50 The National Green Tribunal ("NGT") in a matter relating to non-compliance of environmental norms relating to Udupi TPP directed the Company vide its order dated 14th March, 2019, to make payment of ₹5.00 Crores as an interim environmental compensation to Central Pollution Control Board ("CPCB"), which was deposited by the Company with CPCB under protest, in April 2019 and expensed the same in the books.

NGT vide its order dated 31st May, 2022 settled the matter and directed the Company to deposit an additional amount of ₹47.02 Crores with CPCB within 3 months from the date of order. The Company has recognised expense provision in the books of ₹47.02 Crores on conservative basis. The Company has filed petition with the Hon'ble Supreme Court dated 26th August, 2022 against the above referred NGT order. The Udupi TPP continues to operate in compliance with all the conditions under Environment Clearance as at reporting date.

51 (a) In respect of Power Purchase Agreement ("PPA / SPPA") for Bid 2 with Gujarat Urja Vikas Nigam Limited ("GUVNL"), for supply of 1,234 MW power through Mundra TPP (as amended), the Hon'ble Supreme Court, vide its order dated 2nd July, 2019, had allowed appeal filed by the Company, for termination of long term PPA / SPPA with retrospective effect from the date of PPA i.e. 2nd February, 2007 and allowed the Company to claim compensatory tariff. Till reporting period ended 31st December, 2021, GUVNL was in appeal in the matter with Hon'ble Supreme Court and had filed the curative petition.

On 3rd January 2022, a settlement deed was entered between the Company and GUVNL to resolve all pending matters / disputes relating to Bid 1 & Bid 2 and as per the Settlement deed followed by Supplemental Power Purchase Agreement dated 30th March, 2022, GUVNL approached CERC to determine the base energy tariff rates for power sales under Bid 1 & Bid 2 SPPAs, with retrospective effect from 15th October, 2018, for submission to the Government of Gujarat ("GoG"). CERC vide its order dated 13th June 2022 recommended the base energy tariff rates for final approval of GoG which is pending as on reporting date. CERC order allows the Company and GUVNL to mutually agree on adoption of six monthly or monthly escalation index to apply over base energy tariff rate as on October 2018 for determination of subsequent period energy rates. Pending approval of the base energy tariff rate by GoG and the mutual agreement between the Company and GUVNL on methodology for escalation index, the Company has made adjustments in the revenue of ₹269.09 Crores based on prudent principles with conservative parameters. Presently, revenue in this matter has been recognised based on pass through of coal cost in a prudent and consistent basis as concluded through Supplemental Agreement dated 30th March, 2022.

(b) On 28th February 2023, a Supplemental Power Purchase Agreements ("SPPA") has ben signed with Dakshin Haryana Bijli Vitaran Nigam Limited and Uttar Haryana Bijli Vitaran Nigam Limited (collectively "Haryana DISCOMs") in respect of its two existing Power Purchase Agreements ("PPA") of net contracted capacity of 712 MW each (1424 MW in aggregate at Generation end). Under the terms of the SPPAs, the net capacity contracted with Haryana DISCOMs has been reduced to 600 MW each, or 1200 MW in aggregate, as delivered. This development allowed the Company to schedule power supply to Haryana DISCOMs using two dedicated Units of 660 MW each instead of all three units of Phase IV of Mundra TPP. This will also allow efficient recovery of alternate fuel costs in case of demand from Haryana DISCOMs exceeds domestic coal availability under the FSA. Further on 14th April, 2023, the Company has entered into long term PPA of 360 MW with MPSEZ Utilities Limited ("MUL") to be supplied from third unit of Mundra TPP Phase-IV.

51 (Contd.)

In respect of Mundra TPP, the Company has claimed tariff compensation claim (including carrying cost thereon) for additional cost incurred related to power generation against 1424 MW of Power Purchase Agreement due to shortfall in domestic coal based on supplies under Fuel Supply Agreements with Collieries of Coal India Limited's subsidiaries, against power supplied to Haryana Discoms based on favourable CERC Order dated 31st May, 2018 and 13th June, 2019 duly upheld by APTEL order dated 3rd November, 2020 and 30th June, 2021. However, Haryana Discom had filed an appeal with the Hon'ble Supreme Court against the aforesaid order of APTEL although the Company had recognised revenue supported by favourable order in respect of similar other matters. The Hon'ble Supreme Court after issuing interim relief order dated 16th February, 2021 passed its final orders dated 20th April, 2023 upheld all the matters which were concluded in the APTEL order towards tariff compensation claims relating to NCDP and SHAKTI policy respectively. Based on final order of Hon'ble Supreme Court, there is no significant change in tariff compensation claims recognised on best estimate as per the orders of CERC / APTEL and management expects to fully realise outstanding balances of such claims from the discom.

