the period in which they arise except for exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings.

The Group has elected to continue the policy adopted for accounting for exchange differences arising from translation of long-term foreign currency monetary items outstanding and recognised in the financial statements for the period ending immediately before the beginning of the first Ind AS financial reporting period i.e. March 31, 2016 as per the previous GAAP.

n Fair value measurement

The Group measures financial instruments, such as, derivatives and mutual funds at fair value at each balance sheet date.

The Group's management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole :

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

- External valuers are involved for valuation of significant assets, such as unquoted financial assets and financial liabilities and derivatives.
- For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

o Government grants

The Group recognises government grants only when there is reasonable assurance that grant will be received, and all the attached conditions will be complied with. Where Government grants relates to non-monetary assets, the cost of assets is presented at gross value and grant significantly complied thereon is recognised as income in the consolidated statement of profit and loss over the useful life of the related assets in proportion in which depreciation is charged.

Grants related to income are recognised in the consolidated statement of profit and loss in the same period as the related cost which they are intended to compensate are accounted for.

p Contract Balances

Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional. Contract assets are subject to impairment assessment.

Trade receivables

A receivable represents the Group's right to an amount of consideration that is unconditional i.e. only the passage of time is required before payment of consideration is due and the amount is billable. (refer note 3(vii))

Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Group has received consideration from the customer. Contract liabilities are recognised as revenue when the Group performs obligations under the contract.

q Revenue recognition

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services.

Revenue is measured based on the transaction price, which is the consideration, adjusted for discounts and other incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes or other amounts collected from customers.

The disclosure of significant accounting judgements, estimates and assumptions relating to revenue from contracts with customers are provided in Note 3 (vi).

The specific recognition criteria described below must also be met before revenue is recognised.

i) Revenue from Power Supply

The Group's contracts with customers for the sale of electricity generally include one performance obligation. The Group has concluded that revenue from sale of electricity should be recognised at the point in time when electricity is transferred to the customer.

Revenue from operations on account of Force Majeure events / change in law events in terms of PPAs / SPPAs with customers (Power Distribution Utilities) is

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

accounted for by the Group based on the orders / reports of Regulatory Authorities, best management estimates, wherever needed and reasonable certainty to expect ultimate collection.

In case of PPA under section 62 of Electricity Act, 2003, revenue from sale of power is recognised based on the most recent tariff order approved by the CERC, as modified by the orders of Appellate Tribunal for Electricity ("APTEL"), to the extent applicable, having regard to mechanism provided in applicable tariff regulations and the bilateral arrangements with the customers. Where the tariff rates are yet to be approved, provisional rates are adopted considering the applicable CERC Tariff Regulations.

ii) **Sale of traded goods**

Revenue from the sale of traded goods is recognised at the point in time when control of the goods is transferred to the customers, which generally coincides with the delivery of goods.

iii) Carrying cost in respect of claims for change in law of taxes and duties, additional cost incurred on procurement of alternative coal and on other claims are recognised upon approval by relevant regulatory authorities, best management estimates and based on reasonable certainty to expect ultimate collection.

iv) Interest income is recognised on time proportion basis at the effective interest rate ("EIR") applicable.

v) Late payment surcharge on delayed payment for power supply is recognised based on receipt/collection from customers or on acceptance / acknowledgement by the customers whichever is earlier.

r Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, that necessarily take a substantial period of time to get ready for their intended use or sale, are capitalised as part of the cost of the asset, until such time as the assets are substantially ready for their intended use or sale. Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in the consolidated statement of profit and loss in the period in which they are incurred. Borrowing cost consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing cost.

s Employee benefits

i) **Defined benefit plans:**

The Group has obligations towards gratuity, a defined benefit retirement plan covering eligible employees (in some cases funded through Group Gratuity Scheme of Life Insurance Corporation of India). The Group accounts for the liability for the gratuity benefits payable in future and its classifications between current and non-current liabilities are based on an independent actuarial valuation carried out using Projected Unit Credit Method.