The management believes that with majority of the tariff compensation claim issues relating to GUVNL and Haryana Discoms have been resolved, over a foreseeable future Mundra TPP of the Company would be able to establish profitable operations and meet its performance and financial obligations. Hence, based on the assessment of value in use of Mundra TPP, no provision / adjustment is considered necessary to the carrying value of its Mundra TPP related property, plant and equipment aggregating to ₹16,200.47 Crores as at 31st March, 2023.

(c) The Group has determined the recoverable amounts of the Power Plants (including goodwill allocated to respective Power Plants) over their useful lives based on the Cash Generating Units ("CGUs") identified, as required under Ind AS 36, Impairment of Assets on the basis of their Value in Use by estimating the future cash inflows over the estimated useful life of the Power Plants. Further, the cash flow projections are based on estimates and assumptions relating to tariff, operational performance of the Plants, availability of domestic coal under fuel supply agreement / coal linkage as per the directives of Competent Authority, life extension plans, market prices of coal and other fuels, exchange variations, inflation, terminal value etc. which are considered reasonable by the Management.

On a careful evaluation of the aforesaid factors, the Management of the Group has concluded that the recoverable value of such CGUs individually is higher than their respective carrying amounts as at 31st March 2023. However, if these estimates and assumptions were to change in future, there could be corresponding impact on the recoverable amounts of the Plants.

52 GUVNL vide its letter dated 21st May, 2021 has raised certain claims on the Company for excess energy injected during the period 1st April, 2017 to 31st October, 2020 from the 40 MW solar power plant at Bitta in terms of the power purchase agreement and has withheld ₹72.10 Crores against power supply dues in the previous year. GERC vide its order dated 3rd November, 2022 in the matter accepting the petition of the Company in the said matter and directed GUVNL to make payment of the amount withheld within three months from the date of order along with late payment surcharge as per PPA. However, GUVNL has filed an appeal with APTEL against the said order of GERC and the matter is pending adjudication. The management, based on GERC order, expects favourable outcome in the matter. As per interim order of APTEL, the Company has already received ₹51.75 Crores being 75% of the withheld amount subject to outcome of appeal with APTEL. The Management expects favourable resolution of this matter and is

54 Financial Risk Management Objective and Policies :

The Group's risk management activities are subject to the management direction and control under the framework of Risk Management Policy as approved by the Board of Directors of the Company. The Management ensures appropriate risk governance framework for the Group through appropriate policies and procedures and the risks are identified, measured and managed in accordance with the Group's policies and risk objectives.

In the ordinary course of business, the Group is exposed to Market risk, Credit risk and Liquidity risk.

(i) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and commodity risk.

a) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the part of Group's debt obligations with floating interest rates.

The Group manages its interest rate risk by having a mixed portfolio of fixed and variable rate loans and borrowings. To manage this, the Group enters into interest rate swaps, in which it agrees to exchange, at specified intervals, the difference between fixed and variable rate interest amounts calculated by reference to an agreed upon notional principal amount.

The sensitivity analysis have been carried out based on the exposure to interest rates for instruments not hedged against interest rate fluctuation at the end of the reporting period. The said analysis has been carried out on the amount of floating rate liabilities outstanding at the end of the reporting period. The year end balances are not necessarily representative of the average debt outstanding during the year. A 50 basis point increase or decrease represents management's assessment of the reasonably possible change in interest rates.

In case of fluctuation in interest rates by 50 basis points on the exposure of borrowings (having fluctuating rates i.e. exposed to changes in rates) of ₹21,985.47 Crores as on 31st March, 2023 and ₹24,815.86 Crores as on 31st March, 2022 respectively and if all other variables were held constant, the Group's profit or loss for the year would increase or decrease as follows:

	For the year ended 31st March, 2023	For the year ended 31st March, 2022
Impact on Profit or Loss before tax for the year	109.93	124.08
Impact on Equity	109.93	104.30

b) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign exchange rates relates primarily to the Group's operating activities and borrowings. The Group manages its foreign currency risk by hedging transactions that are expected to realise in future. The Group manages its foreign currency risk by entering into currency swap for converting INR loan into other foreign currency for taking advantage of lower cost of borrowing in stable currency environment. The Group also enters into various foreign exchange hedging contracts such as forward covers, swaps, options etc. to mitigate the risk arising out of foreign exchange rate movement on foreign currency borrowings or trade payables.