Defined benefit costs in the nature of current and past service cost and net interest expense or income are recognised in the consolidated statement of profit and loss in the period in which they occur. Remeasurement, comprising of actuarial gains and losses, the effect of changes to the asset ceiling (excluding amounts included in net interest or the net defined benefit liability) and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability) are recognised immediately in the balance sheet with corresponding debit or credit to retained earnings through OCI in the period in which it occurs. Remeasurement are not classified to the consolidated statement of profit and loss in subsequent periods. Past service

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

cost is recognised in the consolidated statement of profit and loss in the period of a plan amendment.

ii) **Defined contribution plan:**

Retirement Benefits in the form of Provident Fund and Family Pension Fund which are defined contribution schemes are charged to the consolidated statement of profit and loss for the period in which the contributions to the respective funds accrue as per relevant statues.

iii) **Compensated Absences:**

Provision for Compensated Absences and its classifications between current and non-current liabilities are based on independent actuarial valuation. The actuarial valuation is done as per the projected unit credit method as at the reporting date.

iv) **Short term employee benefits:**

These are recognised at an undiscounted amount in the consolidated statement of profit and loss for the year in which the related services are rendered.

t Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Group as lessor

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Rental income from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the Group's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

The Group as lessee

The Group recognises right-of-use assets and lease liabilities for all leases except for short-term leases and leases of low-value assets.

The Group applies the available practical expedients wherein it:

- Uses a single discount rate to a portfolio of leases with reasonably similar characteristics
- Relies on its assessment of whether leases are onerous immediately before the date of initial application
- Applies the short-term leases exemptions to leases with lease term that ends within 12 months at the date of initial application
- Excludes the initial direct costs from the measurement of the right-of-use asset at the date of initial application
- Uses hindsight in determining the lease term where the contract contains options to extend or terminate the lease

Right-of-use assets

The Group recognises right-of-use assets at the commencement date of the lease. (i.e., the date the underlying asset is available for use)

The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

lease incentives received. refer note (a) for useful life of right of use assets.

The right-of-use assets are also subject to impairment. refer note (y) for impairment of non-financial assets.

Lease Liability

The Group records the lease liability at the present value of the lease payments discounted at the incremental borrowing rate at the date of initial application and right of use asset at an amount equal to the lease liability adjusted for any prepayments/accruals recognised in the balance sheet. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

Subsequent measurement of lease liability

The lease liability is remeasured when there is change in future lease payments arising from a change in an index or a rate, or a change in the estimate of the guaranteed residual value, or a change in the assessment of purchase, extension or termination option. When the lease liability is measured, the corresponding adjustment is reflected in the right-of-use assets.

u Taxes on Income

Tax expense comprises current tax and deferred tax. These are recognised in the consolidated statement of profit and loss except to the extent that it relates to a business combination, or items recognised directly in equity or in other comprehensive income.

Current tax

Tax on income for the current period is determined on the basis of estimated taxable income and tax credits computed in accordance with the provisions of the relevant tax laws and based on the expected outcome of assessments / appeals. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is recognised for the future tax consequences of deductible temporary differences between the carrying values of assets and liabilities and their respective tax bases at the reporting date. Deferred tax liabilities are generally recognised for all taxable temporary differences except when the deferred tax liability arises at the time of transaction that affects neither the accounting profit or loss nor taxable profit or loss. Deferred tax assets are generally recognised for all deductible temporary differences, carry forward of unused tax credits and any unused tax losses, to the extent that it is probable that future taxable income will be available against which the deductible temporary differences and carry forward of unused tax credit and unused tax losses can be utilised, except when the deferred tax asset relating to temporary differences arising at the time of transaction affects neither the accounting profit or loss nor the taxable profit or loss. The carrying amount of deferred

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax assets to be recovered.

Deferred tax relating to items recognised outside the consolidated statement of profit and loss is recognised outside the consolidated statement of profit and loss (either in other comprehensive income or directly in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

The Group offsets deferred tax assets and deferred tax liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

When there is uncertainty regarding income tax treatments, the Group assesses whether a tax authority is likely to accept an uncertain tax treatment. If it concludes that the tax authority is unlikely to accept an uncertain tax treatment, the effect of the uncertainty on taxable income, tax bases and unused tax losses and unused tax credits is recognised. The effect of the uncertainty is recognised using the method that, in each case, best reflects the outcome of the uncertainty: the most likely outcome or the expected value. For each case, the Group evaluates whether to consider each uncertain tax treatment separately, or in conjunction with another or several other uncertain tax treatments, based on the approach that best prefixes the resolution of uncertainty.

v Earnings per share

Basic earnings per share is computed by dividing the profit / (loss) after tax (net off distribution on Perpetual Securities whether declared or not) by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax (net off distribution on Perpetual Securities whether declared or not) as adjusted for the effects of dividend, interest and other charges relating to the dilutive potential equity shares by weighted average number of shares plus dilutive potential equity shares.

w Provisions, Contingent Liabilities and Contingent Assets

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of amount cannot be made.

Contingent liabilities may arise from litigation, taxation and other claims against the Group. The contingent liabilities are disclosed where it is management's assessment that the outcome of any litigation and other claims against the Group is uncertain or cannot be reliably quantified, unless the likelihood of an adverse outcome is remote.

Contingent assets are not recognised but are disclosed in the notes where an inflow of economic benefits is probable.

A contingent liability recognised in a business combination is initially measured at its fair value. Subsequently, it is measured at the higher of the amount that would be recognised in accordance with the requirements for

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

provisions above or the amount initially recognised less, when appropriate, cumulative amortisation recognised in accordance with the requirements for revenue recognition.

x Provision for obligations incidental to land acquisition

Provision for obligations incidental to land acquisition includes expenditure on rehabilitation & resettlement (R&R) including the expenditure for providing community facilities, annuity, old age pension. The Group estimated the provision based on agreements with local / government authorities and are updated based on actuarial valuation.

y Impairment of non-financial assets

The Group assess, at each reporting date whether there is any indication that assets may be impaired. If any such indication exists, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit ("CGU")'s fair value less costs to disposal and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

In assessing value in use, the estimated future cash flows are discounted to their present values using a pre-tax discount rate that reflects current market assessment of the time value of money and the risks specific to the asset. In determining fair value less cost of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Group enters into transaction with suppliers that involves prepayment in conjunction with advances for goods and services wherein Group assesses at each reporting date whether goods against the advance is recoverable and if there is any indication, the asset may be provided.

Goodwill is tested for impairment annually and when circumstances indicate that the carrying value may be impaired.

The Group bases its impairment calculation on detailed budget and forecast calculations, which are prepared separately for each of the Group's cash-generating unit to which the individual assets are allocated. For longer periods, a long term growth rate is calculated and applied to project future cash flows. To estimate cash flow projections beyond periods covered by the most recent budget / forecasts, the Company estimates cash flow projections based on estimated growth rate.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the consolidated statement of profit and loss.

z Mine Development Expenditure :

i) Expenditure incurred towards coal mines under construction are capitalised to 'Coal Mines under construction' as long as they meet the capitalisation criteria and is presented as capital work-in-progress. Upon commencement of production stage, the 'Coal Mines under construction' is capitalised and presented as 'Mining Rights' under Intangible Assets except in situation when the Group decide to surrender its rights in mine and amount is classified as recoverable from Nominated Authorities.

ii) Mining Rights are amortised using unit-of-production method on the basis of proven and probable reserves on commencement of commercial production.

Mine Closure Obligations :

The liability for meeting the mine closure has been estimated based on the mine closure plan in the proportion of total area exploited to the total area of the mine as a whole. These costs are updated annually during the

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

life of the mine to reflect the developments in mining activities. The mine closure obligations are included in Mining Rights under Intangible assets and amortised based on unit of production method.

3 Significant accounting judgements, estimates and assumptions

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. The estimates and assumptions are based on historical experience and other factors that are considered to be relevant. The estimates and underlying assumptions are reviewed on an ongoing basis and any revisions thereto are recognised in the period of revision and future periods if the revision affects both the current and future periods. Uncertainties about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Key Sources of estimation uncertainty :

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. Existing circumstances and assumptions about future developments may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

i) Useful lives of property, plant and equipment

In case of the power plant equipments, where the life of the assets has been estimated at 25 years based on technical assessment, taking into account the estimated usage of the asset and the current operating condition of the asset, depreciation on the same is provided based on the useful life of each component based on technical assessment, if materially different from that of the main asset.

ii) Fair value measurement of financial instruments

In estimating the fair value of financial assets and financial liabilities, the Group uses market observable data to the extent available. Where such Level 1 inputs are not available, the Group establishes appropriate valuation techniques and inputs to the model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments. Information about the valuation techniques and inputs used in determining the fair value of various assets and liabilities are disclosed in note 56.

iii) Defined benefit plans (gratuity benefits)

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. Information about the various estimates and assumptions made in determining the present value of defined benefit obligations are disclosed in note 58.