Every one percentage point depreciation / appreciation in the exchange rate between the Indian rupee and U.S.dollar on the unhedged exposure of $ 234.08 million as on 31st March, 2023 and $ 353.40 million as on 31st March, 2022 would have affected the Group's profit or loss for the year as follows:

Impact on Profit or Loss before tax for the year (net of amounts capitalised under Property, Plant and Equipment)	19.23	26.79
Impact on Equity	16.38	26.77

c) Commodity price risk

The Group is affected by the price volatility of coal prices, including imported coal, which is moderated by optimising the procurement under fuel supply agreement and getting compensated under long term power purchase agreements. Its operating / trading activities require the on-going purchase for continuous supply of coal and other commodities. Therefore the Group monitors its purchases closely to optimise the procurement cost

(ii) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss.

The Group is having majority of receivables from State Electricity Boards which are Government undertakings and have interest clause on delayed payments and hence they are secured from credit losses in the future.

(iii) Liquidity risk

The Group monitors its risk of shortage of funds using cash flow forecasting models. These models consider the maturity of its financial investments, committed funding and projected cash flows from operations. The Group's objective is to provide financial resources to meet its business objectives in a timely, cost effective and reliable manner and to manage its capital structure. A balance between continuity of funding and flexibility is maintained through internal accruals as well as adequately adjusting the working capital cycle and additional support from promoter group companies on need basis.

73 Recent Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On 31st March, 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from 1st April, 2023, as below:

Ind AS 1 – Presentation of Financial Statements

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. The Group does not expect this amendment to have any significant impact in its financial statements.

Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Group does not expect this amendment to have any significant impact in its financial statements.

Ind AS 12 – Income Taxes

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Group does not expect this amendment to have any significant impact in its financial statements.

74. The Group does not have any transaction to report against the following disclosure requirements as notified by MCA pursuant to amendment to Schedule III:

1. Crypto Currency or Virtual Currency
2. Benami Property held under Benami Transactions (Prohibition) Act, 1988 (45 of 1988)
3. Registration of charges or satisfaction with Registrar of Companies
4. Related to Borrowing of Funds:
   - i. Wilful defaulter
   - ii. Utilization of borrowed fund and share premium
   - iii. Discrepancy in utilization of borrowings
   - iv. Discrepancy in information submitted towards borrowings obtained on the basis of security of current assets

Note 7: Availing Fly Ash Utilization / Disposal Services

Ministry of Environment, Forest & Climate Change (MoEF&CC) has mandated that Thermal power plants are required to utilize / dispose 100% Ash generated and prescribed procedure for its Enforcement, Monitoring, Audit and Reporting. The thermal power plant shall achieve average Ash utilization of 100 per cent in a three-to-five-year cycle as applicable. Non-compliant thermal power plants shall be imposed with an Environmental Compensation of Rs. 1000 per ton on unutilized Ash.

Tiroda TPP is expected to generate approx. 5 MMT of Fly Ash every year for which no assured long term commercial customers are available. Consistent Utilization of Fly Ash generated requires costs relating to new capex for infrastructure pertaining to storage, loading, transportation, silos, bagging, manpower, etc.

To meet the aforesaid statutory obligation of Fly Ash utilization with full certainty, mitigate the risks associated with non-utilization of Fly Ash and also to avoid any new CAPEX, the Company proposes to enter into a long term agreement for 10 years, which may be extended for a further period of 10 years with mutual consent, for Fly Ash utilization / disposal on "As is Where Is basis" from its Tiroda TPP. Accordingly, the Company initiated competitive bidding process wherein it has received the lowest bid of Rs 380 per ton towards cost of such utilization / disposal of Fly Ash from DLT LLP for the said services. The utilization / disposal cost will have an annual price escalation linked to the Wholesale Price Index("WPI").

If required DLT LPP will also be directed to utilize the legacy Fly Ash at the same rate as derived above. The pricing of the transaction has been decided through a competitive bidding process. Hence, the said transaction is at arm's length and in the normal course of business. Though the transaction value is not material as per the extant regulation but considering this being a long-term contract with a related party for good governance practice, the company seeks the approval of its shareholders.

The Board recommends passing of the Ordinary Resolutions as set out in Item nos. 5, 6, 7, 8, 9, 10, 11, 12 and 13 of this Notice, for approval by the Members of the Company.

As per the SEBI Listing Regulations, all related parties of the Company, whether or not a party to the proposed transaction(s), shall abstain from voting on the said resolution.

None of the Directors, Key Managerial Personnel of the Company and their respective relatives, are in any way, concerned or interested, financially or otherwise, in the proposed Ordinary Resolution, as set out in Item no. 14 of this Notice.

For Item No. 15 & 16

The Hon'ble National Company Law Tribunal, Bench at Ahmedabad ("NCLT") has pronounced its order on February 8, 2023, sanctioning the Scheme of Amalgamation of: (i) Adani Power Maharashtra Limited ("APML"); (ii) Adani Power Rajasthan Limited ("APRL"); (iii) Udupi Power Corporation Limited ("UPCL"); (iv) Raipur Energen Limited ("REL"); (v) Raigarh Energy Generation Limited ("REGL"); and (vi) Adani Power (Mundra) Limited ("APMuL") [collectively referred to as the "Transferor Companies"] with Adani Power Limited ("APL" or the "Transferee Company") [the "Scheme"] with effect from October 1, 2021, the Appointed Date as defined under the Scheme, pursuant to the provisions of Sections 230 – 232 and/or other applicable provisions of the Companies Act, 2013 (read with the rules and regulations made thereunder and shall include any statutory modification or re-enactment thereof for the time being in force) and in accordance with Section 2(1B) of the Income Tax Act, 1961.

All the conditions stated under the Scheme for making it effective have been satisfied on March 7, 2023, and accordingly the Scheme became effective from the said date.

Consequently, the Transferor Companies, i.e. APML, APRL, UPCL, REL, REGL, and APMuL stand amalgamated with APL. The Transferor Companies upon such amalgamation stand dissolved without being wound up, without any further act or deed.

In view of this, in order to cater to the business requirements for consolidated business of all the seven companies, the Board at its meeting held on 5th May, 2023, has approved to increase the present borrowing limits from Rs. 45,000 Crore to Rs. 75,000 Crore under Section 180(1) (c) of the Companies Act, 2013 subject to approval of the shareholders.

In accordance with the provisions of Section 180 (1) (a) of the Companies Act, 2013, the mortgage or charge on all or any part of the movable and/or immovable properties of the Company, may be deemed as the disposal of the whole, or substantially the whole, of the undertaking of the Company and hence, requires approval from the members of the Company by way of a Special Resolution. Therefore, it is proposed to pass this enabling resolution to authorize the Company to create a charge or mortgage on the assets or properties of the Company for an amount not exceeding Rs. 75,000 Crore thereof, in excess of the aggregate of the paid-up capital of the Company and its free reserves.

The Board recommends passing of the Special Resolution as set out in Item no. 15 & 16 of this Notice, for approval by the Members of the Company.

None of the Directors, Key Managerial Personnel of the Company and their respective relatives, are in any way, concerned or interested, financially or otherwise, in the proposed Special Resolution, as set out in Item no. 15 & 16 of this Notice.

For Item No. 17:

In line with the regulatory changes in the recent past, the changes in the Companies Act and in line with various directives issued by Reserve Bank of India, from time to time, the Company has been advised to pass a Special Resolution under Section 62(3) of the Companies Act, 2013 and other applicable provisions of the Companies Act, 2013 and Rules made there-under to enable the Banks and Financial Institutions (hereinafter referred to as the "Lenders") to convert the outstanding loans or any other financial assistance categorized as loans (hereinafter referred to as the "Financial Assistance"), in foreign currency or Indian Rupee, already availed from the Lenders or as may be availed from the Lenders, from time to time, at their option, into equity shares of the Company upon such terms and conditions as may be deemed appropriate by the Board and at a price to be determined in accordance with the applicable Securities and Exchange Board of India Regulations (SEBI Regulations) at the time of such conversion.

The Company had earlier passed requisite resolution under the said section, but due to proposed increase in the borrowing powers (as contemplated in Item no 15 & 16 of this Notice), it is desirable to enhance the limit of the threshold amount under this section also in line with the fresh borrowing limit envisaged from the shareholders of the Company under this Notice.

Accordingly, the Board recommends the resolution as set out at Item No. 17, to enable the Lenders, in terms of the lending arrangements, entered/to be entered, and as may be specified by the financial institutions/banks under the financing documents already executed or to be executed in respect of the financial assistances availed/to be availed, at their option, to convert the whole or part of their respective outstanding financial assistances into equity shares of the Company, upon such terms and conditions as may be deemed appropriate by the Board and at a price to be determined in accordance with the applicable SEBI Regulations at the time of such conversion.

Since decisions for raising the financial assistances or agreeing to terms and conditions for raising the financial assistances (including option to convert loan into equity) are required to be taken on quick basis, especially keeping in view the interest of the Company, it may not be feasible for the Company to seek shareholders consent each and every time, in view of the timings and the expenses involved, hence this resolution.

Pursuant to provisions of Section 62(3) of the Companies Act, 2013, this resolution requires approval of the members by way of passing of a Special Resolution. Hence, the Board recommends the said enabling resolution for the approval of the members.

The Board recommends passing of the Special Resolution as set out in Item no. 17 of this Notice, for approval by the Members of the Company.

None of the Directors, Key Managerial Personnel of the Company and their respective relatives, are in any way, concerned or interested, financially or otherwise, in the proposed Special Resolution, as set out in Item no. 17 of this Notice.