iv) Impairment of non financial assets

For determining whether property, plant and equipment and goodwill are impaired, it requires an estimation of the value in use of the relevant cash generating units. The value in use calculation is based on a Discounted Cash Flow model over the estimated useful life of the Power Plants. Further, the cash flow projections are based on estimates and assumptions relating to tariff, change in law

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

claims, operational performance of the Plants, life extension plans, market prices of coal and other fuels, exchange variations, inflation, terminal value etc. which are considered reasonable by the Management. (refer note 51).

v) Taxes

Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies, including estimates of temporary differences reversing on account of available benefits under the Income Tax Act, 1961. (Also refer note 7).

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

vi) Income / Revenue

Revenue from Operations on account of Force Majeure / Change in Law events or Interest Income on account of carrying cost in terms of Power Purchase Agreements / Supplemental Power Purchase Agreements with various State Power Distribution Utilities is accounted for / recognised by the Group based on best management estimates following principles of prudence, as per the orders / reports of Regulatory Authorities, the Hon'ble Supreme Court of India ("Hon'ble Supreme Court") and the outstanding receivables thereof in the books of account have been adjusted / may be subject to adjustments on account of consequential orders of the respective Regulatory Authorities, the Hon'ble Supreme Court and final closure of the matters with the respective Discoms. (refer note 33 and 34).

In certain cases, the Group has claimed compensation from the Discoms based on management's interpretation of the regulatory orders and various technical parameters including provisional methodology for coal cost recovery, which are subject to final verification and confirmation by the respective Discoms, and hence, in these cases, the revenues have been recognised during various financial years / periods, on a prudent basis with conservative attributable parameters in the books. The necessary true-up adjustments for revenue claims (including carrying cost / delayed payment surcharge) are made in the books on final acknowledgement / regulatory orders / settlement of matters with respective Discoms or eventual recovery of the claims, whichever is earlier.

In case of Udupi TPP, Revenue from sale of power and other income is recognised upon judgement by the management for recoverability of the claims based on the relevant contractual terms / provisional tariff rates as provided by the regulator / governing tariff regulations, to the extent applicable, having regard to mechanism provided in applicable tariff regulations and the bilateral arrangement with the customers, which may be subject to adjustments in future years, on receipt of final orders of the respective Regulatory Authorities or final closure of the matter with the customers. (refer note 33 and 34).

vii) Classification of Trade Receivables :

In cases of circumstances / matters where there are pending litigations on regulatory matters / change in law claims, the classification of disputed / undisputed trade receivables is a matter of judgement based on facts and circumstances. The Group has evaluated the fact pattern and circumstances, including ongoing discussions with the Discoms, for each such regulatory matter pending to be adjudicated by the relevant authority.

In cases, where rule of law and principles of economic restitution have already been established by APTEL / Supreme Court in similar matters, the revenues are recognised on prudent and conservative technical parameters, significant amounts have been recovered already and the management does not perceive any downside risks in future on final adjudication by Supreme Court and

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

settlement of matter with Discoms, the related receivables are classified as undisputed.

In cases, where discussions with Discoms have not made reasonable progress and matters are sub-judice, the related receivables are classified as disputed, even though the management is reasonably confident of recovering the dues in full, backed by the regulatory orders in favour of the Group.

The management will continue to monitor the developments on regulatory claims.

viii) Mega Power Status :

One of the thermal power plant has availed exemption of customs / excise duty in pursuance to terms of the provisional mega power policy as notified by the Government of India. The Group has not recongnised for the reduction in cost to property, plant and equipment as a grant, pending compliance of terms of Mega Power Status which needs to be attained within 156 months, from the date of import of plant and equipment as per approval by the Ministry of Power ("MoP"), Government of India vide amendment dated April 07, 2022. The management is of the view that the Group will comply with the grant conditions within the specified time. The Group will recognise grant to the extent of the duty waiver availed in the year of receipt of final mega power status to said thermal power plant or corresponding liability if any on expiry of the timelines specified in the MoP approval.

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

4.1 Property, Plant and Equipment and Capital Work In Progress (refer note 51) (Contd...)

₹ In crore

Description of Assets	Property, Plant and Equipment										Capital Work In Progress (refer note (ix), (x) and (xi) below)
	Land - Freehold	Right of Use Assets (refer note (vi) below)	Buildings	Plant and Equipment (refer note (iii) below)	Furniture and Fixtures	Railway Sidings	Computer Hardware	Office Equipments	Vehicles	Total	
Carrying amount :											
As at March 31, 2023	1,085.39	818.77	1,811.22	46,543.73	17.38	178.80	27.59	42.82	18.10	50,543.80	12,879.54
As at March 31, 2024	1,174.94	782.52	1,989.79	58,393.14	20.79	337.33	34.59	60.24	19.37	62,812.71	925.12

i) For charge created on aforesaid assets, refer note 20 and 26.

ii) Certain projects of ₹ 31.44 crore (Previous year ₹ 33.97 crore) were provided for by the Group on account of impairment.

iii) The Group in respect of Mundra thermal power plant ("Mundra TPP") has availed tax and duty benefit in the nature of exemptions from Custom Duty, Excise Duty, Service Tax, VAT and CST on its project procurements. The said benefits were availed by virtue of SEZ approval granted to the Power Plant in December 2006, in terms of the provisions of the Special Economic Zones Act, 2005 (hereinafter referred to as the 'SEZ Act') and the Special Economic Zone Rules, 2006 which entitled the Power Plant to procure goods and services without payment of taxes and duties as referred above.

The Group in respect of Tiroda thermal power plants ("Tiroda TPP"), Kawai thermal power plants ("Kawai TPP") and Adani Power (Jharkhand) Limited ("APJL") have availed tax and duty benefit in the nature of exemptions from Custom Duty and Excise Duty on its project procurements. The said benefits were availed by virtue of power plants being designated as Mega Power Project in accordance with the policy guidelines issued in this regard by the Ministry of Power, Government of India which entitled Tiroda TPP, Kawai TPP and APJL to procure goods and services without payment of taxes and duties as referred above.

Since, the procurement of goods and services during the project period were done by availing the exemption from payment of aforesaid taxes and duties, the amount capitalised for these power plant as on the capitalisation date, is cost of property, plant and equipment (PPE) net off tax and duty benefit availed. However, on transition to IND - AS w.e.f. April 01, 2015 in compliance with Ind AS 20 – "Government Grant", the value of PPE of Mundra TPP, Kawai TPP, Tiroda TPP and APJL have been grossed up by the amount of tax and duty benefit / credit availed after considering such benefits as government grant. The amount of said government grant (net off accumulated depreciation) as on the transition date has been added to the value of PPE with corresponding credit made to the deferred government grant. The amount of grant is amortised over useful life of PPE along with depreciation on PPE. The amount of deferred liability is amortised over the useful life of the PPE with credit to statement of profit and loss classified under the head "Other Income".

The Group has Government grant balance (net) of ₹ 6,499.22 crore till March 31, 2024 (Previous year ₹ 4,487.33 crore).

iv) In case of the Company, APJL and Pench Thermal Energy (MP) Limited ("PTEMPL"), Depreciation of ₹ 3.71 crore, ₹ Nil and ₹ 1.54 crore (Previous year ₹ Nil, ₹ 2.67 crore and ₹ 0.88 crore) respectively relating to qualifying assets have been allocated to Capital Work in Progress.

v) Cost of Property Plant and Equipment includes carrying value recognised as deemed cost as of April 01, 2015, measured as per previous GAAP and cost of subsequent additions.

Capital Work In Progress	To be Completed in				
	Less than 1 year	1-2 Years	2-3 Years	More than 3 Years	Total
Railway Siding Project	-	59.16	-	-	**59.16**
Total	**-**	**59.16**	**-**	**-**	**59.16**

Note:

The capital assets in the nature of Railway Siding for Raigarh TPP forming part of Capital Work-In-Progress have become overdue compared to the original completion plan. The Company is in the process of acquiring additional land for completing the asset under development. The Management expects to acquire additional land from the government authorities and has already obtained in principle approval from railway authorities for the said project. Post acquisition of the additional land, the management will update the estimate and assumption of the original completion plan of the assets. Further, given that demand of power is expected to be higher compared with generation capacity available in the industry, the development of asset forming part of Capital Work-In-Progress will have economic viability for the Company. Further, in Current year the company is in advance stage in obtaining final approval of South East Central Railways to carry out development activities for the siding project. Also, the Company has paid advance of ₹ 37.60 crore to CSIDC for allotment of land.

e. Details of the project temporarily suspended as at March 31, 2024:

11 Trade Receivables

₹ In crore

Particulars	As at March 31, 2024	As at March 31, 2023
Secured, considered good	7,282.11	1,968.35
Unsecured, considered good	4,395.37	9,561.01
Trade Receivables which have significant increase in credit risk	-	-
Trade Receivables - Credit impaired	-	-
Total	**11,677.48**	**11,529.36**

Notes:

i) For charges created on Trade Receivables, refer note 20 and 26.

ii) **Credit concentration**

As at March 31, 2024, out of the total trade receivables 95.10% (Previous year - 93.81%) pertains to dues from State Electricity Distribution Companies under contractual agreement through Power Purchase Agreements ("PPAs") / Supplemental Power Purchase Agreement (SPPAs), claims under Force Majeure / Change in Law matters / Contractual Right, Carrying Cost thereof etc., (including 42.17% (Previous year - 1.27%) pertains to dues from Bangladesh Power Development Board ("BPDB")), 3.22% (Previous year - 4.39%) from related parties (refer note 69) and remaining receivables from others. Also refer note 3 relating to significant accounting judgements, estimates and assumptions for income / revenue recognition.

iii) **Expected Credit Loss (ECL)**

The Group is having majority of receivables against power supply from State Electricity Distribution Companies ("Discoms") which are Government undertakings and also includes dues from Bangladesh Power Development Board (BPDB) under contractual agreement through Power Purchase Agreements ("PPAs").

The Group is regularly receiving its normal power sale dues from Discom and in case of regulatory revenue claims, the same is recognised on conservative basis based on best management estimates following principles of prudence, as per the binding regulatory orders. In case of delayed payments apart from carrying cost on settlement of claims, the Group is entitled to receive interest as per the terms of PPAs / SPPAs. Hence they are secured from credit losses in the future.

iv) Trade receivables includes Customers' bills discounted of ₹ Nil. (Previous year - ₹ 1,192.50 crore)

v) Also refer note 33 for disclosures related to revenue and note 54 for ageing of receivables.

vi) The fair value of Trade receivables approximate the carrying value presented. (Also refer note 56)

	Closing Balance	**12.51**	**46.96**

Nature and purpose of reserves :

i) (a) Capital Reserve includes ₹ 359.80 crore created due to amalgamation of Growmore Trade and Investment Private Limited with the Company in the financial year 2012-13. As per the order of the Hon'ble High Court of Gujarat, the capital reserve created on amalgamation shall be treated as free reserve of the Company.

(b) Capital reserve of ₹ 1,029.60 crore was created on acquisition of Raipur TPP and Raigarh TPP during the financial year 2019-20.

(c) Capital reserve of ₹ 378.92 crore was created on acquisition of subsidiary namely, Mahan Energen Limited during the financial year 2021-22.

ii) Securities premium represents the premium received on issue of shares over and above the face value of equity shares. The reserve is available for utilisation in accordance with the provisions of the Companies Act, 2013.

iii) General reserve of ₹ 9.04 crore was created in the FY 2015-16 due to merger of solar power undertaking acquired from Adani Enterprises Limited, as per the scheme of arrangement approved by order of the Hon'ble High Court of Gujarat.

iv) Deemed equity contribution represents the difference between the fair value of financial instruments and consideration paid / payables as promoters' contribution.

v) Retained earnings represent the amount that can be distributed as dividend considering the requirements of the Companies Act, 2013. During the year, no dividends are distributed to the equity shareholders by the Company.

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

19 Other Equity (Contd...)

vi) The cash flow hedge reserve represents the cumulative gains or losses arising on changes in fair value of designated effective portion of hedging instruments entered for cash flow hedges. The same will be recycled to statement of profit and loss only when the hedged transaction affects the profit or loss.

vii) During the previous year, Mahan Energen Limited ("MEL") wholly owned subsidiary of the Company and Raipur TPP, since merged, have received consent letters from Emerging Market Investment DMCC and Adani Global DMCC respectively, being related parties of the Group for waiver of assigned interest free External Commercial Borrowings ("ECBs"). Since the ECBs were accounted at fair value on initial recognition on acquisition of MEL and Raipur TPP, the outstanding portion of debt component of ₹ 893.84 crore in MEL and ₹ 179.17 crore in Raipur TPP have been accounted as equity contribution in the books of the respective Companies.
